ABOUT BTB

BTB is a real estate investment trust listed on the Toronto Stock Exchange with properties located in primary markets of the provinces of Québec, Ontario, Alberta, and Saskatchewan including 73 industrial, off-downtown core office, and necessity-based retail properties totaling more than 5.9 million square feet. BTB's total asset value is approximately \$1,179 million (as of December 31, 2022).

OBJECTIVES

The Trust's primary objective is to maximize the total return to unitholders. Returns include cash distributions and long-term appreciation of the value of its units.

1. Generate stable monthly cash distributions that are reliable and fiscally beneficial to unitholders;
2. Grow the Trust's assets through internal growth and accretive acquisitions to fund distributions; and
3. Optimize the value of its assets through dynamic management of its properties to maximize the long-term value of its properties.

Letter from the Chair

Dear Unitholders,

On behalf of the Board of Trustees, I am pleased to welcome you to BTB's annual meeting of unitholders. The annual meeting is an opportunity to keep you informed on the decisions made and actions taken during the year by the Board of Trustees, management, and all of our employees to maximize our results based on our corporate strategy. Throughout 2022 and through each of our actions, the interests of unitholders have been our top priority.

The year 2022 was marked by a turbulent economic context, with skyrocketing inflation and a notable rise in interest rates. Despite these challenges and headwinds, BTB has had a most satisfying year. Our results bear this out. We have indeed ended the 2022 financial year in much better financial health than the previous year. Our investment strategy is the best example of great achievements over the past year. The recycling of capital in favor of the acquisition of industrial properties (by reinvesting the proceeds from buildings with low potential), the integration of new business intelligence systems, and the launch of a website that reflects BTB's ambitions, are all gestures and decisions that have had a decisive impact on the good performance of our portfolio.

The geographic diversification of our portfolio has remained at the heart of our actions aimed at generating sustainable returns for you and creating long-term value. Our strategic plan continues, allowing us to occupy a growing place in the industrial sector across Canada. Our recent performance positions us very well against our competitors as we reach the end of the first quarter of 2023.

As for the Board of Trustees, its members continued their excellent work. Note the commitment and contribution of each member of the Board who, through their vast experience, sense of responsibility and good judgment, have made it possible to draw up and put into practice the guidelines for the continuous growth of BTB's returns. With regret, we nevertheless accepted the resignation of one of our trustees Mr. Daniel Fournier who accepted an important challenge in another organization at the beginning of 2023. We are extremely grateful for his participation in the growth of BTB over the past two years. We wish him the greatest success for this new chapter in his career.

We are continuing our efforts to improve our sustainability initiatives. Key highlights include aligning our long-term business objectives with unitholder interests by tying 7% of our Executive bonuses to the development of a structured sustainability program (measures and ESG criteria) which will be further refined in 2023.

I would like to end by thanking our unitholders who continue, year after year, to believe in our vision and our commitment to manage BTB in a prudent but profitable manner. We are working hard to maintain this relationship of trust. I would also like to thank all of our teams, without whom such results would not be possible.

The Annual Meeting provides you with an opportunity to learn about and participate in important matters about the future of BTB. If you are unable to attend the Annual Meeting, please refer to your enclosed proxy or to the voting instruction form and the "Management Solicitation" section of the accompanying Information Circular for further information on how to ensure that your vote is recorded. Unitholders are encouraged to visit BTB's website at any time prior to the Meeting as it provides useful information about the Trust. The Board of Trustees and management look forward to your participation at the Annual Meeting and thank you for your continued support.

Sincerely,

Jocelyn Proteau, Chair of the Board and Trustee of BTB Real Estate Investment Trust

MANAGEMENT SOLICITATION

Solicitation of Proxies

This Circular is furnished in connection with the solicitation of proxies by and on behalf of the management of BTB for use at the annual and extraordinary meeting of the Unitholders of BTB to be held on June 12, 2023, and at any adjournment thereof for the purposes set out in the notice of meeting attached hereto (the “Notice”).

The management of BTB is soliciting the proxy of Unitholders for use at the Meeting. It is expected that the solicitation will be made primarily by mail, but proxies may also be solicited personally or by telephone by employees of BTB or a proxy solicitation agent. BTB has retained TMX Investor Solutions Inc. as proxy solicitation agent to assist us at a customary fee. Any questions or queries can be directed to TMX Solutions Inc. toll-free at 1-866-521-4425, (outside of North America at 201-806-7301) or by email at INFO_TMxis@tmx.com.

Except where otherwise indicated, the information contained herein is given as of May 8, 2023. The Board of Trustees of BTB has, by resolution, set the close of business on May 8, 2023, as the record date, namely the date to determine which registered securityholders shall be entitled to receive Notice of the Meeting and to vote thereat.

Appointment and Revocation of Proxies

A form of proxy is appended hereto and, if you do not intend to attend the Meeting, you are asked to complete and to return it in the envelope enclosed herewith. The proxy must be signed by the Unitholder or by his representative duly authorized in writing. The proxies to be used at the Meeting are to be delivered to our transfer agent, Computershare Investor Services Inc., Montreal, Québec, or Toronto, Ontario, or deposited with the President and Chief Executive Officer of BTB, at his office located at 1411 Crescent Street, Suite 300, Montréal, Québec, H3G 2B3, no later than the second to last business day prior to the day of the Meeting or any adjournment thereof, or with the Chair of the Meeting, on the day of the Meeting or any adjournment thereof, or in any other manner authorized by law.

The persons designated in the form of proxy attached hereto are Trustees or members of the senior management (the “**Executive Officers**”) of BTB. **Instead of the persons designated in the form of proxy, you may appoint a proxy (who need not be a Unitholder) to attend the Meeting and act thereat on your behalf, by inserting the name of this other proxy whom you wish to appoint in the space provided therefor on the form of proxy and by striking out the names printed thereon or otherwise using another appropriate form of proxy.**

If you grant a proxy in accordance with this solicitation, you may revoke it with respect to any matter which has not been voted upon in accordance with the authorization provided for therein by way of an instrument in writing bearing your signature or that of your authorized representative to be delivered to the office of BTB, no later than the second to last business day prior to the day of the Meeting or any adjournment thereof at which the proxy is to be used, or to the Chair of the Meeting, on the day of the Meeting or any adjournment thereof, or in any other manner authorized by law.

Exercise of Discretion of Proxies

The persons named in the form of proxy attached hereto shall vote the units of BTB (the “**Units**”) in respect of which they have been appointed in accordance with the instructions of the Unitholders. **Unless contrary instructions shall be given, it is expected that the Units represented by the proxies received by management shall be voted, during any ballot, FOR (i) the election on an individual basis of each of the Trustees whose names appear in this Circular; (ii) the renewal of the appointment of the independent auditors whose compensation shall be set by the Trustees; (iii) the renewal for a 3-year period of the Unitholders’ Right Plan; and (iv) the amendments of the Employee Unit Purchase Plan.**

The form of proxy confers discretionary authority upon the persons named therein with respect to matters not set out in the Notice but which may be duly come before the Meeting or any adjournment thereof and with respect to amendments or variations of the items appearing in the Notice. At the date hereof, the Trustees are not aware of any amendment or variation, nor any other item of this nature which may come before the Meeting, except for those which are set out in the Notice and routine matters which are ancillary to the conduct of the Meeting. Should any other matter be duly brought before the Meeting, it is expected that the persons appointed as proxies will vote on these matters as they deem appropriate at the time.

Exercise of Voting Rights

The information set forth in this section is of significant importance to the public Unitholders of BTB, as many Unitholders do not hold Units in their own name. Only Unitholders of record of BTB holding Units in their own name or persons they have appointed as proxies shall be authorized to vote at the Meeting. Most Unitholders of BTB are “non-registered” Unitholders (“**Non-Registered Unitholders**”) since the Units which they beneficially own are not registered in their own name. Should your Units not be registered in your own name but be so registered in the name of an “intermediary/broker” (such as, *inter alia*, a bank, a trust company, a securities dealer or broker, administrator or trustee of savings plan or a clearing agency such as CDS Clearing and Depository Services Inc. (or registration name CDS & Co.)), the intermediary/broker shall seek your instructions with respect to the voting of the Units and you shall be required to follow the instructions provided by your intermediary/broker, including those with respect to the time and place of delivery of the form of proxy.

The majority of intermediaries/brokers however delegate responsibility for obtaining instructions from clients to Broadridge Investor Communications Solutions (“**Broadridge**”). Broadridge typically prepares a special voting instruction form, mails those forms to the Non-Registered Unitholders and asks for and provides appropriate instructions respecting the voting of Units to be represented at the Meeting. Broadridge is required to forward the Meeting documents to the Non-Registered Unitholders unless a Non-Registered Unitholder shall have waived his entitlement to receive them. A Non-Registered Unitholder receiving a voting instruction form cannot use the form to vote Units directly at the Meeting. The voting instruction form must be returned to Broadridge well in advance of the Meeting in order to have the Units voted.

Such procedures are intended to enable the Unitholders to provide instructions with respect to the voting of the Units. All Unitholders are required to carefully follow the instructions set out herein or those provided in the form of proxy or by their intermediary/broker or Broadridge, as the case may be, including those instructions with respect to the delivery of the form of proxy or of the voting instructions and with respect to the time and place of voting. Units held by intermediaries or nominees can be voted for or against resolutions only upon the instructions of the Non-Registered Unitholder. Without specific instructions, the intermediaries or nominees are prohibited from voting the Units for their clients. If you are a Non-Registered Unitholder and wish to vote in person at the Meeting, please contact your intermediary/broker well in advance of the Meeting to determine how you can do so.

How to Vote

1. Form of Proxy

Every holder has the right to appoint some other person or company of their choice, who need not be a holder, to attend and act on their behalf at the meeting or any adjournment or postponement thereof. If you wish to appoint a person or company other than the Trustee Nominees whose names are printed on the form, please insert the name of your chosen proxyholder in the space provided on the form.

If the securities are registered in the name of more than one owner (for example, joint ownership, trustees, executors, etc.), then all those registered should sign the form of proxy. If you are voting on behalf of a corporation or another individual, you may be required to provide documentation evidencing your power to sign your proxy with signing capacity stated.

The securities represented by your proxy will be voted as directed by the holder, however, if such a direction is not made in respect of any matter, and the proxy appoints the Trustee Nominees listed on the reverse, your proxy will be voted as recommended by Management.

Proxies submitted must be received by 5:00p.m. Eastern Time on June 8, 2023.

2. Voting Instruction Form (“VIF”)

Your VIF should be signed by you in the exact manner as your name appears on the VIF. If these voting instructions are given on behalf of a body corporate set out the full legal name of the body corporate, the name and position of the person giving voting instructions on behalf of the body corporate and the address for service of the body corporate.

VIFs submitted must be received by 5:00p.m. Eastern Time on June 8, 2023.

Interest of Certain Persons in Matters to be Acted Upon

To the knowledge of the Trustees and the Executive Officers of BTB, except as set out herein and except insofar as they may be Unitholders of BTB, no Trustee or Executive Officer of BTB, nor any proposed nominee for election to the office of Trustee of BTB, nor any associate or affiliate of the foregoing persons, has a material interest, directly or indirectly, by way of beneficial ownership or otherwise, in the matters to be acted on at the Meeting.

Voting Securities and Principal Holders Thereof

The beneficial interests in BTB are divided into a single class of Units. Each Unit represents an equal undivided beneficial interest in any distribution from BTB and in any assets of BTB remaining in the event of termination or winding-up thereof. Each Unit entitles the holder thereof to one vote on all matters to be acted upon at the Meeting.

Special Voting Units have no economic entitlement in the Trust or the distribution of assets of the Trust but entitle the holder to one vote per Special Voting Unit at all Unitholders meetings.

As of May 8, 2023, 85,842,255 Units and 747,265 Special Voting Units of BTB were issued and outstanding.

The Board of Trustees has set May 8, 2023, as the record date for the purposes of determining Unitholders entitled to receive Notice of, and to vote at, the Meeting. Only persons registered as Unitholders on the books and registers of BTB at the close of business on the record date shall be entitled to receive Notice of, and vote at, the Meeting. Failure of any Unitholder to receive Notice of the Meeting shall not deprive the Unitholder of the right to vote at the Meeting.

To the knowledge of the Trustees and the Executive Officers, no person or company beneficially owns, directly or indirectly, or exercises control or direction over, voting securities of BTB carrying more than 10% of the voting rights attached to any class of voting securities of BTB.

PARTICULARS OF MATTERS TO BE ACTED UPON

Presentation of Consolidated Financial Statements and Report from Independent Auditors

The management's discussion and analysis, the consolidated financial statements as well as the auditors' report relating thereto for the financial year ended December 31, 2022, which are available on SEDAR at www.sedar.com, shall be submitted to the Unitholders of BTB at the Meeting; **however, no vote will be held thereupon, and no act will be taken in their regard.**

Election of Trustees

The Contract of Trust provides that there will be a minimum of five Trustees and a maximum of fifteen Trustees, with the number of Trustees within that range being fixed by resolution of the Trustees. There are currently eight Trustees. Nine nominees are standing for election individually for the upcoming financial year, of that number, eight are considered independent as presented in the table hereunder.

Unless otherwise directed, the persons named in the enclosed form of proxy intend to vote IN FAVOUR OF the election, as Trustees, of the nominees whose names are set forth below.

Eight of the nine nominees are currently Trustees of BTB. Each elected Trustee will hold office for a term expiring at the close of the next annual meeting of Unitholders, unless the Trustee's office is vacated earlier due to death, removal, resignation or ceasing to be duly qualified. The Trustees do not contemplate that any of the nominees will be unable to serve as a Trustee but, should that circumstance arise for any reason prior to the Meeting, the persons named in the enclosed form of proxy reserve the right to vote for another nominee at their discretion. To be effective, the resolution electing each Trustee must be approved by a majority of the Units represented by the Unitholders present at the Meeting in person or by proxy.

Majority Vote

A nominee for Trustee shall not be deemed to have received the support of the Unitholders, even if elected, should the number of abstained votes be higher than the number of votes in favor of the nominee's election at the Meeting. In such case, the Trustee elected under these circumstances shall immediately tender his/her resignation to the Human Resources and Governance Committee, which shall review same and then make a recommendation to the Board. The Board shall in turn review the recommendation of the Human Resources and Governance Committee within thirty (30) days of the final scrutineers' report on the results of the vote for the Trustee election. The Board must accept or refuse the tendered resignation within ninety (90) days of the meeting of the Unitholders. The policy does not apply in the case of a contested election of Trustees.

Appointment of the Independent Auditors of BTB

It is proposed that the firm of KPMG LLP, chartered professional accountants ("KPMG"), at their Montreal offices located at 600 De Maisonneuve Boulevard West, Suite 1500, Montreal, Québec, H3A 0A3, be appointed as independent auditors of BTB, to hold office until the next annual general meeting of the Unitholders or until their successor is appointed and that the Trustees be authorized to fix the compensation of the auditors. The accountants of the firm KPMG have been the independent auditors of BTB since its inception on July 12, 2006. To be effective, the resolution approving the appointment of the independent auditors and the fixing of their compensation for the ensuing financial year must be approved by a majority of the Units represented by Unitholders present at the Meeting in person or by proxy.

The Audit Committee formally reviews and evaluates the performance of the external auditors annually. Every three years, a comprehensive review is completed and in the interim years, an auditor evaluation questionnaire is used. When completed, the comprehensive review evaluates the external auditor's performance and independence and has been carried out under guidance published by Chartered Professional Accountants of Canada, the Institute of Corporate Directors and the Canadian Public Accountability Board. The review focuses

on the following key factors affecting audit quality: independence, objectivity, and professional skepticism of the external auditor; quality of the external auditor's engagement team; and quality of the communications and interactions between the Audit Committee and the external auditor. In the interim years, the auditor evaluation questionnaire that is used is a formal, but not comprehensive, assessment.

In February 2023, the Audit Committee evaluated KPMG in terms of the quality of services provided, independence, and various other aspects of the services they provided. The Audit Committee concluded to recommend the reappointment of KPMG as auditors until the next annual meeting.

UNLESS OTHERWISE DIRECTED, THE PERSONS NAMED IN THE ENCLOSED FORM OF PROXY INTEND TO VOTE IN FAVOUR OF THE APPOINTMENT OF KPMG AS INDEPENDENT AUDITORS OF BTB.

Renewal of the Unitholders' Right Plan

At the Meeting, the Unitholders will be asked to consider and, if deemed advisable, to approve a resolution renewing the Unitholders' Right Plan (the "**Rights Plan**") for an additional term of three years. The Rights Plan must be reconfirmed at every third annual meeting of Unitholders of BTB. The Unitholder Rights Plan Agreement has been amended and restated as of May 11, 2017 to reflect the changes to the take-over bid regime adopted in May 2016 under Canadian securities legislation.

The resolution renewing the Rights Plan must be approved by a majority of the votes cast by the Unitholders. BTB is not aware that any Unitholder would not be eligible to vote with respect to the renewal of the Rights Plan.

The Board of Trustees has concluded that the renewal of the Rights Plan is in the best interests of BTB and Unitholders and unanimously recommends that Unitholders vote IN FAVOUR OF this resolution.

The Unitholders will be asked to consider the following resolution and, if deemed advisable, to adopt it:

"BE IT RESOLVED THAT:

- (a) The Rights Plan, entered into between BTB and Computershare Investor Services Inc. as amended and restated as of May 11, 2017, and the issue of the rights pursuant to said Rights Plan, are hereby ratified, reconfirmed and approved; and
- (b) Any Trustee of BTB is hereby authorized to execute and deliver all such documents, and to do all such other acts and things, as such Trustee may determine to be necessary or advisable in connection with the foregoing, and he is hereby directed to do so."

Unless otherwise directed, the persons named in the enclosed form of proxy intend to vote IN FAVOUR OF the above-mentioned resolution.

Objectives of the Rights Plan

The fundamental objectives of the Rights Plan are to provide adequate time for BTB's Trustees and Unitholders to assess an unsolicited take-over bid for BTB, to provide the Trustees with sufficient time to explore and develop alternatives for maximizing Unitholder value if a take-over bid is made, and to provide Unitholders with an equal opportunity to participate in a take-over bid. The Rights Plan encourages a potential acquirer who makes a take-over bid to proceed either by way of a "Permitted Bid" (described below), which generally requires a take-over bid to satisfy certain minimum standards designed to promote fairness, or with the concurrence of the Trustees of BTB. If a take-over bid fails to meet these minimum standards and the Rights Plan is not waived by the Trustees, the Rights Plan provides that the holders of Units, other than the acquirer, will be able to purchase additional Units at a significant discount to market, thus exposing the acquirer to substantial dilution of its holdings. Currently, the Trustees of BTB are not aware of any pending or threatened take-over bid for BTB and they are confident that no unsolicited take-over bid will be made with respect to the Units of BTB prior to the adoption of the Rights Plan.

In adopting the Rights Plan, the Trustees considered the existing legislative framework governing take-over bids in Canada. The Trustees believe such legislation currently does not provide sufficient time to permit Unitholders to consider a take-over bid and make a reasoned and unhurried decision with respect to a take-over bid or give the Trustees sufficient time to develop alternatives for maximizing Unitholder value. Unitholders may also feel compelled to tender to a take-over bid even if the Unitholder considers such bid to be inadequate out of a concern that failing to tender may result in a Unitholder being left with illiquid or minority-discounted Units in BTB. This is particularly so in the case of a partial bid for less than all of the Units of BTB where the bidder wishes to obtain a control position but does not wish to acquire all of the Units. Finally, while existing securities legislation has addressed many concerns related to unequal treatment of securityholders, there remains the possibility that control of an issuer may be acquired pursuant to private agreements in which a small group of securityholders disposes of securities at a premium to market price, which premium is not shared with the other securityholders. It is not the intention of the Trustees in recommending the confirmation and ratification of the Rights Plan to preclude a take-over bid for control of BTB.

The Rights Plan provides that Unitholders could tender to take-over bids as long as they meet the Permitted Bid criteria. Furthermore, even in the context of a take-over bid that does not meet the Permitted Bid criteria, the Trustees are always bound by their fiduciary duty to consider any take-over bid for BTB and consider whether or not they should waive the application of the Rights Plan in respect of such bid. In discharging such responsibility, the Trustees will be obligated to act honestly and in good faith and in the best interests of BTB and the Unitholders.

A number of recent decisions rendered by the Canadian securities regulators relating to rights plans have concluded that a board faced with an unsolicited take-over bid will not be permitted to maintain a rights plan indefinitely to prevent the successful completion of the bid, but only for so long as the board is actively seeking alternatives to the bid and there is a reasonable possibility that, given additional time, a value-maximizing alternative will be developed. BTB's Rights Plan does not preclude any Unitholder from utilizing the proxy rules to promote a change in the management or direction of BTB, and will have no effect on the rights of holders of BTB's Units to requisition a meeting of Unitholders in accordance with applicable rules.

In recent years, unsolicited take-over bids have been made for a number of Canadian public companies, many of which had rights plans. The Trustees believe this demonstrates that the existence of rights plan does not prevent the making of an unsolicited bid. Further, in a number of these cases, a change of control ultimately occurred at a price in excess of the original bid price. There can be no assurance, however, that BTB's Rights Plan would serve to bring out a similar result. The Rights Plan is not expected to interfere with the day-to-day operations of BTB or its subsidiaries. The continuation of outstanding rights and the issue of additional rights in the future will not in any way alter the financial condition of BTB, impede its business plans, or alter its financial statements. In addition, the Rights Plan is initially not dilutive. However, if a "Flip-In Event" (described below) occurs and the rights separate from the Units as described below, reported earnings per Unit and reported cash flow per Unit on a fully-diluted or non-diluted basis may be affected. In addition, holder of rights not exercising their rights after a Flip-In Event may suffer substantial dilution.

Summary of the Rights Plan

The following is a summary of the principal terms of the Rights Plan, which summary is qualified by, and is subject to, the full terms and conditions of the Rights Plan. Except as otherwise defined herein, capitalized terms used herein have the meanings ascribed thereto in the Rights Plan.

Issue of Rights

Effective as of the first business day following the adjournment of the Meeting, one right ("**Right**") shall be issued and attached to each outstanding Unit of BTB. One Right shall also be issued and attached to each Unit issued thereafter, subject to the limitations set forth in the Rights Plan. The initial price for the rights shall be \$100 (the "**Exercise Price**"), subject to the appropriate anti-dilution adjustments.

Acquiring Person

An Acquiring Person is a person that beneficially owns 20% or more of the outstanding Units. An Acquiring Person does not, however, include BTB or any subsidiary of BTB, or any person that becomes the beneficial owner of 20% or more of the Units as a result of certain exempt transactions. These exempt transactions include those whereby any person becomes the beneficial owner of 20% or more of the Units of BTB as a result of, among other things: (i) specified acquisitions of securities of BTB; (ii) acquisitions pursuant to a Permitted Bid or Competing Permitted Bid (as described below); (iii) specified distributions of securities of BTB; (iv) certain other specified exempt acquisitions (including for portfolio managers, mutual funds and other similar entities with no present intention to take control of BTB); and (v) transactions with respect to which the application of the Rights Plan has been waived by the Trustees. Also excluded from the definition of Acquiring Person is a person (a “**Grand-Fathered Person**”) who is the beneficial owner of 20% or more of the outstanding Units on the date of implementation of the Rights Plan; provided further, however, that this exemption shall not be, and shall cease to be, applicable to a Grand-Fathered Person in the event that such Grand-Fathered Person shall, after the date of implementation of the Rights Plan, become the beneficial owner of more than 1% of the number of Units then outstanding in addition to those Units already held by such person, other than through: (i) specified acquisitions of securities of BTB; (ii) acquisitions pursuant to a Permitted Bid or Competing Permitted Bid (as described below); (iii) specified distributions of securities of BTB; (iv) certain other specified exempt acquisitions (including for portfolio managers, mutual funds and other similar entities with no present intention to take control of BTB); and (v) transactions in respect of which the application of the Rights Plan has been waived by the Trustees.

Rights Exercise Privilege

The Rights will separate from the Units to which they are attached and will become exercisable at the close of business (the “**Separation Time**”) on the tenth business day after the earliest of (a) the first date of public announcement that a person and/or others associated, affiliated or otherwise connected to such person, or acting in concert with such person, have become an Acquiring Person; (b) the date of commencement of, or first public announcement of the intent of any person to commence, a take-over bid, other than a Permitted Bid or Competing Permitted Bid; and (c) the date upon which a Permitted Bid or a Competing Permitted Bid ceases to be such, or such later date as the Trustees may determine in good faith. Subject to adjustment as provided in the Rights Plan, each Right will entitle the holder to purchase one Unit for the Exercise Price. A transaction in which a person becomes an Acquiring Person is referred to as a “**Flip-In Event**”.

Any Rights held by an Acquiring Person on or after the earlier of the Separation Time or the first date of public announcement by BTB or an Acquiring Person that an Acquiring Person has become such, will become void upon the occurrence of a Flip-In Event. After the close of business on the tenth business day after the first public announcement of the occurrence of Flip-In Event, the Rights (other than those held by the Acquiring Person) will entitle the holder to purchase, for the Exercise Price, that number of Units having an aggregate market price (based on the prevailing market price at the time of the consummation or occurrence of the Flip-In Event) equal to twice the Exercise Price (a 50% discount).

Impact Once Rights Plan is Triggered

Upon a Flip-In Event occurring and the Rights separating from the attached Units, reported earnings per Unit on a fully diluted or non-diluted basis may be affected. Holders of Rights who do not exercise their Rights upon the occurrence of a Flip-In Event may suffer substantial dilution. By permitting holders of Rights other than an Acquiring Person to acquire Units at a discount to market value, the Rights may cause substantial dilution to a person or group that acquires 20% or more of the voting securities of BTB other than by way of a Permitted Bid or other than in circumstances where the Rights are redeemed or the Trustees waive the application of the Rights Plan.

Certificates and Transferability

Before the Separation Time, certificates for Units will also evidence one Right for each Unit represented by the certificate. Certificates issued on or after the adoption of the Rights Plan will bear a legend to this effect. Rights are also attached to Units outstanding prior to the adoption of the Rights Plan, although certificates issued before such date will not bear such a legend. Prior to the Separation Time, Rights will not be transferable separately from the attached Units. From and after the Separation Time, the Rights will be evidenced by Rights certificates, which will be transferable and traded separately from the Units. Until such time as BTB otherwise determines, the Rights issued to Unitholders will be made through the book-entry system representing the number of Rights so issued. Holders of Units or associated Rights represented by the book-entry system will not be entitled to a certificate or other instrument from BTB, transfer agent or Rights Agent to evidence the ownerships thereof. New Units issued as a result of the exercise of any Right will also be represented through the book-entry system in all circumstances.

Permitted Bids

The Rights Plan is not triggered if an offer to acquire Units would allow sufficient time for the Unitholders to consider and to react to the offer and would allow Unitholders to decide to tender or not tender without the concern that they will be left with illiquid Units should they not tender. A "Permitted Bid" is a take-over bid where the bid is made by way of a take-over bid circular and: (i) is made to all the holders of Units, other than the offeror, for all of the Units held by those holders; and (ii) the bid must not permit Units tendered pursuant to the bid to be taken up until not less than 105 days following the bid or such shorter minimum period as provided for in National Instrument 62-104 and only if, at such time, more than 50% of the Units held by Unitholders other than the offeror, its affiliate and persons acting jointly or in concert with the offeror (the "**Independent Unitholders**") have been tendered pursuant to the take-over bid and not withdrawn. A Permitted Bid is not required to be approved by the Trustees and such bids may be made directly to Unitholders. Acquisitions of Units made pursuant to a Permitted Bid or a Competing Permitted Bid do not give rise to a Flip-In Event.

Waiver and Redemption

The Trustees may, before the occurrence of a Flip-In Event, waive the application of the Rights Plan to a particular Flip-In Event that would occur as a result of a take-over bid made pursuant to a circular prepared in accordance with applicable securities laws to all holders of Units. In such event, the Trustees shall be deemed to have waived the application of the Rights Plan to any other Flip-In Event occurring as a result of any other take-over bid made pursuant to a circular prepared in accordance with applicable securities laws to all holders of Units prior to the expiry of any take-over bid for which the Rights Plan has been waived or deemed to have been waived. The Trustees may also waive the application of the Rights Plan to an inadvertent Flip-In Event, on the condition that the person who becomes an Acquiring Person in the Flip-In Event reduces its beneficial ownership of Units such that it is not an Acquiring Person within a delay determined by the Trustees (or any earlier or later time specified by the Trustees). In addition, the Trustees may waive the application of the Rights Plan to a Flip-In Event prior to the close of business on the tenth trading day following a Unit acquisition (or such later business day as they may from time to time determine), provided that the Acquiring Person has reduced its beneficial ownership of Units, or has entered into a contractual arrangement with BTB to do so within 10 days following the date on which such contractual arrangement is entered into, such that, at the time the waiver becomes effective, such person is no longer an Acquiring Person. In the event of such a waiver becoming effective prior to the Separation Time, such Flip-In Event shall be deemed not to have occurred. Until the occurrence of a Flip-In Event, the Trustees may, at any time before the Separation Time, elect to redeem all but not less than all of the then outstanding Rights at \$0.000001 per Right. In the event that a person acquires Units pursuant to a Permitted Bid, a Competing Permitted Bid or pursuant to a transaction in respect of which the Trustees have waived the application of the Rights Plan, the Trustees shall, immediately upon the consummation of such acquisition, without further formality, be deemed to have elected to redeem the Rights at the redemption price.

Supplement and Amendments

Before the confirmation of the Rights Plan by Unitholders, the Trustees of BTB may, without the approval of holders of Units or Rights, amend, supplement or restate the Rights Plan in order to make any changes, when acting in good faith, that they may deem necessary or desirable. Following Unitholder confirmation of the Rights

Plan, the Trustees of BTB may, without the approval of the holders of Units or Rights, make amendments: (i) to correct clerical or typographical errors, (ii) to maintain the validity and effectiveness of the Rights Plan as a result of any change in applicable law, rule or regulatory requirement, and (iii) as otherwise specifically contemplated herein. Any amendment referred to in (ii) must, if made before the Separation Time, be submitted for approval to the holders of Units at the next meeting of Unitholders and, if made after the Separation Time, must be submitted to the holders of Rights for approval.

At any time before the Separation Time, the Trustees of BTB may, with prior consent of the Unitholders received at the special Meeting called and held for such purpose, amend, vary or rescind any of the provisions of the Rights Plan or the Rights, whether or not such action would materially adversely affect the interests of the Rights generally.

Eligibility for Investment in Canada

Provided that BTB qualifies and maintains its qualification as a “mutual fund trust” for the purposes of the *Income Tax Act* (Canada) (the “**ITA**”) and its Regulations (the “**Regulations**”) at any time, according to legislation currently in force, the Rights will be qualified investments under the ITA for registered retirement savings plans, registered retirement income funds, deferred profit-sharing plans and registered education savings plans.

Tax Consequences

The following is a summary description of the principal Canadian federal income tax consideration generally applicable to Unitholders who, for the purposes of the ITA, are resident in Canada, deal at arm’s length with BTB and hold their Units as capital property. Provided that the Rights had no value at the time of their acquisition, the Unitholders should not be deemed to have received the Rights of BTB as a benefit and should not be required to include any amount in their income. BTB is of the opinion that, in light of the unlikely prospect that a Flip-in Event should occur pursuant to the terms of the Rights Plan, such that the Rights could be exercised, the Rights shall have no value at the time of their acquisition by a Unitholder. Should the Rights be ascribed a value at the time of their acquisition, the holder thereof would be required to include in the computation of his or her income for the year of acquisition the value of the benefit received from BTB during the year. Although a Rights holder may be required to report income if the Rights could be exercised or were to be exercised, BTB deems that it is very unlikely that such an event should occur. In the very unlikely event that the Rights would be disposed of separately for proceeds of disposition greater than a nil amount, the holder thereof could realize a capital gain.

Amendments to the Employee Unit Purchase Plan

At the Meeting, Unitholders will also be asked to amend the Employee Unit Purchase Plan of BTB (the “**Purchase Plan**”). The employees of BTB and its affiliates (collectively, the “**Participants**”) are eligible to participate in the Purchase Plan. The objectives of the Purchase Plan are to allow the Participants to purchase Units of BTB and to promote a greater alignment of their interests with the interests of BTB’s Unitholders. The Board of Trustees considers the Purchase Plan to be fair and in the best interests of BTB and its Unitholders.

The Board of Trustees has approved the Purchase Plan pursuant to which BTB may issue Units to Participants. The aggregate number of Units that may be issued pursuant to the Purchase Plan shall not exceed 477,025 Units representing 0.56% of the issued and outstanding Units as at December 31, 2022. As at December 31, 2022, 89,020 Units had been issued pursuant to the Purchase Plan representing 0.45% of the issued outstanding Units as at December 31, 2022. In addition, the aggregate of Units: (i) attributed to insiders of BTB, over any period of 12 months; and (ii) issuable to insiders of BTB, at any time, under the Purchase Plan together with other security-based compensation arrangements of BTB, shall not exceed ten percent (10%) of BTB’s total issued and outstanding Units.

Description of the Purchase Plan

"Participants" under the Purchase Plan consist of all designated employees of BTB and its affiliates which are eligible to receive Units under the Purchase Plan. Participants may contribute, each year, by purchasing Units on the secondary market pursuant to the following limits:

- i) a maximum of seven percent (7%) of the base salary for an employee having five (5) years and more of experience with BTB;
- ii) a maximum of five percent (5%) of the base salary for an employee having three (3) years to less than five (5) years of experience with BTB;
- iii) a maximum of three percent (3%) of the base salary for an employee having one (1) year to less than three (3) years of experience with BTB.

"Market Price" means, on any given date, the average closing price of a Board Lot of Units on the Toronto Stock Exchange (the "TSX") for five (5) trading days preceding such date.

Upon the Participant providing BTB with proof of purchase, BTB shall issue from treasury, at Market Price, as soon as possible during the year but no later than within sixty (60) days of the end of the calendar year, one (1) Unit for each two (2) Units purchased on the secondary market by the Participant or through payroll deductions. Transaction fees regarding the purchase of Units by the employees or on their behalf are fully assumed by BTB. Units issued by BTB to the Participants are immediately vested.

The Board of Trustees of BTB may review and confirm the terms of the Purchase Plan from time to time and may, subject to the TSX rules, amend or suspend the Purchase Plan in whole or in part as well as terminate the Purchase Plan without prior notice as it deems appropriate for any reason, including for the purposes of amendments of a "housekeeping" nature, which include, without limitation, amendments to ensure continued compliance with applicable laws, regulations, rules or policies of any regulatory authority and amendments to remove any ambiguity contained in the Purchase Plan. However, subject to the terms of the Purchase Plan and the prior approval of the Unitholders, no amendment may (i) adversely affect the rights of the Participants to receive Units within the prescribed time, (ii) change the number or percentage of maximum Units issuable under the Purchase Plan; (iii) amend the percentage of Units that can be granted and issued to the insiders of BTB; and (iv) modify the amendment clause of the Purchase Plan.

BTB wishes to amend the Purchase Plan by modifying the current limits with the following paragraphs.

As of January 1, 2023, any employee of the Trust may purchase units on or on the market between January 1 and December 31 of a relevant year (hereinafter the "Relevant Year"), subject to the following terms and conditions:

1. For employees in director, vice-president and president positions, a maximum of ten percent (10%) of their base salary; provided that employees become eligible for the Plan as of their tenure date with BTB; and
2. For all other employees, a maximum of seven percent (7%) of their base salary, with employees becoming eligible for the Plan as of their tenure date with BTB.

And adding the following paragraph:

In addition, on the recommendation of the President, any Participant designated by the President under the discretionary envelope granted by the Human Resources and Governance Committee (the "RHG Committee"), may receive, for a given Year, the number of shares allocated to him by the RHG Committee. These units will be

issued at market price by the Fund within sixty (60) days of the following year. These units will be immediately acquired by the employee upon issuance by the Fund.

Modification of the Purchase Plan requires the affirmative vote of a majority of the votes cast by the Unitholders at the Meeting.

Recommendation

The Board of Trustees, having considered all factors that they have deemed to be necessary to be considered based on the information available to them, have concluded that the amended Purchase Plan is appropriate and favorable for BTB and recommends approval of the amendment of the Purchase Plan as described in the Circular.

The Board unanimously recommends that Unitholders vote FOR the following Purchase Plan Resolution or any amendment thereof:

The following is the text of the ordinary resolution that Unitholders are being asked to approve at the Meeting :

"BE IT RESOLVED THAT:

As of January 1, 2023, any employee of the Trust may purchase units on or on the market between January 1 and December 31 of a relevant year (hereinafter the "Relevant Year"), subject to the following terms and conditions:

1. For management employees occupying vice-president and president positions, a maximum of ten percent (10%) of their base salary; provided that employees become eligible for the Plan as of their tenure date with BTB;
2. For all other employees, a maximum of seven percent (7%) of their base salary, with employees becoming eligible for the Plan as of their tenure date with BTB.
3. On the recommendation of the President, any Participant designated by the President under the discretionary envelope granted by the Human Resources and Governance Committee (the "RHG Committee"), may receive, for a given Year, the number of shares allocated to him by the RHG Committee. These units will be issued at market price by the Fund within sixty (60) days of the following year. These units will be immediately acquired by the employee upon issuance by the Fund.
4. The trustees of the Fund are authorized and must act or cause to be renewed and amended by the Employee Purchase Plan.
5. The trustees of BTB are hereby authorized to issue Units under the Purchase Plan.
6. Any trustee of BTB is hereby authorized and directed, acting for, in the name of and on behalf of BTB, to execute or cause to be executed and to deliver or to cause to be delivered, all such other deeds, documents, instruments and to do or cause to be done all such other acts as in the opinion of such trustee of BTB may be necessary or desirable to carry out the terms of the foregoing resolutions."

As of the date hereof, 89,020 Units have been issued under the Purchase Plan representing 0.1% of the outstanding Units.

The skill matrix outlines the desired complement of qualifications, attributes, skills, and experience that are important to and necessary for the proper functioning of the Board. The matrix includes industry specific experience and expertise, particularly in real estate, finance and accounting, investment, human resources, strategy, risk management and executive leadership, as well as board and governance. These areas of expertise are expected to supplement and interact with general qualifications and attributes sought in all Trustees and nominees, such as personal and professional ethics, integrity, practical wisdom, sound business judgment, and a willingness and desire to both devote the necessary time and represent the best interests of the BTB. The skill matrix is reviewed annually by the Nominating and Governance Committee to ensure it continues to reflect the current needs of the BTB, the BTB's strategic priorities and that the Trustees have an appropriate balance and complementarity of skills.

Board Interlocks

The Human Resources and Governance Committee of the Board has reviewed the participation of BTB's Trustees on the boards of other reporting issuers and has determined that there are no board interlocks, i.e., two or more Trustees who are members of the board of another reporting issuer together.

The Trustees shall also inform the Chair of the Board or the President of the Human Resources and Governance Committee before accepting an invitation to serve on a board of directors other than BTB to assess potential situations of conflict of interest.

The Board believes that the fact that a trustee of BTB serves on the board of directors of another reporting issuer does not necessarily interfere with his or her ability to act in the best interest of BTB.

Change in Status of Trustees

Trustees must immediately inform the Chair of the Board of any change in their professional or personal status that could have an impact on their role as trustees, as well as any situation that could imply a conflict of interest. The Chair of the Board then submits a report to the Board containing the appropriate recommendations.

Unitholding Requirements

To maintain the trust of Unitholders and ensure that Trustees' interests are aligned with those of Unitholders, the Board adopted minimum unitholding requirements for Trustees. Each Trustee must hold a number of Units or Deferred Units corresponding to two (2) years of compensation as Trustee. A Trustee has four (4) years from his or her election to meet the Unitholding requirement while the independent trustee has three (3) years from the date of termination of his or her independence to meet the Unitholding requirement.

Additional Information on Trustee Nominees

To the knowledge of BTB, as at the date of the Proxy Circular, none of the nominees proposed for election as Trustees of BTB are, or have been within the 10 years preceding this date, director, chief executive officer or chief financial officer of a company, including BTB, that, while the nominee was fulfilling his/her functions as director, chief executive officer or chief financial officer, or after the nominee ceased his/her duties as director, chief executive officer or chief financial officer and resulting from an event occurring while he/she was fulfilling

such functions, was subject to one of the following orders which was in effect for more than 30 consecutive days, that is, any cease trade order or other order to that effect, or any order that denied the relevant company access to any exemption under securities legislation.

Mr. Proteau was a director of CO² Solutions Inc. until December 2019. That corporation is now inactive and has filed a commercial proposal on January 22, 2020, with the Office of the Superintendent of Bankruptcy of Canada. To the knowledge of BTB, with the exception of Mr. Jocelyn Proteau, as at the date of the Proxy Circular, none of the nominees proposed for election as Trustees of BTB are, or have been within the 10 years preceding this date, director or executive officer of a company, including BTB, that, while that person was acting in that capacity, or within one year of ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or became subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold his/her assets.

COMPENSATION OF TRUSTEES

PRACTICES FOR ESTABLISHING TRUSTEES' COMPENSATION

BTB aims to offer its Trustees appropriate compensation that considers the complexity of the Trust's activities and the importance of the Trustees' role, so that it is competitive. The goal is to position the Trustees' target compensation at the median level of the Reference Group used by BTB, to recruit and retain competent board members, thus fostering the alignment of the Trustees' interests with those of Unitholders.

Regularly, the Human Resources and Governance Committee reviews the compensation of the Trustees who are not officers of the Trust. In this respect, the Human Resources and Governance Committee analyses the director compensation practices of the Reference Group. In addition, the Human Resources and Governance Committee reviews general compensation surveys to compare BTB's Trustee remuneration policies to generally accepted practices for reporting whose structure and annual income are similar to that of BTB, to then recommend to the Board any modifications deemed appropriate when needed.

The positioning of the compensation of BTB's Trustees compared to the Reference Group used by the Human Resources and Governance Committee was conducted in 2021 and adjustments were made starting July 1st, 2021. The assessment of the Trustees' responsibilities is done annually.

Trustee Compensation Peer Group

The peer group was made up of 11 Canadian real estate investment trusts whose market capitalization was to a maximum of three times higher and a minimum of one-third of that of BTB.

EXECUTIVE COMPENSATION

THE OBJECTIVES

The Human Resources and Governance Committee assists the Board of Trustees in the performance of its human resources and compensation duties. The Human Resources and Governance Committee sets up and oversees the policies and practices respecting the compensation of BTB.

BTB's executive compensation programs are designed to attract, motivate and retain management. It is made up of base salaries, short-term incentives in the form of cash bonus opportunities and perquisites, and long-term incentives in the form of participation in the different incentive plans. The various components of BTB's Executive Compensation Program are designed to play a role in the following objectives, notably:

1. Providing a fair and competitive level of compensation on the market for comparable positions;
2. Retaining and motivating its Executive Officers who are critical to BTB's short and long-term success;
3. Rewarding performance and contribution, both on an individual basis and with respect to BTB in general; and
4. Reinforcing the relationship between the Unitholders' interests and the compensation and responsibility of BTB's Executive Officers.

The purpose of BTB's executive compensation programs is to align the position of the overall compensation offered to the Executive Officers with that offered by a benchmark group. It is also designed to position the overall compensation offered to each Executive Officer compared to that offered to the other officers to ensure internal equity.

The total compensation of each Executive Officer is based on his responsibilities, BTB's performance, his experience, his personal performance, and market practices.

Relationship of Executive Compensation to Risk

BTB designed its executive compensation programs to provide an appropriate balance of risk and reward in relation to its overall business strategy. BTB also has in place several policies and practices which are designed to mitigate risk. For example, incentive plans have been designed to focus on the long-term, and hedging strategies on the Trust's securities are prohibited. These policies apply to Executive Officers of BTB.

BTB's executive compensation programs incorporate safeguards that are intended to limit BTB's risk exposure. These risk mitigation practices include, but are not limited to, the following:

- Ensuring compensation plans, programs and policies for Executive Officers are aligned to the achievement of BTB's strategic objectives;
- Ensuring both short (STIP) and long-term incentive plans (LTIP) incorporate capped or maximum payout levels;
- Ensuring that the STIP is linked to the profitability of BTB, including a threshold level of financial performance that must be achieved before any STIP awards are paid out;
- Regularly completing a market compensation review to ensure the plans continue to be competitive and appropriate;
- The Human Resources and Governance Committee approves the STIP awards criteria and reviews each incentive compensation plan and has the discretion to recommend to the Board adjustments to individual incentive awards, as appropriate.

Summary of Compensation Policies and Practices

The table below summarizes the key policies and practices adopted by the Trust in support of its compensation policies and practices and to mitigate the potential for excessive risk taking.

What We Do	
Compensation Programs and Pay-for-Performance	
Long-term performance focus	Executive performance is delivered through long-term incentive plans. BTB outlines the long-term incentives as Unit or Option based awards
Short-term targets	The short-term incentive plan (STIP) target is expressed as a percentage of the base salary of the management team
Long-term targets	The long-term incentive plan (LTIP) target is based on the Restricted Unit plan and is expressed as a percentage of base salary and is fixed for an Executive Officer based on existing practices on the market
Capped payouts	BTB ensures that both the short (STIP) and long-term incentive plans (LTIP) incorporate capped or maximum payout levels
Single-trigger change-in-control	Single-trigger voluntary change-in-control termination provisions for BTB's CEO and CFO
Compensation Governance and Risk Management	
Governance oversight	The Human Resources and Governance Committee determines appropriate compensation for the Trustees and Executive Officers of BTB
Clawback policy	The Board of Trustees has adopted an incentive compensation recovery policy that applies to its executive officers and certain members of its management personnel
Robust no-hedging policy	The anti-hedging policy prohibits Trustees and executives, under any circumstance, from entering into financial instrument transactions that are designed to hedge or offset a decline in the market value of BTB's securities held by them or by entities under their control, including those granted to them as remuneration
Minimum Unit ownership policy	The Unit ownership policy requires executives to hold a predefined value of Units based on annual salary base during employment to provide alignment with Unitholders

Independent Outside Compensation Advisors

The Human Resources and Corporate Governance Committee (“HRCG”) Committee has the authority to engage independent external advisors to support the HRCG Committee in the performance of its duties and to provide it with information on trends and practices in its peer group with respect to compensation policies and programs as well as commentary on the positioning of compensation for the Fund's executives and other officers.

The HRCG commissioned independent compensation advisor, Normandin Beaudry to identify market trends in executive compensation. Fees of \$9,975 were incurred in 2022.

Executive Compensation Peer Group

Every year, the Human Resources and Governance Committee updates the overall compensation policy to determine its competitive position *vis-à-vis* the compensation offered by the reference group.

Perquisites	Provide market competitive perquisites to certain Executive Officers	Annual car allowance Paid parking Annual medical assessment

(1) BTB has a Deferred Unit Plan pursuant to which Executive Officers may elect to receive all or part of their Annual Short-Term Incentive Plan in Deferred Units. See Deferred Unit Plan.

The benefits and perquisites represent a minimal portion of the total annual compensation of the Executive Officers. BTB has no retirement plan for its Executive Officers.

Base Salary

The overall objective of base salaries paid to BTB's Executive Officers is to provide fixed compensation that reflects the skills and experience that each Executive must possess to make meaningful contributions to BTB.

Base salaries are reviewed on an annual basis by the Human Resources and Governance Committee to ensure salaries appropriately recognize an Executive's level of responsibility, experience and performance. The Human Resources and Governance Committee's annual review of each Executive's base salary takes the following into consideration:

- the Executive Officer's experience, knowledge, performance and potential; and
- the total compensation for each Executive.

Before making a recommendation to the Board for a salary increase, the Human Resources and Governance Committee compares the Executive Officer's salary with those paid on the market, as well as his experience and performance.

Short-Term Incentive Plan (STIP)

Pay for performance is an important underlying principle of BTB's executive compensation philosophy, which the management of BTB intends to develop. These short-term incentives, if applicable, are paid shortly following the year in which they are earned. Members of the management team could receive, further, to achieving or surpassing the operational and financial objectives of BTB for a given period, a bonus, or another form of compensation. The STIP target is expressed as a percentage of the base salary. In order to be entitled to the bonus, the Executive Officers would have to achieve the triggering factor, which is reaching an operational target at the end of the fiscal year.

The operational target constituting the trigger of fiscal 2022 was the achievement of a minimum threshold of net operating income ratio of 53% for the fiscal year. The ratio achieved was 58.9%. Therefore, the minimum threshold was reached. For all executive members, the STIP bonus formula is base salary x % of target x sum of weighted results.

Conditional on the achievement of the trigger, the Human Resources and Governance Committee has set the following objectives for the calculation and payment of the STIP:

Corporate Targets (70% of the executive officers STIP)	Weighting	Results achieved
1) Recurring funds from operations per unit	20%	25%
2) Operating income from the same property portfolio	18%	18%
3) Committed occupancy rate within six months	20%	19.6%
4) Implementation of a three-year ESG program	5%	5%
5) Discretionary assessment by the HRG Committee (significant initiatives)	7%	7%
	70%	74.6%

Specific Targets of the Executive Officers

The Human Resources and Governance Committee also assigned to each Executive Officers individual and departmental targets (30% of the executive officers STIP).

The following short term incentive bonuses were awarded to the Executive Officers. The following table presents for each Executive Officer the target bonus percentage and the percentage corresponding to the results achieved for fiscal 2022.

Name	Incentive Bonus	Target Bonus	Percentage Corresponding to the Results Achieved
Michel Léonard, President and Chief Executive Officer	\$326,875	50%	104.6 %
Mathieu Bolté, Executive Vice President, Chief Operating and Financial Officer	\$181,283	45%	115.1 %

Unit Option Plan

BTB has adopted a unit option plan (the "**Unit Option Plan**"). Options can be granted pursuant to the Unit Option Plan at the discretion of the Board of Trustees upon recommendation by the Human Resources and Governance Committee. In addition, the Unit Option Plan is designed to encourage the achieving of BTB's growth objectives.

The Trustees may, from time to time, in their discretion, and in accordance with the requirements of the TSX, grant non-transferable unit options and other security-based compensation to the Trustees, Executive Officers, employees and consultants of BTB, provided that the number of Units issued to insiders under the Unit Option Plan, the Restricted Unit Plan, the Deferred Unit Plan and other security-based compensation arrangements shall not exceed 10% of the number of Units issued and outstanding at any time.

No option has been granted in 2022 to Executive Officers or Trustees.

The table below shows the number of options granted for the financial year concerned and the corresponding burn rate.

Restricted Unit Plan (RUP)

The Eligible Persons may participate in the Restricted Unit Plan (“RUP”). “Eligible Persons” under the Restricted Unit Plan consist of all senior management and key employees of BTB and its affiliates eligible to receive awards under the Plan (the “**Participant**”). Eligibility to participate does not automatically confer upon any individual a right to receive an award of restricted units (“**RUs**”) pursuant to the Plan. The RUs that are granted to a Participant are not transferable. The objective of the Plan is to engage Executive Officers in the achievement of the objectives of BTB’s long-term growth and to align their interests with those of the Unitholders.

In May 2022, the Restricted Unit Plan was amended to modify the vesting period of the RUs and enable the grant of Performance RUs (as hereinafter defined) having different vesting modalities than the Base RUs (as hereinafter defined). Such amendment did not require Unitholders approval.

Annually, the Human Resources and Governance Committee reviews and recommends to the Board the target assigned and if applicable, the performance criteria for the threshold. Allocations are normally made at the beginning of the following year. These allocations are hereinafter referred to as “**Base RUs**”. The target of the RUP is expressed as a percentage of base salary and is fixed for an Executive Officer based on the existing practices on the market for similar positions.

Specific Targets for the President and Chief Executive Officer and for the Executive Vice President, Chief Operating and Financial Officer	Weighting	Results Achieved
Base RUs		
i) Growth of \$200 million through accretive acquisitions and partial achievement of geographic diversification	50%	30.5%
ii) Adjusted funds from operations per unit of \$0.413	50%	50.0%
	100%	80.5%

The target applicable to Executive Officers and the allocations for 2022 are as follows:

	Allocation Value	Percentage of Target Allocation	Results Achieved
Michel Léonard	\$125,781	25%	80.5%
Mathieu Bolté	\$70,438	25%	80.5%

Each RU is equivalent in value to a Unit issued by the Trust.

Starting in 2022 and for every year thereafter, one-third (1/3) of the Base RUs granted shall vest immediately on the Award Date, one-third (1/3) of the Base RUs granted shall vest on December 31st of the year of the Award Date and the last third (1/3) of the Base RUs granted shall vest on December 31st of the following year.

At the beginning of fiscal years 2021, 2022 and 2023, the Human Resources and Governance Committee proceeded to grant the following discretionary awards of Base RUs to all eligible employees based on the price of the Units at the date of grant of each fiscal year:

- Related to 2020 results: 89,647 Base RUs (at the price of \$3.482)
- Related to 2021 results: 73,758 Base RUs (at the price of \$3.939)
- Related to 2022 results: 53,688 Base RUs (at the price of \$3.685)

The table below shows the number of Restricted Units issued for the financial year concerned and the corresponding burn rate.

2020	89,647	0.14%
2021	73,758	0.10%

Units linked to the performance (UP)

The Eligible Persons may participate in the Restricted Unit Plan linked to the performance (“**UPs**”). “Eligible Persons” under the Restricted Unit Plan consist of all senior management and key employees of BTB and its affiliates eligible to receive awards under the Plan (the “**Participant**”). Eligibility to participate does not automatically confer upon any individual a right to receive an award of restricted units (“**UPs**”) pursuant to the Plan. The RUs that are granted to a Participant are not transferable. The objective of the Plan is to engage Executive Officers and key employees in the achievement of the objectives of BTB's long-term growth and to align their interests with those of the Unitholders. In May 2022, the UP was implemented to complement the RU. The plan is based on total return during the year compared to a group of REITs defined when the target was set. Unitholders' consent was not required for this amendment.

Annually, the Human Resources and Governance Committee reviews and recommends to the Board the target assigned and if applicable, the performance criteria for the threshold. Allocations are normally made at the beginning of the following year. The target of the Restricted Unit Plan is expressed as a percentage of base salary and is fixed for an Executive Officer based on the existing practices on the market for similar positions.

Since May 2022, the Human Resources and Governance Committee may from time to time award to a member of Management and key employees RUs linked to the total return of the Units during the year compared to a given basket of real estate investment trusts identified when the target was set (hereinafter defined as “**Performance RUs**”).

Specific Targets for the President and Chief Executive Officer and for the Executive Vice President, Chief Operating and Financial Officer	Weighting	Results Achieved
Performance RUs		
i) Relative total return of BTB's units compared to a group of specified REITs	100%	134.6%

One hundred percent (100%) of the number of Performance RUs duly granted to a participant shall vest on December 31st of the third year following the year for which the grant was made.

At the beginning of fiscal year 2023, the Human Resources and Governance Committee proceeded to grant the following discretionary awards to all eligible employees based on the price of the Units at the date of grant of each fiscal year:

- Related to 2022 results: 94,833 Performance RUs (at the price of \$3.685)

The table below shows the number of Performance RUs granted for the relevant financial year and the corresponding depletion rate.

Financial years concerned	Number of Performance RUs	Burn Rate
2022	94,833	0.11%

President and Chief Executive Officer

As President and Chief Executive Officer (the “CEO”), Mr. Michel Léonard is entitled to receive an annual base salary and participate in the long-term incentive bonus as part of the equity-based incentive plan. He participates in any benefit plan, short-term incentive plan, and distribution reinvestment plan made available by BTB from time to time. In addition, the employment contract provides that if the termination of employment occurs following a “Change of Control” of BTB, BTB will, in addition to the above-described amounts, ensure that the options and awards granted in virtue of the Unit Option Plan and the Restricted Unit Plan which are not yet vested be immediately vested.

A “Single-Trigger Change of Control” means the occurrence of one of the following events occurring with or without the prior approval of a majority of the Trustees of the Trust:

- i) An arrangement, amalgamation, reorganization or business consolidation pursuant to which the securities of the Trust representing more than 25% of the voting rights in circulation (on an entirely diluted basis) are issued or transferred to holders which are different from those that held such securities immediately prior to the transaction;
- ii) The acquisition, directly or indirectly, of a beneficial interest in a bloc representing more than 25% of the voting rights attached to the units issued by the Trust;

Until his retirement, Mr. Michel Léonard will accumulate fictitious units of BTB in the corresponding amount stated below, the value of the units to be established at the time of the allocation date. The accumulation period is a maximum of 78 months (i.e., until July 31st, 2026). At his retirement Mr. Michel Léonard will receive the value equivalent to the accumulated fictitious units credited to the program. No distribution is payable on the fictitious units and these units do not qualify in the Distribution Reinvestment Plan (DRIP).

The following table indicates the potential retirement allocation up to July 31, 2026.

The employment contract provides that if BTB terminates the Executive Vice President, Chief Operating and Financial Officer employment "without cause" and where a "Change of control" has not occurred, BTB will pay Mr. Bolté (i) an amount equal to two years of his annual base salary and related benefit plan; and (ii) an amount equal to twice the highest of the following amounts, being: the average annual bonus paid for the three (3) fiscal years preceding the termination of employment or an evaluation of the bonus payable for the fiscal year during which the termination of employment has occurred.

Clawback Policy

The Board of Trustees has adopted a “clawback” policy or incentive compensation recovery policy that applies to its executive officers and certain members of its management personnel.

According to this policy, the Board may, after receiving the recommendation of the Human Resources and Governance Committee, in its sole discretion and to the extent that it is in BTB's interest to do so, require the reimbursement of the excess annual and long-term incentive awards paid to such persons if they (i) committed a gross or willful negligence or fraud that caused the accounting reprocessing of BTB's financial statements or significantly contributed to and (ii) received incentive award that would have been less than the amount actually received if it had been calculated or received in accordance with the restated financial results.

Gender Diversity in Management Positions at BTB

There are 13 employees amongst BTB that are at the level of Director and higher, out of which, 6 are women. When hiring an employee for a management position, BTB follows a balanced approach to identify the best candidate regardless of gender. The factors considered include experience, leadership capabilities, innovative thinking and strategic agility.

The following table provides details of compensation plans under which equity securities of BTB were authorized for issue in respect of the financial year ended December 31, 2022. See note 12 of the Consolidated Financial Statements of BTB for the year ended December 31, 2022.

The deferred units allocated to some trustees were allocated as attendance fees for services rendered. For BTB to issue future Deferred Units, the issuance of unallocated Deferred Units under the Deferred Unit Plan must be confirmed by Unitholders every three (3) years at an annual meeting of the Unitholders following June 15, 2021, annual meeting.

INDEBTEDNESS OF TRUSTEES, EXECUTIVE OFFICERS AND EMPLOYEES

LIABILITY INSURANCE

BTB provides insurance for the benefit of the Trustees and Executive Officers against liability incurred by them in such capacities. The current annual policy limit is ten (10) million dollars. For the policy year from February 1, 2023, to February 1, 2024, BTB paid an annual premium of \$175,490. As of May 8, 2023, no claim has ever been presented and no amount has ever been paid under such policy.

INTERESTS OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

The Contract of Trust contains provisions relating to conflicts of interest designed to protect the Unitholders without, however, placing undue restrictions on BTB. Since the Trustees could carry on various real estate transactions and other activities, the Contract of Trust contains provisions requiring that each Trustee disclose any interest in a material contract or transaction with BTB (or an affiliate of BTB). Any Trustee who has so disclosed an interest may not vote on a resolution with a view to approving a contract or a transaction, except in restricted circumstances.

Other than in connection with the Arrangement and as set out herein, no informed person of BTB nor any proposed nominee for election as a Trustee of BTB nor any associate or affiliate of such persons, has had any material interest, direct or indirect, in any transaction or any proposed transaction since the commencement of BTB's last financial year or in any transaction or proposed transaction which has materially affected or would materially affect BTB or any of its subsidiaries.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

National Policy 58-201 *Corporate Governance Guidelines* and National Instrument 58-101 *Disclosure of Corporate Governance Practices* and Regulation 52-110 *Respecting Audit Committees*, as applicable to BTB (collectively, the “**Governance Guidelines**”) deal with matters such as the constitution and independence of the boards of directors of corporations or other reporting issuers, their functions, the effectiveness and education of board members, and other items dealing with sound corporate governance practices. BTB and the Board of Trustees recognize the importance of corporate governance to the effective management of BTB and to the protection of its employees and Unitholders, as a whole.

BTB’s approach to significant issues of corporate governance is designed with a view to ensuring that the business and affairs of BTB are effectively managed so as to enhance Unitholder value. The Board of Trustees fulfils its mandate directly and through its committees at regularly scheduled meetings or as required. Frequency of meetings may be increased, and the nature of the agenda items may be changed depending on the state of BTB’s affairs and in light of opportunities or risks which BTB faces. The Trustees are kept informed of BTB’s operations at these meetings as well as through reports and discussions with management on matters within their particular areas of expertise. BTB continues to monitor developments in Canada with a view to further revising its governance policies and practices, as appropriate.

As is the case with BTB, each reporting issuer must establish its governance practices annually and the following is a description of BTB’s corporate governance practices, which has been suggested or developed, in accordance with the Governance Guidelines, by the Board of Trustees.

THE BOARD OF TRUSTEES

The governance, investment guidelines and operating policies of BTB are governed by a Contract of Trust and supervised by the Board of Trustees. The Board of Trustees may delegate some of its powers with respect to good governance to the Human Resources and Governance Committee. See “Human Resources and Governance Committee”.

As of this date, seven (7) out of eight (8) members, being Lucie Ducharme, Sylvie Lachance, Christine Marchildon, Jean-Pierre Janson, Luc Martin, Fernand Perreault, and Jocelyn Proteau, who is the Chair of the Board, are independent within the meaning of the Contract of Trust and the Governance Guidelines and hold periodic meetings to review the business operations, governance, and financial results of BTB without the presence of management. Mr. Michel Léonard is not independent as he is an Executive Officer of BTB.

To facilitate the functioning of the board independently of management, the following structures and processes are in place:

- a non-executive Chair of the Board has been appointed;
- a majority of the Board of Trustees are non-management members;
- independent committees may be appointed from time to time, when appropriate.

Position Descriptions

Written position descriptions have been developed for the Chief Executive Officer, Chief Financial Officer, Chair of the Board and Chairs of the Board’s Committees.

The roles and responsibilities of the aforementioned positions are reviewed and approved by the Board of Trustees with the assistance of the Human Resources and Governance Committee.

Role and Responsibilities of the Chair of the Board of Trustees

The Chair of the Board of Trustees is responsible for the overall governance of BTB. To that effect, the Chair must ensure that BTB upholds the highest regulatory standards with regard to this issue. The Chair must be available to answer any demand or expectations expressed by any regulatory authority.

Besides presiding all board meetings, the Chair attends different committees of the Board.

The Chair acts as the link between the members of the Board of Trustees and the Executive Officers; as such, the Chair ensures that following each board meeting, all expectations, objectives and recommendations of the Board are transmitted to the Executive Officers.

Finally, the Chair represents BTB whenever required, in the context of discussions and negotiations with financial institutions for new offerings.

(2) Resigned as Trustee in February 2023.

In Camera Sessions

The Board has a policy of holding in camera sessions at each regularly scheduled Board meeting without members of management or Trustees who are members of management. The Board Chair, who is an independent Trustee, chairs the meeting and ensures that all Trustees have an opportunity to comment and provide their input. All board of Trustees in 2022 included private in camera sessions in the absence of management.

At each meeting of the Audit Committee in 2022, an in camera session was held with management present and in the absence of the external auditor as well as an in camera session among the committee itself in the absence of management. In camera sessions were also held with the Trust's external auditors in the absence of management.

Board of Trustees' Mandate

The Board of Trustees

The Board is responsible for supervising the management of BTB and monitoring management in order to foster the short and long-term success of BTB and is accountable to BTB's Unitholders. The Board of Trustees exercises its responsibility both directly and through the Audit Committee, the Investment Committee and Human Resources and Governance Committee.

The Trustees' powers and duties are outlined in Section 4 of the Contract of Trust, a copy of which is available on SEDAR at www.sedar.com.

Code of Ethics

The Board of Trustees adopted a Code of Ethics for Trustees and Executive Officers of BTB, and its subsidiaries. This Code is available on SEDAR and on BTB's website.

The Board of Trustees also takes steps to ensure that the Trustees, Executive Officers and employees exercise independent judgment in considering transactions and agreements in respect of which a Trustee, Executive Officer or employee of BTB has a material interest, which includes ensuring that the Trustees, Executive Officers and employees are thoroughly familiar with the rules concerning reporting conflicts of interest and obtaining instructions from their supervisor or the Chief Executive Officer regarding any potential conflicts of interest.

Certain items, such as the acquisition of a building or an investment therein, are subject to the approval of the independent Trustees by way of a vote cast at a meeting of the Trustees.

The Board of Trustees encourages and promotes an overall culture of ethical business conduct by promoting compliance with applicable laws, rules, and regulations; providing guidance to Trustees, Executive Officers, and employees to help them recognize, and deal with, ethical issues; promoting a culture of open communication, honesty, and accountability; and ensuring awareness of disciplinary action for violations of ethical business conduct.

Annually, following their appointment, the Trustees must individually undertake to act in accordance with the rules and obligations set out in the Code of Ethics, by signing a form provided for this purpose.

The Board of Trustees granted no derogation from the Code of Ethics.

Appointment of Trustees

The Human Resources and Governance Committee is charged with overseeing the recruitment and selection of candidates as Trustees for appointment to the Board. The process by which the Human Resources and Governance Committee identifies new candidates is by taking into account the following considerations: (a) the

competencies and skills which the Board, as a whole, should possess; (b) the competencies and skills that each existing Trustee possesses; (c) the competencies and skills each new nominee will bring to the Board; and (d) whether or not each new nominee can devote sufficient time and resources to his or her duties as a Board member.

Annually, a few months before the annual meeting, the Chair of the Board of Trustees exchanges with the members of the Human Resources and Governance Committee on the purpose of recommending changes to the composition of the Board.

If the Committee decides to propose to the Board and ultimately to the Unitholders one or a few changes, the Board receives recommendations from the Chair as to the possible candidates corresponding to the criteria retained by the Committee.

The Chair of the Board is ultimately responsible for communicating with the potential candidates, to verify their level of interest and ultimately their capacity to satisfy the criteria.

Compensation

The Human Resources and Governance Committee determines appropriate compensation for the Trustees and Executive Officers of BTB. The process by which appropriate compensation is determined is through periodic and annual reports on BTB's overall compensation and benefits philosophies with such compensation realistically reflecting the responsibilities and risks of such positions.

The Human Resources and Governance Committee's responsibilities also include reviewing and making recommendations regarding any equity or other compensation plan and regarding the total compensation package of the Chief Executive Officer and the other executive officers, considering and approving the recommendations of the Chief Executive Officer regarding the total compensation and benefits philosophies and programs for Executive Officers and employees and preparing and recommending to the Board of Trustees annually a "Statement of Executive Compensation" as included in BTB's Management Information Circular.

Human Resources and Governance Committee can retain the services of independent external advisors called to support him in the exercise of its functions and to provide him with the necessary information on the trends and practices of its reference group regarding its policies and compensation programs as well as observations relating to the positioning of the compensation of BTB's Executive Officers and Trustees.

Orientation and Continuing Education

The Human Resources and Governance Committee is responsible for ensuring that new Trustees are provided with an orientation and education program which will include written information about the duties and obligations of the Trustees; the business and operations of BTB and its subsidiaries; documents from recent Board meetings and opportunities for meetings and discussions with Executive Officers and other Trustees.

The Board of Trustees recognizes the importance of ongoing Trustee education and the need for each Trustee to take personal responsibility for this process. To facilitate ongoing education of Trustees, the Board, through consultation with its committees, will schedule presentations by outside experts to the Board or its committees on matters of particular importance or emerging significance such as sustainability, risk management, technology, and other key topics.

In addition to the below educational sessions, four of BTB's nine board members are International Accounting Standards (IAS) qualified, and as such attend regular related training sessions.

Board Assessment

The Board of Trustees has made it its practice to make ongoing and formal assessments of the performance of the Board and its committees. An evaluation of the Board of Trustees has been conducted in February 2023.

Annually, the Chair of the Board discusses the questionnaire used for the board assessment with the members of Human Resources and Governance Committee.

Once reviewed, the Chair provides the questionnaire to each member of the Board and receives the answers. The Chair compiles the information and presents the report to the Committee.

The Committee presents the report to the Board with its recommendations and the action plan addressing weaknesses or improvement measures to be undertaken.

Term of Office of Trustees and Other Board Renewal Mechanisms

The Board of Trustees has not fixed the term of office of Trustees or planned other board renewal mechanisms since it has considered that such mechanisms were not necessary as the Board is regularly renewed by the decision of certain trustees not to seek renewal of their mandate. The approach recommended by the Board is effective because five new Trustees were elected since June 2014, representing more than 50% of the Board.

Human Resources and Governance Committee

The Human Resources and Governance Committee of BTB is charged with negotiating, finalizing and otherwise handling all the compensation and assessment of any Trustee, Executive Officer, or consultants of BTB, in order to promote the achievement of BTB's strategic and financial objectives. The Committee is also responsible for implementing governance procedures and guidelines and recommending nominees to the Board of Trustees.

As of this date and until the Annual General Meeting, Lucie Ducharme, Jean-Pierre Janson, and Christine Marchildon are members of the Human Resources and Governance Committee, all of whom are deemed independent within the meaning of the Governance Guidelines.

Investment Committee

The Investment Committee is composed of three members, the majority of which are considered independent and duly appointed by the Board of Trustees. The Investment Committee must, amongst other things, ensure that the ownership, acquisition, and operating activities do not surpass the restrictions of the Contract of Trust, evaluate, and recommend acquisitions of income producing properties and assist the Board of Trustees and Executive Officers in determining the needs of BTB and its subsidiaries with regards to any financing, acquisition, takeover bid, merger, or amalgamation.

As of this date and until the Annual General Meeting, Sylvie Lachance and Fernand Perreault are all members of the Investment Committee, all of whom are deemed to be independent within the meaning of the Governance Guidelines.

Audit Committee

As of this date and until the Annual General Meeting, Lucie Ducharme, Sylvie Lachance and Luc Martin are all members of the Audit Committee, all of whom are deemed to be independent within the meaning of the Governance Guidelines. In addition, all three are deemed financially literate and have the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity that can be reasonably be expected to be raised by the Trust's financial statements.

The Audit Committee meets on a quarterly basis and holds special meetings as circumstances require.

The Audit Committee is established by the Board for the purpose of overseeing the accounting and financial reporting processes and audits of the financial statements of the Trust. The Audit Committee's purpose is to assist the Board in fulfilling its oversight responsibilities by reviewing, advising and making recommendations to the Board on the:

- Integrity of the financial information;
- Financial reporting process;
- Systems of internal controls which management and the Board of Trustees have established;
- Performance of the Trust's external auditors;
- External auditors' qualifications and independence;
- Trust's compliance with related legal and regulatory requirements and internal policies;
- Audit and non-audit related fees; and
- ERM program and in particular, the ERM Policy.

Board Diversity

The Board of Trustees has a policy on the search and selection of candidates for the Board of Trustees. The objective of that policy is to constitute a diversified Board that will benefit BTB from a business and corporate governance perspective.

In choosing potential candidates to recommend for nomination or election as Trustees, the Human Resources and Governance Committee must take into account various considerations such as gender, age, professional experience and ethnic origin, thus allowing the Board of Trustees to benefit from the various perspectives resulting from a diversity of views and experiences.

The Board of Trustees sets up a merit-based system for the composition of the Board within a diversified and inclusive culture, open to multiple views, free from discrimination and prejudices, acknowledged or not. The Board of Trustees intends to continue its efforts to ensure that women are well represented on the Board and to achieve equality in the long term. After the Annual General Meeting, three of the nine Trustees (33%) will be women.

No-Hedging Policy

To align the interests of BTB's trustees and officers with the short and long-term interests of unitholders with respect to the financial and operational performance of BTB, the Board of Trustees has adopted in March 2019 a anti-hedging policy. In accordance with this policy, BTB's trustees and Executive Officers are prohibited from entering into financial instrument transactions that are designed to hedge or offset a decline in the market value of BTB's securities held by them or by entities under their control, including those granted to them as remuneration.

Unit Ownership Requirement Policy by Executive Officers

The Board of Trustees has a unit ownership requirements policy by its top executive officers. According to this policy, the President and Chief Executive Officer must hold units of BTB in an amount equivalent to twice his/her annual base salary and the Vice-President and Chief Financial Officer must hold units of BTB in an amount equivalent to one time his/her annual base salary.

Each senior officer is required to comply with this policy within the first 5 years from the date of becoming a member of senior management and the units must be held for the duration period of employment. As of May 8, 2023, the President and Chief Executive Officer complies with the unit ownership requirement policy. As for the Executive Vice-President, Chief Operating and Financial Officer, since he joined BTB on May 25, 2020, he is not yet complying with the unit ownership requirement policy, but he intends to comply with the policy within the first 5 years of his employment with BTB.

Board Oversight on Cyber Security

Cyber security has become an area of increasing focus as reliance on digital technologies to conduct business operations has grown significantly. As such, the Board oversees BTB's cyber security initiatives with the Audit Committee receiving regular reports on the company's cyber activities, which in turn reports to the Board.

Cyber-attacks can include, but are not limited to intrusions into operating systems, cyber extortion, social engineering fraud, theft of personal or other sensitive data and/or cause of disruptions to normal operations. Such cyber-attacks could compromise BTB and its subsidiaries' confidential information as well as that of BTB's employees, tenants and third parties with whom BTB interacts and may result in negative consequences, including remediation costs, loss of revenue, additional regulatory scrutiny, litigation and reputational damage.

As a result, BTB has developed a cyber security risk management program focused across a spectrum of preventative protective and detection measures.

These measures include, but are not limited to:

SUSTAINABLE DEVELOPMENT

In line with the principles of sustainable development, BTB incorporates environmental and social considerations into its business practices. Under BTB’s Social Responsibility and Sustainable Development Policy, its properties are managed and operated to integrate sustainable development values into the Trust’s activities, to promote the health and well-being of its employees and the communities where it operates, to manage its environmental footprint, and to demonstrate a commitment to transparency and continuous improvement of sustainability practices.

Ongoing improvement of properties through investment in environmental projects, among other things, is a top priority for BTB. The tangible results of BTB’s responsible behaviour include BOMA BEST certification for 23 properties and LEED certification for 7 properties, benchmarking of the real estate portfolio’s energy performance, a partnership with a social reintegration organization for parking lots clean-up, development of a client service and preventive maintenance software, and environmental risk management.

As mentioned above, BTB contributes to sustainable development and is committed to mobilize employees, tenants and suppliers to make it a reality. The Trust believes that its commitment to reduce its environmental footprint should be reflected not only across property operation, maintenance and management, but in everything it does. Accordingly, since September 2015, 23 properties in BTB’s portfolio have received various levels of BOMA BEST certification, including Gold (2), Silver (3), Bronze (6) and Certified (12). In addition, 7 properties are LEED qualified. This prestigious certification recognizing BTB’s excellence in environmental property

management was awarded by the Building Owners & Managers Association - BOMA Québec, a leader in the real estate industry since 1927.

In addition, BTB continued to align its long-term growth objectives with the interests of stakeholders by linking 7% of its Executive Officers' bonuses to sustainability measures for 2023.

Moving forward, BTB plans to continue to reduce the environmental footprint of its properties. Major projects, such as the Halles St-Jean energy efficiency project in St-Jean-sur-Richelieu, are implemented to optimize overall equipment performance and to upgrade buildings. BTB also expects to keep its BOMA BEST certifications and achieve the highest level of performance for certain of its properties.

Moving forward, BTB will continue to develop and implement the foundations necessary to support the Trust's ongoing sustainability journey. This includes addressing key risks related to cyber security, aligning our operating team to support BTB's growth, and investing in business intelligence to better understand our portfolio and to support expansion into Western Canada through accretive industrial acquisitions.

Environmental and Social Initiatives

BTB Bees – Alvéole: As an ecoresponsible landlord, BTB, in partnership with the firm Alvéole, has taken part in a unique initiative to help regenerate an endangered species by installing beehives on the roofs of 14 of its properties and this, since 2018. Alvéole's dedicated beekeepers tend to the hives and its bees and following the late summer harvest, BTB distributes the packaged honey to its clients and collaborators.

Ecosystem Protection - Grame: In early September 2019, BTB's team, in partnership with the non-profit organization Grame, took part in a tree-planting event, not only to beautify the playground of a school located in Montréal's West Island, but to also help purify and filter the ecosystem. More than forty-five employees volunteered their time to help plant more than 60 trees.

Social Reintegration - Société de Développement Social de Montréal: Since 2016, BTB has entrusted the Société de Développement Social de Montréal ("SDS") with the cleaning of its indoor parking facilities. Their mission is to fight homelessness and the social exclusion of its members, their program, Action Méditation, provides psychosocial assistance to people who are or are at risk of becoming homeless, whilst facilitating cohabitation and collaboration among various communities located in Montréal. The foundation is based on a principle of social solidarity and the pooling of human, technical and economic resources to address serious societal issues. SDS acts as an intermediary between the business world and communities by transparently and impartially involving businesses in more practical and humanitarian projects.

SCHEDULE A

UNIT OPTION PLAN

Description of the Unit Option Plan

The purpose of the Unit Option Plan is to further align the proprietary interests of the Trustees, senior officers, employees of BTB, Management company employees and other consultants to BTB and its subsidiaries (the “**Optionee**”) with the interests of BTB’ Unitholders in general.

The exercise price of options granted under the Unit Option Plan may not be lower than the Market Price (as defined below) of the Units on the trading day immediately preceding the date of the grant of the option. The options are exercisable for a period of up to five years from the date the option is granted.

“**Market Price**”, for the purposes of the Unit Option Plan, means, on any particular day, the market price of one (1) Unit and shall be calculated by reference to the closing price for a board lot of Units on the TSX, on that day, or if at least one (1) board lot of Units not have been traded on the TSX on that day, on the immediately preceding day for which at least one (1) board lot was so traded. In the event that the Units are not listed and posted for trading on any stock exchange, the Market Price shall be the fair market value of such Units as determined by the Board of Trustees in its sole discretion.

The aggregate number of Units reserved for issuance at any time to any one Optionee shall not exceed five percent (5%) of the number of Units outstanding on a non-diluted basis at such time, less the total of all Units reserved for issuance to such Optionee pursuant to any other security-based compensation arrangement of BTB in a 12-month period. The aggregate number of Units reserved for issuance to insiders of BTB under the Unit Option Plan and any other security-based compensation arrangement may not at any time exceed ten percent (10%) of the issued and outstanding Units. The aggregate number of Units issued to insiders under the Unit Option Plan or under any other security-based compensation arrangement of BTB in a 12-month period, may not exceed ten percent (10%) of the issued and outstanding Units. The aggregate number of Options granted to insiders in a 12-month period may not exceed ten percent (10%) of BTB’s issued and outstanding Units. The aggregate number of Units issued to consultant under the Plan within a 12-month period, may not exceed two percent (2%) of the issued and outstanding Units of BTB at the time of the grant. The aggregate number of Units reserved for issuance from time to time shall not exceed ten percent (10%) of the number of outstanding Units, less the total of all Units reserved for issuance pursuant to any other security-based compensation arrangement.

An option or interest therein is personal to each Optionee and is non-assignable other than by will or in accordance with estate laws. No option granted under the Unit Option Plan shall be hypothecated, charged, transferred, assigned or otherwise encumbered or disposed of by any Optionee on pain of nullity.

On March 8, 2019, the Trustees amended the Unit Option Plan to specify that except if the Trustees decide otherwise, no Option can be exercised in the first three (3) months following the date of the grant. Such amendment did not require Unitholders’ approval as the current amendment provisions of the Unit Option Plan allow for amendments respecting the administration of the Unit Option Plan and amendments of a “housekeeping” nature for the purpose of curing ambiguities in the Unit Option Plan, without Unitholders’ approval. The Trustees determine the vesting period applicable to the grant of options. Generally, the options can be exercised in increments of one sixth (1/6) over a period of 18 months following the date of the grant.

Also, on March 8, 2019, the Trustees amended the Unit Option Plan by requiring that at least 25% of the Units issued to a Trustee or senior employee of the Trust shall be held by such Trustee or senior employee for at least three (3) years from the date of the exercise of an Option. Such amendment did not require Unitholders’ approval as the current amendment provisions of the Unit Option Plan allow for amendments respecting the administration of the Unit Option Plan and amendments of a “housekeeping” nature for the purpose of curing ambiguities in the Unit Option Plan, without Unitholders’ approval.

Upon the exercise of an option, at least 25% of the Units issued to a Trustee or an Executive Officer of the Trust must be held by such Trustee or Executive Officer for a minimum of three (3) years from the date the option is exercised.

An option, and all rights to purchase Units pursuant thereto, generally expire and terminate 90 days after the Optionee ceasing to be an eligible participant. The Unit Option Plan includes provisions relating to expiration of an option upon the death, permanent disability, retirement or termination of employment, position or engagement with BTB or any subsidiary of an Optionee while holding an option which has not been fully exercised. However, upon the termination of an Optionee's employment, position or engagement with BTB otherwise than by reason of death, any option or unexercised part thereof granted to such Optionee may be exercised by him for that number of Units only which the Optionee was entitled to acquire under the option at the time of such termination or cessation and provided further that such option shall in no event expire later than the earlier of (i) the 90th day following the Optionee's employment, position or engagement being terminated or ceased, and (ii) the expiry date of such option.

Upon the termination of an Optionee's employment, position or engagement with BTB by reason of permanent disability or normal retirement, any option or unexercised part thereof granted to such Optionee may be exercised by him for that number of Units only which the Optionee was entitled to acquire under the option at the time of such termination and provided further that such option shall in no event expire later than the earlier of (i) one year following the Optionee's, employment, position or engagement being terminated by reason of permanent disability or normal retirement, and (ii) the expiry date of such option. The provisions relating to such expiration shall be contained in the written option agreement or instrument between BTB and the Optionee.

If an Optionee dies holding an option which has not been fully exercised, his personal representatives, heirs or legatees may, at any time pursuant to the will or letters of administration of the estate of the deceased and prior to the period of time provided under the terms of the written option agreement or instrument between BTB and the Optionee for exercise of an option upon the death of the Optionee, exercise the option with respect to the unexercised balance of the Units subject to the option, but only to the same extent to which the deceased could have exercised the option immediately before the date of such death, provided that such option shall in no event expire later than the earlier of (i) one (1) year following the Optionee's death, and (ii) the expiry date of such option.

The number of Units subject to the Unit Option Plan shall be increased or decreased proportionately in the event of the subdivision or consolidation of the outstanding units of BTB, and in any such event a corresponding adjustment shall be made changing the number of Units deliverable upon the exercise of any option granted prior to such event without any change in the total price applicable to the unexercised portion of the option, but with a corresponding adjustment in the price for each unit covered by the option. In case BTB is reorganized, appropriate provisions shall be made for the continuance of the options outstanding under this Unit Option Plan and to prevent their dilution or enlargement.

Currently, the Trustees may amend or discontinue the Unit Option Plan at any time, provided, however, that no such amendment may materially and adversely affect any option previously granted to an Optionee without the consent of the Optionee, except to the extent required by law. Any such amendment shall, if required, be subject to the prior approval of, or acceptance by the TSX.

The Board of Trustees may amend or discontinue the Plan at any time without the approval of or prior notice to the Unitholders of BTB or Optionees for the purposes of amendments of a "housekeeping" nature, which include, without limitation, amendments to ensure continued compliance with applicable laws, regulations, rules or policies of any regulatory authority and amendments to remove any ambiguity contained in the Unit Option Plan, provided, however, that no such amendment or amendments may increase the maximum number of Units issuable pursuant to the Unit Option Plan, change the minimum exercise price, extend the terms of the outstanding options, change or exceed the insider participation limit under the Unit Option Plan, or amend the above mentioned restrictions without obtaining the approval of the Unitholders.

SCHEDULE B

DEFERRED UNIT PLAN

Description of the Deferred Unit Plan

The Deferred Unit Plan is administered by the Governance and Human Resources Committee of the Board of Trustees. The purpose of the Deferred Unit Plan is to promote a greater alignment of interest between the Trustees and designated employees ("**Eligible Beneficiaries**") and the Unitholders.

Each Eligible Beneficiary will be given the right to elect to be a participant (a "**Participant**") of the Deferred Unit Plan. A Participant may be paid between fifty percent (50%) and one hundred percent (100%) of the annual retainers paid by BTB to that Trustee or any portion of a bonus paid by BTB to an employee in a calendar year for services on the Board of Trustees or to BTB, together with committee fees, additional fees and retainers to committees (collectively the "**Fees**") in the form of deferred units ("**Deferred Units**") in lieu of cash.

The number of Deferred Units (including fractional Deferred Units) granted at any particular time pursuant to this Deferred Unit Plan will be calculated by dividing (i) the dollar amount of Fees allocated to the Participant by (ii) the Market Value (as defined below) of a Unit on the award date. "Market Value" at any date in respect to the Units means the average closing price of the Units traded on the Toronto Stock Exchange in a board lot for the five (5) trading days immediately preceding such date. In the event that there is no closing price for a board lot of Units on any day in the five (5) day period, then the average of the asked and bid prices for that day shall be substituted for the closing price.

Under no circumstances shall Deferred Units be considered Units nor entitle a Participant to any Unitholder rights, including, without limitation, voting rights, distribution entitlements (other than as set out below) or rights on liquidation. One (1) Deferred Unit is equivalent to one (1) Unit. Fractional Deferred Units are permitted under the Deferred Unit Plan.

Deferred Units granted to Participants pursuant to the Deferred Unit Plan shall vest immediately. The Deferred Units credited to a Participant's Deferred Unit account may be redeemable in whole or in part for cash or in Units at the option of the Participant only when such Participant is no longer an Eligible Participant. The Deferred Units credited to a Participant's Deferred Unit account shall also be immediately redeemable by the Participant (or, where the Participant has died, his or her estate) upon the death of the Participant.

Upon payment in full of the value of a Deferred Unit, such Deferred Unit shall be cancelled.

Whenever cash distributions are paid on the Units, additional Deferred Units will be credited to the Participant's Deferred Unit account. The number of such additional Deferred Units shall be calculated by dividing (i) the amount determined by multiplying: (a) the number of Deferred Units in such Participant's Deferred Unit account on the record date for payment of such distribution; by (b) the distribution paid per Unit; by (ii) the Market Value of a Unit on the distribution payment date for such distribution, in each case, with fractions computed to four (4) decimal places. Such additional Deferred Units shall vest on the same date as the initial Deferred Units granted.

The aggregate number of Units authorized for issuance upon the redemption of Deferred Units granted under the Deferred Unit Plan together with the number of Units reserved for issuance to the Trustees, senior officers and employees of BTB pursuant to any other security-based compensation arrangements shall not at any time exceed ten percent (10%) of the then issued and outstanding Units. A maximum of ten percent (10%) of the issued and outstanding Units of BTB may be issued to insiders in any 12-month period under all the plans or other security-based compensation arrangements adopted by BTB. A maximum of ten percent (10%) of the issued and outstanding Units of BTB may be issuable to insiders at any time under all the plans or other security-based compensation arrangements adopted by BTB. A maximum of two percent (2%) of the issued and outstanding Units at any time will be authorized for issuance upon redemption of

Deferred Units. As at December 31, 2022, the Deferred Unit Plan authorizes a maximum of 1,908,473 Units for issuance upon redemption of Deferred Units.

The Trustees may amend or discontinue the Deferred Unit Plan at any time, provided, however, that no such amendment may materially and adversely affect any Deferred Unit previously granted to a Participant without the consent of the Participant, except to the extent required by law. Any such amendment shall, if required, be subject to the prior approval of, or acceptance by the TSX.

The Board of Trustees may amend or discontinue the Deferred Unit Plan at any time without the approval of or prior notice to the Unitholders of BTB or Participants, notably for the purposes of amendments of a "housekeeping" nature, which include, without limitation, amendments to ensure continued compliance with applicable laws, regulations, rules or policies of any regulatory authority and amendments to remove any ambiguity contained in the Deferred Unit Plan provided, however, that no such amendment or amendments may change or reduce the Market Value of the Deferred Units, increase the maximum number of Units, either in number or as a percent of the number of outstanding Units of BTB, issuable pursuant to the Deferred Unit Plan or reduce the term of the Deferred Units, or amend the provisions of the Deferred Unit Plan requiring Unitholders approval, without obtaining the prior approval of the Unitholders.

As at December 31, 2022, 113,464 Deferred Units were issued and outstanding, representing 0.08% of all the issued and outstanding Units at such date, leaving a balance of 1,795,009 Deferred Units available to be issued at such date, representing 2.10% of all the issued and outstanding Units.

Upon the death of a Participant, the value of a Deferred Unit registered to the account of such Participant shall be paid in cash to its assigns within 60 days of the date of death.

The Deferred Unit Plan does not provide further restrictions on the number of Deferred Units that can be issued to insiders.

The Deferred Unit is non-assignable other than by will or in accordance with estate laws, or as provided in the letter constituting the grant of the Deferred Units.

SCHEDULE C

RESTRICTED UNIT PLAN

Description of the Restricted Unit Plan (the “Plan”)

The following information is intended to be a brief description of the Plan.

On June 12, 2013, the Board of Trustees has approved the Plan pursuant to which BTB may award restricted units (“RUs”) to Eligible Persons. These RUs are hereinafter referred to as “**Base RUs**”.

Furthermore, since May 2022, the Governance and Human Resources Committee may from time to time, in its sole discretion award to a member of Management RUs on the basis of the performance of such member with respect to the established objectives (hereinafter referred to as “**Performance RUs**”).

The maximum number of Units that may be issued pursuant to the Plan shall not exceed 1,192,564 Units representing 1.4% of the issued and outstanding Units of BTB as at December 31, 2022. No RUs may be granted if the result would cause the total number of Units potentially issuable under the Plan, including the Units to be issued as a distribution payment on the Rus or on the PBU, to exceed the aggregate number of Units issuable under the Plan.

As at December 31, 2022, 481,647 Base RUs has been issued under the Plan. Of such number 129,008 Base RUs are not vested and are outstanding as at the date of the Circular, representing 0.15% of the issued and outstanding Units of BTB.

As at December 31, 2022, 94,833 Performance RUs has been issued under the Plan. Of such number 94,833 Performance RUs are not vested and are outstanding as at the date of the Circular, representing 0.11% of the issued and outstanding Units of BTB.

The aggregate number of the Units: (i) issued to insiders of BTB, within any one-year period; and (ii) issuable to insiders of BTB, at any time, under the Plan together with other security-based compensation arrangements of BTB, shall not exceed ten percent (10%) of BTB’s total issued and outstanding Units.

The objectives of the Plan are to allow the Eligible Persons to participate in the long-term success of BTB and to promote a greater alignment of their interests with those of BTB’s Unitholders. The Board of Trustees considers the Plan to be fair and in the best interests of BTB and its Unitholders.

Only the Eligible Persons may participate in the Plan. “Eligible Persons” under the Restricted Unit Plan currently consist of Trustees, senior management and key employees of BTB and its Affiliates eligible to receive awards under the Plan (the “**Participant**”). Eligibility to participate does not automatically confer upon any individual a right to receive an award of RUs pursuant to the Plan. The RUs that are granted to a Participant are not transferable.

Subject to the provisions of the Plan and such other terms and conditions as the Committee or the Board may prescribe, the Committee may, from time to time, award RUs to any Eligible Person. RUs shall be credited to the accounts maintained for the Participant on the books of the Trust, as of the Award Date. The number of RUs to be credited to each Participant’s account shall be determined by the Committee in its sole discretion in accordance with the Plan and having regard to the Award Market Value of the Units based on the volume weighted average trading price of the Units on the Toronto Stock Exchange (the “**TSX**”) on the five (5) trading days immediately preceding the Award Date.

A Participant shall receive settlement in respect of RUs recorded in the Participant’s account on the date or dates on which the RUs vest.

A Participant's accounts shall be credited, as of each distribution payment date in respect of which cash distributions are paid on Units, in additional RUs which number shall be computed by dividing: (a) the number obtained by multiplying the amount of the distribution declared and paid per Unit by the number of RUs recorded in the Participant's accounts on the record date for the payment of such distribution, by (b) the volume weighted average trading price of the Units on the TSX for the five (5) trading day immediately preceding the distribution date.

Each RU is equivalent in value to a Unit, credited on BTB's books.

Since 2022 and for every year thereafter, one-third (1/3) of the Base RUs granted shall vest immediately on the Award Date, one-third (1/3) of the Base RUs shall vest on December 31st of the year of the award and the last third (1/3) of the Base RUs granted shall vest on December 31st of the following year.

All of the Performance RUs granted shall vest on December 31st of the year following the year of the award.

Any RU granted to a Participant more than one (1) year following the grant date will immediately vest at the time of the Participant's retirement. Any RU granted to a Participant will immediately vest at the time of the Participant's death or if the Participant's employment is terminated without cause by BTB or if the Participant becomes disabled and in all such cases the RUs will be prorated between the days worked in the applicable year and the day of such event. Upon the death of a Participant, such prorated RUs shall vest and be paid on the one hundredth and eightieth (180th) day after the death of the Participant, or on a later date elected by the Participant's estate. If a Participant resigns or is terminated for cause, any of the Participants RUs which have not already vested shall immediately expire. Notwithstanding the above, the Board of Trustees may in its entire discretion amend the vesting of the RUs and the issue date of the Units as payment and settlement.

Following a change of control of BTB resulting in the transfer of all the issued and outstanding Units of BTB, all RUs which have not already vested will automatically vest to each Participant.

The Board of Trustees of BTB may review and confirm the terms of the Plan at any time and may, subject to the TSX, amend or suspend the Plan in whole or in part as well as terminate the Plan, without the approval of or prior notice to the Unitholders of BTB or Participants, for any reason, including for the purposes of amendments of a "housekeeping" nature, which include, without limitation, amendments to ensure continued compliance with applicable laws, regulations, rules or policies of any regulatory authority and amendments to remove any ambiguity contained in the Plan provided, however, that no such amendment or amendments may adversely affect the RUs previously granted under the Plan without the consent of the affected Eligible Persons. The following changes will require the approval of the Unitholders: i) a change in the number or percentage of Units that can be granted and issued under the Plan; ii) the addition of financial assistance to a Participant; iii) an amendment in the percentage of Units that can be granted and issued to the insiders of BTB; and iv) any amendment to the provision of the Plan requiring the approval of the Unitholders.

The employees of BTB and its affiliates (collectively, the “**Participants**”) are eligible to participate in the Purchase Plan. The objectives of the Purchase Plan are to allow the Participants to purchase Units of BTB and to promote a greater alignment of their interests with the interests of BTB’s Unitholders. - iii) a maximum of three percent (3%) of the base salary for an employee having between one (1) year to three (3) years of experience with BTB.

“Market Price” means, on any given date, the average closing price of a Board Lot of Units on the Toronto Stock Exchange (the “TSX”) for five (5) trading days preceding such date.

Upon the Participant providing BTB with proof of purchase, BTB shall issue from treasury, at Market Price, as soon as possible during the year but no later than within sixty (60) days of the end of the calendar year, one (1) Unit for each two (2) Units purchased on the secondary market by the Participant or through payroll deductions. Transaction fees regarding the purchase of Units by the employees or on their behalf are fully assumed by BTB. Units issued by BTB to the Participants are immediately vested.

The Board of Trustees of BTB may review and confirm the terms of the Purchase Plan from time to time and may, subject to the TSX rules, amend or suspend the Purchase Plan in whole or in part as well as terminate the Purchase Plan without prior notice as it deems appropriate for any reason, including for the purposes of amendments of a “housekeeping” nature, which include, without limitation, amendments to ensure continued compliance with applicable laws, regulations, rules or policies of any regulatory authority and amendments to remove any ambiguity contained in the Purchase Plan. However, subject to the terms of the Purchase Plan and the prior approval of the Unitholders, no amendment may (i) adversely affect the rights of the Participants to receive Units within the prescribed time, (ii) change the number or percentage of maximum Units issuable under the Purchase Plan; (iii) amend the percentage of Units that can be granted and issued to the insiders of BTB; and (iv) modify the amendment clause of the Purchase Plan.
