Presented by
Stéphanie Léonard
Principal Director of Leasing

Leasing & Renewal Activity

A total of 206,095 sq. ft. were renewed or leased during the quarter.

Secured long-term new lease with The Hub Sports Centre in Edmonton, Alberta, representing 32,750 sq. ft. (recorded as “committed” in the industrial office segment). Additional new leases totalled 7,533 sq. ft. for the quarter.

Significant lease renewals were concluded during the quarter with Groupe Touchette (industrial segment) in Saskatoon, Saskatchewan, representing 101,356 sq. ft., with Desjardins Group (suburban office segment) in Québec City, representing 21,645 sq. ft. and with the Liquor Control Board of Ontario (suburban office segment) in Ottawa, Ontario, representing 6,784 sq. ft.

Occupancy rate decreased by 70 basis points from 92.5% (Q1 2025) to 91.8%, primarily due to two planned departures that occurred in 2025, including an industrial tenant that occupied 24,014 sq. ft. in Edmonton, Alberta and an office tenant that occupied 28,049 sq. ft. in Ottawa, Ontario.

Achieved a 7.2% average increase in lease renewal rate for the quarter across all segments:

- industrial +7.6%;
- suburban office +5.3%;
- necessity-based retail +10.9%.

Forward-Looking Statements

20

From time to time, we make written or oral forward-looking statements within the meaning of applicable Canadian securities legislation. We may make forward-looking statements in this document, in other filings with Canadian regulators, in reports to unitholders, and in other communications. These forward-looking statements may include statements regarding our future objectives, strategies to achieve our objectives, as well as statements with respect to our beliefs, outlooks, plans, objectives, expectations, forecasts, estimates, and intentions. The words “may,” “could,” “should,” “outlook,” “believe,” “plan,” “forecast,” “estimate,” “expect,” “propose,” and the use of the conditional and similar words and expressions are intended to identify forward-looking statements.

By their very nature, forward-looking statements involve numerous factors and assumptions and are subject to inherent risks and uncertainties, both general and specific, which give rise to the possibility that predictions, forecasts, projections, and other forward-looking statements will not be achieved. We caution readers not to place undue reliance on these statements as a number of important factors could cause our actual results to differ materially from the expectations expressed in such forward-looking statements. These factors include general economic conditions in Canada and elsewhere, the effects of competition in the markets where we operate, the impact of changes in laws and regulations, including tax laws, successful execution of our strategy, our ability to complete and integrate strategic acquisitions successfully, potential dilution, our ability to attract and retain key employees and executives, the financial position of lessees, our ability to refinance our debts upon maturity, our ability to renew leases coming to maturity, and to lease vacant space, our ability to complete developments on plan and on schedule and to raise capital to finance our growth, as well as changes in interest rates. We caution that the foregoing list of important factors likely to affect future results is not exhaustive. When relying on forward-looking statements to make decisions with respect to BTB, investors and others should carefully consider these factors and other facts and uncertainties. Additional information about these factors can be found in the “Risks and Uncertainties” section of the MD&A.

BTB cannot assure investors that actual results will be consistent with any forward-looking statements and BTB assume no obligation to update or revise such forward-looking statements to reflect new events or circumstances, except as required under applicable securities regulations.

Non-IFRS Measures

21

The following terms and measures used in this presentation, including but not limited to, **Funds from Operations (FFO); FFO / Unit, FFO Adjusted, FFO Adjusted / Unit, Adjusted Funds from Operations (AFFO); AFFO Adjusted, AFFO Adjusted / Unit, AFFO Adjusted payout Ratio, Same Property NOI, Cash Same Property NOI, Total Debt Ratio and Total Mortgage Debt Ratio**, including any per unit information if applicable, are non-IFRS performance measures and do not have standardized meanings prescribed by IFRS. For full definitions and reconciliations of these non-IFRS measures, refer to the "Non-IFRS Financial Measures" section in BTB's management discussion and analysis ("MD&A") for the quarter March 31, 2026, which is dated May 12, 2026. The MD&A is available on the Canadian Security Administrators ("CSA") website at www.sedar.com and on our website at www.btbreit.com.

Explanations on how these non-IFRS financial measures provide useful information to investors and the additional purposes, if any, for which the Trust uses these non-IFRS financial measures, are also included in the MD&A. IFRS are International Financial Reporting Standards defined and issued by the IASB, in effect as at the date of this presentation.

Securities regulations require that non-IFRS financial measures be clearly defined and that they not be assigned greater weight than IFRS measures. The referred non-IFRS financial measures, which are reconciled to the most similar IFRS measure in the MD&A if applicable, do not have a standardized meaning prescribed by IFRS and these measures cannot be compared to similar measures used by other issuers.
