
Second Quarterly Report 2026

Positioned for Strategic Growth

BTB

Non-IFRS Financial Measures – Definitions

Non-IFRS Measure	Definition	Reconciliation
Adjusted net income	Adjusted net income is a non-IFRS financial measure that starts with net income and comprehensive income and removes the effects of: (i) fair value adjustment on investment properties; (ii) fair value adjustment on derivative financial instruments; (iii) fair value adjustment on Class B LP units; and (iv) transaction costs incurred on acquisitions and dispositions of investment properties and early repayment fees. The Trust considers this to be a useful measure of operating performance, as fair value adjustments can fluctuate widely with the real estate market.	Operating results – Adjusted net income
Cash net operating income	Cash net operating income (“Cash NOI”) is a non-IFRS financial measure defined as net operating income less: (i) lease incentive amortization; and (ii) straight-line lease adjustment. Cash NOI is reconciled to NOI, which is the most directly comparable IFRS measure. The Trust considers this to be a useful measure of operating performance and the profitability of its portfolio by excluding non-cash items.	Operating results – Cash net operating income; and Appendix 2
Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization (“Adjusted EBITDA”)	Adjusted EBITDA income is a non-IFRS financial measure that starts with net income and comprehensive income and removes the effects of certain adjustments, on a proportionate basis, including: (i) interest expense; (ii) taxes; (iii) amortization of property and equipment; (iv) fair value adjustments (including adjustments on investment properties, on derivative financial instruments, on Class B LP units and on unit price adjustments related to unit-based compensation); (v) transaction costs on acquisitions and dispositions of investment properties and early repayment fees; (vi) straight-line lease adjustments; (vii) lease incentive amortization; and (viii) accretion of effective interest on mortgage loans and convertible debentures. The most directly comparable IFRS measure to Adjusted EBITDA is net income and comprehensive income. The Trust believes Adjusted EBITDA is a useful metric to determine its ability to service debt, to finance capital expenditures and to provide distributions to its Unitholders.	Capital Resources – Interest coverage ratio; and Capital Resources – Debt service coverage ratio Appendix 4
Cash Same-Property NOI (“SPNOI”)	Cash Same-Property NOI is a non-IFRS financial measure defined as net operating income (“NOI”) for the properties that the Trust owned and operated for the entire duration of both the current year and the previous year, less: (i) lease incentive amortization; and (ii) straight-line lease adjustment. The most directly comparable IFRS measure to same-property NOI is Operating Income. The Trust believes this is a useful measure as NOI growth can be assessed on its portfolio by excluding the impact of property acquisitions and dispositions of both the current year and previous year. The Trust uses the Same-Property NOI to indicate the profitability of its existing portfolio operations and the Trust’s ability to increase its revenues, reduce its operating costs and generate organic growth. The Trust also considers this to be a useful measure of operating performance and the profitability of its portfolio by excluding non-cash items.	Operating results – Same-Property Portfolio
Funds from Operations (“FFO”) and FFO Adjusted	FFO is a non-IFRS financial measure used by most Canadian real estate investment trusts based on a standardized definition established by REALPAC in its January 2022 White Paper (“White Paper”). FFO is defined as net income and comprehensive income less certain adjustments, on a proportionate basis, including: (i) fair value adjustments on investment properties, class B LP units and derivative financial instruments; (ii) amortization of lease incentives; (iii) leasing payroll expenses; (iv) unit-based compensation; and (v) distribution on class B LP units. FFO is reconciled to net income and comprehensive income, which is the most directly comparable IFRS measure. FFO is also reconciled with the cash flows from operating activities, which is an IFRS measure. FFO Adjusted is also a non-IFRS financial measure that starts with FFO and removes the impact of transaction costs on acquisitions and dispositions of investment properties and early mortgage repayment fees. The Trust believes FFO and FFO Adjusted are key measures of operating performance and allow the investors to compare its historical performance.	Funds from Operations (FFO); Cash Flows; and Appendix 3

Non-IFRS Measure	Definition	Reconciliation
Adjusted Funds from Operations (“AFFO”) and AFFO Adjusted	AFFO is a non-IFRS financial measure used by most Canadian real estate investment trusts based on a standardized definition established by REALPAC in its White Paper. AFFO is defined as FFO less: (i) straight-line rental revenue adjustment; (ii) accretion of effective interest; (iii) amortization of other property and equipment; (iv) unit-based compensation expenses; (v) provision for non-recoverable capital expenditures; and (vi) provision for unrecovered rental fees (related to regular leasing expenditures). AFFO is reconciled to net income and comprehensive income, which is the most directly comparable IFRS measure. AFFO is also reconciled with the cash flows from operating activities, which is an IFRS measure. AFFO Adjusted is also a non-IFRS financial measure that starts with AFFO and removes the impact of transaction costs on acquisitions and dispositions of investment properties and early mortgage repayment fees. The Trust considers AFFO and AFFO Adjusted to be useful measures of economic earnings and relevant in understanding its ability to service its debt, fund capital expenditures and provide distributions to unitholders.	Adjusted Funds from Operations (AFFO); Cash Flows; and Appendix 3
FFO and AFFO per unit and FFO adjusted and AFFO adjusted per unit	FFO and AFFO per unit and FFO Adjusted and AFFO Adjusted per unit are non-IFRS financial measures used by most Canadian real estate investment trusts based on a standardized definition established by REALPAC in its White Paper. These ratios are calculated by dividing the FFO, AFFO, FFO Adjusted and AFFO Adjusted by the Weighted average number of units and Class B LP units outstanding. The Trust believes these metrics to be key measures of operating performances allowing the investors to compare its historical performance in relation to an individual per unit investment in the Trust.	Funds from Operations (FFO); Adjusted Funds from Operations (AFFO)
FFO and AFFO payout ratios and FFO Adjusted and AFFO Adjusted payout ratios	FFO and AFFO payout ratios and FFO Adjusted and AFFO Adjusted payout ratios are non-IFRS financial measures used by most Canadian real estate investment trusts based on a standardized definition established by REALPAC in its White Paper. These payout ratios are calculated by dividing the actual distributions per unit by FFO, AFFO, FFO Adjusted and AFFO Adjusted per unit in each period. The Trust considers these metrics a useful way to evaluate its distribution paying capacity.	Funds from Operations (FFO); Adjusted Funds from Operations (AFFO); and Appendix 3
Total Debt Ratio	Total debt ratio is a non-IFRS financial measure of the Trust financial leverage, which is calculated by taking the total long-term debt less cash and cash equivalents divided by total gross value of the assets of the Trust less cash and cash equivalents. The Trust considers this metric useful as it indicates its ability to meet its debt obligations and its capacity for future additional acquisitions.	Capital Resources – Debt ratio
Total Mortgage Debt Ratio	Mortgage debt ratio is a non-IFRS financial measure of the Trust financial leverage, which is calculated by taking the total mortgage debt less cash and cash equivalents divided by total gross value of the assets of the Trust less cash and cash equivalents. The Trust considers this metric useful as it indicates its ability to meet its mortgage debt obligations and its capacity for future additional acquisitions.	Capital Resources – Mortgage ratio
Interest Coverage Ratio	Interest coverage ratio is a non-IFRS financial measure which is calculated by taking the Adjusted EBITDA divided by interest expenses net of financial income (interest expenses exclude early repayment fees, accretion of effective interest, distribution on Class B LP units, accretion of non-derivative liability component of convertible debentures and the fair value adjustment on derivative financial instruments and Class B LP units). The Trust considers this metric useful as it indicates its ability to meet its interest cost obligations for a given period.	Capital Resources – Interest coverage ratio
Debt Service Coverage Ratio	Debt service coverage ratio is a non-IFRS financial measure which is calculated by taking the Adjusted EBITDA divided by the Debt Service Requirements, which consists of principal repayments and interest expenses net of financial income (interest expenses exclude early repayment fees, accretion of effective interest, distribution on Class B LP units, accretion of non-derivative liability component of convertible debentures and the fair value adjustment on derivative financial instruments and Class B LP units). The Trust considers this metric useful as it indicates its ability to meet its debt service obligations for a given period.	Capital Resources – Debt service coverage ratio

A Word from our President and CEO, *Michel Léonard*

1-9 & 10 Brewer Hunt Way & 1260-1280 Teron Road, Ottawa, ON

BTB's second quarter of 2026 results reflect the continued execution of our portfolio repositioning strategy into industrial assets, supported by sustained leasing momentum, disciplined capital allocation and improved operational performance.

Financial Overview

Rental revenue totalled \$31.9 million for the quarter, an increase of \$1.4 million or 4.5% compared to the same quarter last year. Net operating income (NOI) reached \$18.9 million, up 10.5%, while cash net operating income (Cash NOI)⁽¹⁾ totalled \$19.8 million, an increase of 1.6% compared to the same quarter of 2025. Net income and comprehensive income totalled \$8.8 million for the quarter, an increase of \$2.6 million compared to Q2 2025, and reached \$17.1 million for the six-month period, up 24.1%.

Our FFO adjusted⁽¹⁾ per unit was 9.7¢ for the quarter, compared to 8.3¢ a year ago, and our AFFO adjusted⁽¹⁾ per unit reached 9.8¢, up from 9.5¢, improving our AFFO adjusted payout ratio⁽¹⁾ to 76.5% from 79.2%.

Our balance sheet remains sound, with a total debt ratio⁽¹⁾ of 58.1% and a mortgage debt ratio⁽¹⁾ of 51.7% at quarter's end.

Leasing Momentum

Leasing activity remained strong over the first six months of the year, totalling 584,025 square feet of leasable area, including lease renewals of 464,913 square feet of leasable area and new leases concluded totalling 119,112 square feet of leasable area. The occupancy rate stood at 91.3% at quarter-end, a slight increase of 10 basis points compared to the same period in 2025. We remain focused on leasing efforts across the portfolio to further strengthen occupancy through the remainder of the year.

Portfolio Optimization

We are focused to actively advance our strategic repositioning in the industrial segment. On March 18, 2026, we acquired three accretive industrial properties in Leduc, Alberta, for a total purchase price of \$31.5 million, excluding transaction fees and adjustments. On an annualized basis, it is anticipated that this acquisition will contribute \$2.5 million to NOI.

On April 30, 2026, the Trust acquired the remaining 50% interest in a mixed-use office property located in Gatineau, Québec, for \$7 million, expected to contribute approximately \$0.5 million in annualized NOI. Subsequent to quarter-end, on August 4, 2026, we completed the sale of two office properties located in Trois-Rivières, Québec, for a total consideration of \$20 million.

In total, the Trust concluded \$38.5 million of acquisitions during the first half of the year, expected to contribute approximately \$3.0 million in annualized NOI.

ESG

On June 10, 2026, BTB proudly released its third ESG report, outlining its sustainability activities for the year 2025. The full report is available on our website.

In 2025, we strengthened our environmental data collection, expanded sustainability certifications across our portfolio with 13 new BOMA BEST certifications and we continue to foster an engaging and inclusive workplace for our employees and communities. These achievements demonstrate our determination to build resilient and performing environments while continuing to advance our ESG priorities for the benefit of all our stakeholders.

Looking Ahead

As we move into the second half of 2026, BTB remains focused on disciplined capital allocation, active portfolio management and the continued execution of our repositioning strategy. We are confident that the actions undertaken this year position the Trust for sustained operational performance and long-term value creation for our unitholders.

We would like to thank our Trustees, investors, clients and employees for their continued trust and support.

Introduction

The purpose of this Management Discussion and Analysis (“MD&A”) is to communicate the operating results of BTB Real Estate Investment Trust (“BTB” or the “Trust”) for the period ended June 30, 2026, as well as its financial position on that date. The report presents a summary of some of the Trust’s business strategies, and the business risks it faces. This MD&A, dated August 11, 2026, should be read together with the consolidated financial statements and accompanying notes for the period ended June 30, 2026. It discusses significant information available up to the said date of this MD&A. The Trust’s consolidated annual financial statements were prepared in accordance with International Financial Reporting Standards (“IFRS”), as issued by the International Accounting Standards Board (“IASB”). Unless otherwise indicated, all amounts are in thousands of Canadian dollars, except for per unit and per square foot amounts. Additional information about the Trust is available on the Canadian Security Administrators (“CSA”) website at www.sedarplus.ca and on our website at www.btbreit.com.

The Audit Committee reviewed the contents of this MD&A and the consolidated financial statements and the Trust’s Board of Trustees has approved them.

Forward-Looking Statements – Caveat

From time to time, written or oral forward-looking statements are made within the meaning of applicable Canadian securities legislation. Forward-looking statements are made in this MD&A, in other filings with Canadian regulators, in reports to unitholders and in other communications. These forward-looking statements may include statements regarding the Trust’s future objectives, strategies to achieve the Trust’s objectives, as well as statements with respect to the Trust’s beliefs, outlooks, plans, objectives, expectations, forecasts, estimates and intentions. The words “may,” “could,” “should,” “outlook,” “believe,” “plan,” “forecast,” “estimate,” “expect,” “propose,” and the use of the conditional and similar words and expressions are intended to identify forward-looking statements.

By their very nature, forward-looking statements involve numerous factors and assumptions, and are subject to inherent risks and uncertainties, both general and specific, which give rise to the possibility that predictions, forecasts, projections, and other forward-looking statements will not be achieved. Readers must be warned not to place undue reliance on these statements as several important factors could cause the Trust’s actual results to differ materially from the expectations expressed in such forwardlooking statements. These factors include general economic conditions in Canada and elsewhere, the effects of competition in the markets where we operate, the impact of changes in laws and regulations, including tax laws, successful execution of the Trust’s strategy, the ability to complete and integrate strategic acquisitions successfully, potential dilution, the ability to attract and retain key employees and executives, the financial position of lessees, the ability to refinance debts upon maturity, the ability to renew leases coming to maturity, and to lease vacant space, the ability to complete developments on plan and on schedule and to raise capital to finance the Trust’s growth, as well as changes in interest rates. The foregoing list of important factors likely to affect future results is not exhaustive. When relying on forward-looking statements to make decisions with respect to the Trust, investors and others should carefully consider these factors and other facts and uncertainties. Additional information about these factors can be found in the “Risks and Uncertainties” section.

The Trust cannot assure investors that actual results will be consistent with any forward-looking statements, and the Trust assumes no obligation to update or revise such forward-looking statements to reflect new events or circumstances, except as required under applicable securities regulations.

Non-IFRS Financial Measures

Certain terms and measures used in this MD&A (listed and defined in the non-IFRS financial measures table on page 2 and 3 of this report, including any per unit information if applicable), are non-IFRS performance measures and do not have standardized meanings prescribed by IFRS. Explanations on how these non-IFRS financial measures provide useful information to investors and the additional purposes, if any, for which the Trust uses these non-IFRS financial measures, are also included on pages 2 to 3. IFRS are International Financial Reporting Standards defined and issued by the IASB, in effect as at the date of this MD&A.

Securities regulations require that non-IFRS financial measures be clearly defined and that they not be assigned greater weight than IFRS measures. The referred non-IFRS financial measures, which are reconciled to the most similar IFRS measure in the Appendices 2 to 4 if applicable, do not have a standardized meaning prescribed by IFRS and these measures cannot be compared to similar measures used by other issuers.

The Trust

The Trust is an unincorporated open-ended real estate trust formed under and governed by the laws of the province of Quebec pursuant to a trust agreement (as amended). The Trust began its real estate operations on October 3, 2006, and as of June 30, 2026, it owned 74 properties, being industrial, suburban office and necessity-based retail properties located in primary markets of the provinces of Quebec, Ontario, Alberta, and Saskatchewan. Since its inception, the Trust has become an important property owner in the province of Quebec, in Eastern Ontario and since December 2021, in Western Canada. The units and Series I convertible debentures are traded on the Toronto Stock Exchange under the symbols “BTB.UN” and “BTB.DB.I”, respectively.

The Trust’s management is entirely internalized, and no service agreements or asset management agreements are in force between the Trust and its officers. The Trust therefore strives to ensure that the interests of management and of its employees are aligned with those of the unitholders. Management’s objective is, when favourable circumstances will prevail, to directly manage the Trust’s remaining properties to possibly achieve savings in management and operating fees through centralized and improved property management operations.

The following table provides a summary of the real estate portfolio:

	Number of properties	Leasable area (sq. ft.)	Fair value (thousands of \$)
As at June 30, 2026	74	6,036,496	1,251,095

Total leasable area includes a 55,849 square-foot property in Edmonton classified as a finance lease and not included in fair value.

Objectives and Business Strategies

The Trust’s primary objective is to maximize total return to unitholders. Total return includes distributions and long-term appreciation of the trading value of its units. More specifically, the objectives are as follows:

- (i) Generate stable monthly cash distributions that are reliable and fiscally beneficial to unitholders.
- (ii) Grow the Trust’s assets through internal growth and accretive acquisitions.
- (iii) Optimize the value of its assets through dynamic management of its properties to maximize their long-term value.

Strategically, the Trust seeks to acquire properties with high occupancy rates, good tenant quality, superior locations or low potential lease turnover and properties that are well maintained and may require less capital expenditures.

The Trust’s management regularly performs strategic portfolio reviews to determine whether it is financially advisable to dispose of certain investment properties. The Trust may dispose of certain properties if they no longer meet the Trust’s investment criteria.

In such cases, the Trust expects to use the proceeds from the sale of properties to reduce indebtedness and/or redeploy capital in property acquisitions.

Highlights of the Second Quarter Ended June 30, 2026

Rental revenue: Stood at \$31.9 million for the quarter, which represents an increase of \$1.4 million or 4.5% compared to the same quarter of 2025. The increase is caused by (1) a non-cash straight-line lease adjustments which negatively affected rental revenue by \$1.8 million in the second quarter of 2025, (2) a net increase of \$0.2 million related to acquisitions concluded in 2026, partially offset by dispositions completed throughout 2025 and 2026, (3) an increase of \$0.2 million due to new leases concluded, higher lease renewal rental rates, and increases in rental spreads for in-place leases; and partially offset by (4) a decrease of \$0.8 million resulting from planned tenant departures not yet replaced, free rent granted to new tenants, and the rent reduction granted to Lion Electric. For the six-month period, rental revenue totalled \$63.8 million, representing a decrease of \$1.1 million or 1.7% compared to the same period in 2025 mainly caused by a partial lease cancellation payment from a tenant which positively affected the rental revenue in the first quarter of 2025 by \$1.0 million.

Net operating income (NOI): Totalled \$18.9 million for the quarter, which represents an increase of \$1.8 million or 10.5% compared to the same quarter of 2025. The increase is caused by the previously outlined non-cash straight-line lease adjustments. For the six-month period, the NOI totalled \$36.7 million which represents a decrease of 0.7% compared to the same period in 2025. Excluding the said partial lease cancellation payment of \$1.0 million recorded in the first quarter of 2025, the NOI would have increased by 2.1% compared to the same period in 2025.

Cash net operating income (Cash NOI) ⁽¹⁾: Totalled \$19.8 million for the quarter, which represents an increase of \$0.3 million or 1.6% compared to the same quarter of 2025. The increase is due to (1) a net increase of \$0.4 million related to acquisitions concluded in 2026 partially offset by dispositions completed throughout 2026 and 2025, (2) a positive variance of \$0.8 million due to operating improvements, new leases concluded, higher lease renewal rental rates, and increases in rental spreads for in-place leases. Both these increases are partially offset by a decrease of \$0.9 million resulting from planned tenant departures not yet replaced and the rent reduction granted to Lion Electric.

For the six-month period, the Cash NOI totalled \$37.9 million, which represents a decrease of \$1.8 million or 4.4% compared to the same period in 2025. The decrease is driven by (1) the previously outlined partial lease cancellation payment of \$1.0 million received in the first quarter of 2025, (2) a net decrease of \$2.4 million resulting from planned tenant departures not yet replaced, free rent granted to new tenants, and the rent reduction granted to Lion Electric; and offset by (3) a positive variance of \$1.6 million due to operating improvements, higher rent renewal rates, and increases in rental spreads for in-place leases. Excluding the partial lease cancellation payment of \$1.0 million recorded in the first quarter of 2025, Cash NOI for the six-month period would have decreased by 2.0%.

Net income and comprehensive income: The Trust recorded a net gain of \$8.8 million for the quarter, which represents an increase of \$2.6 million compared to the same quarter of 2025. For the six-month period, net income and comprehensive income totalled \$17.1 million, representing an increase of 24.1% or \$3.3 million. Both increases are primarily driven by the previously stated \$1.8 million non-cash straight-line lease adjustments which negatively affected the second quarter of 2025.

Cash same-property NOI ⁽¹⁾: For the quarter, the cash same-property NOI remained stable compared to the same period in 2025. For the six-month period, the cash same-property NOI decreased by \$1.9 million or 4.8%. The decrease for the six-month period is mostly caused by (1) a partial lease cancellation payment received of \$1.0 million, which positively affected cash NOI during the first quarter of 2025 (2) a decrease in NOI recorded in the office segment due to free rent granted to new tenants in the first quarter of 2026, with whom leases were concluded in the fourth quarter of 2025 and (3) the planned departures of tenants which spaces have not yet been re-leased. The industrial segment was negatively impacted by the planned departure of a tenant, which space has not yet been re-leased in Edmonton, Alberta and by a rent reduction of \$0.4 million granted to Lion Electric. The retail segment was positively impacted by leasing efforts and a new major tenant in Levis, whose lease began on February 25, 2025.

(1) This is a non-IFRS financial measure, refer to page 2 and 27.

FFO adjusted per unit ⁽¹⁾: Was 9.7¢ per unit for the quarter compared to 8.3¢ per unit for the same period in 2025, representing an increase of 1.4¢ per unit. The increase is driven by the previously explained increase in NOI. For the six-month period, the FFO adjusted per unit was 19.5¢ compared to 19.4¢ per unit for the same period in 2025, representing an increase of 0.1¢ per unit.

AFFO adjusted per unit ⁽¹⁾: Was 9.8¢ per unit for the quarter compared to 9.5¢ per unit for the same period in 2025, representing an increase of 0.3¢ per unit. The increase is explained by the previously outlined \$0.3 million increase in Cash NOI. For the six-month period, the AFFO adjusted per unit was 18.4¢ per unit compared to 19.8¢ per unit for the same period in 2025, representing a decrease of 1.4¢ per unit. The six-month period decrease is explained by (1) the previously outlined \$1.8 million decrease in Cash NOI, partially mitigated by (2) a \$0.2 million decrease in administrative expenses and, (3) a \$0.5 million decrease of the net financial expenses before fair value adjustments.

AFFO adjusted payout ratio ⁽¹⁾: For the second quarter of 2026, the AFFO adjusted payout ratio was 76.5% compared to 79.2% for the same quarter in 2025, an improvement of 2.7%. For the six-month period, the AFFO adjusted payout ratio was 81.5% compared to 75.8% for the same period in 2025, a regression of 5.7%.

Leasing activity: During the six-month period, leasing activity totalled 584,025 square feet of leasable area, including lease renewals of 464,913 square feet of leasable area and new leases concluded totaling 119,112 square feet of leasable area. The average increase in the lease renewal rental rate for the current quarter was 5.4%. The occupancy rate of the portfolio stood at 91.3%, a 10 basis points increase compared to the same period in 2025.

Acquisitions: On March 18, 2026, the Trust acquired three fully leased industrial properties located at 6207, 6302 and 6304, 39th Street in Leduc, Alberta, totalling 143,118 square feet of leasable area. The purchase price for said properties was \$31.5 million, excluding transaction fees and adjustments. On an annualized basis, it is anticipated that this acquisition will contribute \$2.5 million to NOI. These acquisitions are in-line with BTB's strategic repositioning of its portfolio.

On April 30, 2026, the Trust acquired the remaining 50% interest in a mixed-used office property located at 7 & 9, Montclair Boulevard Gatineau, Quebec, for \$7 million, excluding transaction fees and adjustments. On an annualized basis, it is anticipated that this acquisition will contribute \$0.5 million to NOI.

For the six-month period, the Trust concluded \$38.5 million of acquisitions and on an annualized basis, it is anticipated that these acquisitions will contribute \$3.0 million to NOI on an annualized basis.

Liquidity position: The Trust held \$0.6 million of cash and cash equivalent at the end of the quarter and \$14.8 million is available under its credit facilities.⁽²⁾

Debt metrics: BTB ended the quarter with a total debt ratio ⁽¹⁾ of 58.1%, recording an increase of 110 basis points compared to December 31, 2025. The Trust ended the quarter with a mortgage debt ratio ⁽¹⁾ of 51.7%, recording an increase of 40 basis points compared to December 31, 2025.

At-the-market equity program ("ATM Program"): On May 14, 2026, the Trust filed a prospectus supplement to its short form base shelf prospectus dated December 19, 2025, to establish the ATM Program, which was approved by the Toronto Stock Exchange ("TSX") on the same date. The ATM program permits the Trust to issue and sell, from time to time and at the Trust's discretion, up to \$30.0 million of trust units from treasury to the public. The ATM Program will be effective until the earlier of: (i) the issuance and sale of an aggregate of \$30 million of trust units, which is the limit of the ATM Program; (ii) the receipt for the Base Shelf Prospectus ceasing to be effective in accordance with applicable securities laws which per the Trust's short form base shelf prospectus which would be on January 19, 2027; and (iii) the termination of the Equity Distribution Agreement dated May 14, 2026 in accordance with its terms. As of June 30, 2026, no units have been issued.

Subsequent event: On August 4, 2026, the Trust completed the sale of two office properties located at 505 Des Forges Street & 1500 Royale Street, in Trois-Rivières, Quebec, for a total consideration of \$20 million, excluding transaction fees and adjustments.

Summary of significant items as at June 30, 2026

- Total number of properties: 74
- Total leasable area: 6.0 million square feet
- Total asset value: \$1.3 billion
- Market capitalization: \$342 million (unit trading price of \$3.87 as at June 30, 2026)

(1) This is a non-IFRS financial measure, refer to page 2 and 27.

(2) Credit facilities is a term used that reconciles with the bank loans as presented and defined in the Trust's consolidated financial statements and accompanying notes.

Selected Financial Information

The following table presents selected financial information for the three-month and six-month periods ended June 30, 2026, and June 30, 2025.

(2) Includes distributions on Class B LP units.

Segmented Information

The Trust’s operations are generated from three segments of properties located in the provinces of Quebec, Ontario, Alberta and Saskatchewan. The following tables summarize each operating segment’s contribution to investment properties, to revenues, to net operating income (NOI) and to cash net operating income (Cash NOI) for the three-month and six-month periods ended June 30, 2026, and June 30, 2025:

Quarters ended June 30 (in thousands of dollars)	Industrial		Suburban office		Necessity-based retail		Total
	\$	%	\$	%	\$	%	\$
Quarter ended June 30, 2026

(1) This is a non-IFRS financial measure, refer to page 2 and 27.

Industrial performance

The proportional fair value of industrial properties increased to 37.9% compared to 36.4% in the same period last year, mainly due to the acquisition of three industrial properties in the previous quarter. Year to date, the proportional share of rental revenue and cash NOI increased by 3.9% and 1.8%, respectively, compared to the same period last year. The increase in rental revenue is primarily attributable to the acquisition of the three properties completed in the prior quarter as well as the non-cash straight-line lease adjustments which negatively affected revenue during the second quarter of 2025, as previously outlined. The occupancy rate for the segment decreased by 20 basis points from 91.8% to 91.6% due to the known departure of an industrial tenant, occupying 24,014 square feet (Q3-2025). Year to date, the Trust concluded lease renewals totaling 184,354 square feet in the industrial segment, reflecting an average rent increase of 8.8%. The fully leased acquisitions concluded in the first quarter and a new lease committed in the first quarter for 32,750 square feet mitigated the decrease of the occupancy rate.

Suburban office performance

The proportional fair value of the suburban office properties decreased at 41.1% compared to 41.8% in the same period last year. This decrease is mainly attributable to the disposition of an office property in Quebec City during Q3-2025. Year to date, the proportional share of rental revenue and cash NOI generated by the suburban office segment decreased by 4.2% and 3.4%, respectively, compared to the same period last year. The decrease is primarily attributable to (1) a partial lease cancellation payment from a tenant which positively affected the rental revenue in the first quarter of 2025; (2) due to free rent granted to new tenants in the first quarter of 2026, with whom leases were concluded in the fourth quarter of 2025 and (3) the planned departures of tenants which spaces have not yet been re-leased. The occupancy rate for this segment increased by 40 basis points to 87.0% compared to the same period in 2025. Year to date, the leasing activity in the suburban office segment remained strong, with 263,285 square feet renewed with an average rent increase of 3.3% and 52,683 square feet of new leases concluded that partially offset the impact of departures.

Necessity-based retail performance

The necessity-based retail segment continues to demonstrate strong performance, as most of the properties in this segment are anchored by necessity-based tenants. The occupancy rate stood at 98.9% at the end of the second quarter of 2026, consistent with the same period in 2025. The proportional share of rental revenue and cash NOI decreased by 0.3% and 1.6%, respectively, compared to the same period last year due to the disposition of the property located at 909-915 Pierre-Bertrand Boulevard, in Quebec City, Quebec in the previous quarter. Year to date, the Trust concluded lease renewals for a total of 17,274 square feet in the necessity-based retail segment with an average rent increase of 9.4%.

Operating Performance Indicators

The following performance indicators are used to measure the Trust’s operating performance:

Committed occupancy rate: provides an indication of the optimization of rental space and the potential revenue gain from the Trust’s property portfolio. This rate considers occupied leasable area and the leasable area of leases that have been signed as of the end of the quarter but where the term of the lease has not yet begun.

In-place occupancy rate: shows the percentage of occupied leasable area at the end of the period.

Lease renewal rate: is used to record the Trust’s tenant retention with lease renewals.

Average rate of rent for renewed leases: measures organic growth and the Trust’s ability to increase its rental revenue for a given period.

Real Estate Portfolio

At the end of the second quarter of 2026, BTB owned 74 properties, representing a total fair value of approximately \$1.3 billion and a total leasable area of approximately 6.0 million square feet. A description of all the properties owned by the Trust can be found in the Trust's Annual Information Form available at www.sedarplus.ca.

Summary of investment properties held as at June 30, 2026

Operating segment	Number of properties	Leasable area (sq. ft.)	Committed occupancy rate (%)	In Place occupancy rate (%)	% of portfolio
Industrial	34	2,202,037	91.6	91.6	36.5

Total portfolio	74	6,036,496	91.3	90.7	100.0

Acquisitions of investment properties

On March 18, 2026, the Trust acquired three fully leased industrial properties located at 6207, 6302 and 6303 39th Street in Leduc, Alberta, for a total consideration of \$31.5 million, excluding transaction costs and adjustments. Following the acquisition of the properties, the Trust's total leasable area increased by 143,118 square feet.

On April 30, 2026, the Trust acquired the remaining 50% interest in a fully leased-mixed-used office property located at 7 & 9 Montclair Boulevard in Gatineau, Quebec, for total consideration of \$7 million, excluding transaction fees and adjustments.

Disposition of investment property

On March 24, 2026, the Trust disposed of a retail property located at 909-915 Pierre-Bertrand Boulevard, in Québec City, Quebec, for total proceeds of \$11.7 million, excluding transactions costs and adjustments.

Real Estate Operations

Portfolio occupancy

The following table summarizes the changes in occupied area for the three-month and six-month periods ended June 30, 2026, and June 30, 2025.

Periods ended June 30 (in sq. ft.)	Three-month		Six-month	
	2026	2025	2026	2025
Occupied area at the beginning of the period ⁽¹⁾	5,537,806	5,668,001	5,460,118	5,676,015
Purchased assets	-	-	143,118	-
Sold assets ⁽³⁾	-	(26,400)	(84,704)	(26,400)
Signed new leases	78,829	49,809	119,112	106,438
Tenant departures	(107,723)	(128,474)	(128,732)	(193,117)
Other ⁽²⁾	913	472	913	472
Occupied leasable area at the end of the period ⁽¹⁾	5,509,825	5,563,408	5,509,825	5,563,408
Vacant area at the beginning of the period	497,777	457,734	519,767	449,720
Sold assets vacant ⁽³⁾	-	-	(2,716)	-
Net absorption ⁽⁴⁾	28,894	78,193	9,620	86,207
Vacant leasable area at the end of the period ⁽³⁾	526,671	535,927	526,671	535,927
Total leasable area at the end of the period	6,036,496	6,099,335	6,036,496	6,099,335

(1) The occupied area includes in place and committed agreements.
(2) Other adjustments on the occupied area represent mainly area remeasurements.
(3) The total square footage of the sold property was 87,420 square feet, which 84,704 square feet were occupied, and 2,716 square feet were vacant. The occupied portion is presented under "Sold assets", and the vacant portion is presented under "Sold assets vacant".
(4) The net absorption is the difference between the signed new leases and Tenant departures.

Compared to the same period last year, the Trust saw an increase in its committed occupancy rate by 10 basis points from 91.2% to 91.3%.

Leasing activities

The following table summarizes the lease renewal activity for the periods ended June 30, 2026, and June 30, 2025, as well as the cumulative periods for the first six months of 2026 and 2025:

Periods ended June 30 (in sq. ft.)	Three-month		Six-month	
	2026	2025	2026	2025
Leases expired at term	213,294	176,883	390,678	318,793
Renewed leases at term	141,921	81,622	307,733	159,126
Lease renewal rate	66.5%	46.1%	78.8%	49.9%
Lease renewal rate including transactions with no net absorptions ⁽¹⁾	76.0%	46.1%	84.0%	49.9%

(1) Represents the lease renewal rate adjusted to exclude the replacements with no net impact on the portfolio occupancy, which were recorded as new leases rather than renewals. See details in paragraph below.

Excluding the impact of a tenant's departure, which was caused by the Trust's decision to not renew its lease, the lease renewal rate for the quarter would have been 76.0%, however the space was immediately re-leased to a new tenant, therefore not impacting the Trust's occupancy rate for the quarter. This transaction ⁽¹⁾ was with ProGym (in the necessity-based retail segment), for a property located in Saint-Bruno-de-Montarville, Quebec representing a total of 19,038 square feet. As mentioned, this transaction was recorded as a new lease rather than lease renewal and it thereby reduced the renewal rate to 66.5% for the period.

The most significant lease renewals concluded during the second quarter were concluded with (i) Difuze Inc. (suburban office segment), located in Montreal, Quebec, representing 50,913 square feet, (ii) Innovex (industrial segment), located in Edmonton, Alberta, representing 25,734 square feet, (iii) BMO Nesbitt Burns (suburban office segment), located in Ottawa, Ontario, representing 20,533 square feet, and (iv) the Government of Quebec for an integrated proximity youth service center (suburban office segment), located in Saint-Jean-sur-Richelieu, Quebec, representing 16,350 square feet.

During the quarter, the Trust also renewed leases with existing tenants, whose leases were coming to maturity in 2027 or years thereafter, representing a total of 157,180 square feet. The most significant early lease renewals during the quarter were concluded with (i) BBA Group (suburban office segment), located in Mont Saint-Hilaire, Quebec representing 69,270 square feet, (ii) Royal Drugs (industrial segment), located in Ottawa, Ontario, representing 46,433 square feet and with (iii) SFL Wealth Management (suburban office segment), located in Quebec City, Quebec, representing 33,546 square feet.

In all, the Trust's total lease renewal activity amounted to 299,101 square feet for the quarter (including 141,921 square feet renewed at term and 157,180 square feet anticipated) for a total of 464,913 square feet for the first six-month period of the year.

Average lease rental renewal rate

Operating segment	Three-month		Six-month	
	Renewals (sq. ft.)	Increase (%)	Renewals (sq. ft.)	Increase (%)
Industrial	82,998	10.5%	184,354	8.8%
Suburban office	208,912	2.9%	263,285	3.3%
Necessity-based retail	7,191	7.0%	17,274	9.4%
Total	299,101	4.6%	464,913	5.4%

New leases

During the quarter, the Trust leased a total of 78,829 square feet to new tenants. The most significant new leases concluded during the quarter were with ProGym, in Saint-Bruno-de-Montarville, Quebec, representing 19,038 square feet (recorded as “In Place” in the necessity-based retail segment), and with Noibu Technologies, in Ottawa, Ontario, representing 14,444 square feet (recorded as “Committed” in the suburban office segment). The remaining 45,347 square represents a combination of new “in place” tenants and “committed” tenants, thereby leaving a total of 526,671 square feet of leasable area available for lease at the end of the quarter.

For the first six-month period of the year, the Trust concluded a total of 119,112 square feet of new leases. As such, 44.2% of new leases were concluded in the suburban office segment, 28.3% of new leases were concluded in the necessity-based retail segment, and 27.5% of new leases were concluded in the industrial segment.

Occupancy rates

The following tables detail the Trust’s committed occupancy rates by operational segments and geographic sectors, including committed lease agreements:

	June 30, 2026	March 31, 2026	December 31, 2025	September 30, 2025	June 30, 2025
Operating segment	%	%	%	%	%
Industrial	91.6	92.7	90.6	90.6	91.8
Suburban office	87.0	87.3	87.6	88.0	86.6
Necessity-based retail	98.9	98.5	98.9	98.9	98.8
Total portfolio	91.3	91.8	91.3	91.5	91.2

	June 30, 2026	March 31, 2026	December 31, 2025	September 30, 2025	June 30, 2025
Geographic sector	%	%	%	%	%
Montreal	90.5	91.3	91.6	91.6	91.6
Quebec City	89.9	89.5	90.4	90.0	85.8
Trois-Rivières	80.3	80.3	80.3	75.9	75.9
Ottawa	93.1	93.9	93.4	96.9	98.8
Edmonton	95.6	95.6	86.0	86.0	91.9
Saskatoon	100.0	100.0	100.0	100.0	100.0
Total portfolio	91.3	91.8	91.3	91.5	91.2

Lease maturities

The following table summarizes the Trust’s lease maturity profile for the next five years:

	2026	2027	2028	2029	2030
Industrial					
Leasable area (sq. ft.)	135,331	307,435	356,864	86,014	138,291
Average lease rate/square foot (\$) ⁽¹⁾	\$14.22	\$9.24	\$15.47	\$16.56	\$12.30
% of industrial portfolio	6.15%	13.96%	16.21%	3.91%	6.28%
Suburban office					
Leasable area (sq. ft.)	186,038	254,985	232,145	321,077	403,278
Average lease rate/square foot (\$) ⁽¹⁾	\$14.17	\$17.59	\$16.95	\$15.77	\$17.31
% of office portfolio	7.42%	10.17%	9.26%	12.80%	16.08%
Necessity-based retail					
Leasable area (sq. ft.)	10,256	126,722	52,653	243,458	69,914
Average lease rate/square foot (\$) ⁽¹⁾	\$12.85	\$16.01	\$20.19	\$13.31	\$20.51
% of retail portfolio	0.77%	9.55%	3.97%	18.36%	5.27%
Total portfolio					
Leasable area (sq. ft.)	331,625	689,141	641,663	650,549	611,483
Average lease rate/square foot (\$) ⁽¹⁾	\$14.15	\$13.57	\$16.40	\$14.95	\$16.54
% of total portfolio	5.49%	11.42%	10.63%	10.78%	10.13%

(1) This is a non-IFRS financial measure. The average lease rate / square foot (\$) ratio is calculated by dividing the annual rental revenues related to leases maturing within a specific year divided by the total leasable area (square feet) of the leases maturing within a specific year.

Weighted average lease term

For the quarter ended June 30, 2026, the weighted average lease term stood at 5.2 years compared to 5.1 years for the same period in 2025. In addition, to secure future revenue for the Trust and to solidify its tenant base, the Trust's lease renewal strategy is also focused on renewing leases prior to their maturities to increase the average outstanding lease terms.

Top 10 tenants

The Trust's three largest tenants are the Government of Canada, the Government of Quebec (both in the suburban office segment), and Walmart (in the necessity-based retail segment), representing respectively 5.5%, 5.4%, and 3.3% of rental revenue.

48.2% of the Trust's total revenue is generated by leases signed with federal, provincial and municipal governments and publicly traded entities.

The following table shows the Top 10 tenants' contribution to total revenue as a percentage of revenue as at June 30, 2026. Their contribution accounts for 25.8% of rental revenue and represents 20.6% of the Trust's total leasable area:

Client	% of rental revenue	% of leasable area	Leasable area (sq. ft.)
Government of Canada	5.5	4.1	246,456
Government of Quebec	5.4	4.5	273,604
Walmart	3.3	4.4	264,550
Nors (previously known as Strongco)	2.5	2.0	118,585
Bristol-Myers Squibb Canada Co	2.0	1.0	61,034
Groupe BBA Inc.	1.6	1.1	69,270
Loblaw Companies Limited	1.4	1.1	64,745
Intrado Life & Safety Canada Inc.	1.4	0.9	53,567
WSP	1.4	0.8	48,478
Desjardins Group	1.3	0.7	42,744
	25.8	20.6	1,243,033

Operating Results

The following tables summarize the financial results for the three-month and six-month periods ended June 30, 2026, and June 30, 2025. These tables should be read in conjunction with the consolidated financial statements and the accompanying notes:

Periods ended June 30 (in thousands of dollars)	Three-month		Six-month	
	2026	2025	2026	2025
	\$	\$	\$	\$
Rental revenue	31,874	30,513	63,833	64,924
Operating expenses	12,950	13,384	27,131	27,974
Net operating income (NOI)	18,924	17,129	36,702	36,950
Net financial expenses and financial income	7,622	8,785	15,139	18,980
Administration expenses	2,509	2,584	4,217	4,602
Transaction costs	24	266	216	266
Fair value adjustment on investment properties	-	(700)	-	(700)
Net income and comprehensive income	8,769	6,194	17,130	13,802

Periods ended June 30 (in thousands of dollars)	Three-month		Six-month	
	2026	2025	2026	2025
Net operating income (NOI)	18,924	17,129	36,702	36,950
Lease incentive amortization	860	836	1,709	1,633
Straight-line lease adjustment	(16)	1,500	(470)	1,119
Cash net operating income (Cash NOI) ⁽¹⁾	19,768	19,465	37,941	39,702

(1) This is a non-IFRS financial measure, refer to page 2 and 27.

Rental revenue

For the quarter, rental revenue stood at \$31.9 million, which represents an increase of \$1.4 million or 4.5% compared to the same quarter in 2025. For the cumulative six-month period, rental revenue decreased by \$1.1 million or 1.7% compared to the same period in 2025.

The decrease is mainly caused by a partial lease cancellation payment from a tenant which positively affected the rental revenue in the first quarter of 2025 by \$1.0 million.

Operating expenses

The following table summarizes the Trust’s operating expenses for the three-month and six-month periods ended June 30, 2026, and June 30, 2025:

Periods ended June 30 (in thousands of dollars)	Three-month		Six-month	
	2026	2025	2026	2025
	\$	\$	\$	\$
Operating expenses				
Maintenance, repairs and other operating costs	4,546	5,027	9,589	10,156
Energy	1,167	1,128	3,331	3,467
Property taxes and insurance	7,237	7,229	14,211	14,351
Total operating expenses	12,950	13,384	27,131	27,974
% of rental revenue	40.6%	43.9%	42.5%	43.1%

As a percentage of revenues, operating expenses decreased by 3.3% for the quarter compared to the same quarter last year and decreased by 0.6% for the cumulative six-month period. The improvement is mainly attributable to (1) the Trust’s continued focus on operational efficiency and disciplined cost management, and (2) the absence of the previously outlined non-cash straight-line lease adjustments that negatively affected rental revenues in the second quarter of 2025.

Financial expenses and income

The following table summarizes financial expenses for the three-month and six-month periods ended June 30, 2026, and June 30, 2025:

Periods ended June 30 (in thousands of dollars)	Three-month		Six-month	
	2026	2025	2026	2025
	\$	\$	\$	\$
Financial income	(263)	(348)	(528)	(775)
Interest on mortgage loans	7,109	7,289	14,303	14,590
Interest on convertible debentures	729	728	1,456	1,482
Interest on credit facilities	516	439	1,002	914
Other interest expense	121	122	239	248
Interest expense net of financial income	8,212	8,230	16,472	16,459
Distributions on Class B LP units	53	52	105	104
Net financial expenses before non-monetary items	8,265	8,282	16,577	16,563
Accretion of effective interest on mortgage loans and convertible debentures	490	367	921	947
Accretion of non-derivative liability component of convertible debentures	167	145	320	583
Net financial expenses before the following items:	8,922	8,794	17,818	18,093
Fair value adjustment on derivative financial instruments	(1,349)	(176)	(2,526)	692
Fair value adjustment on Class B LP units	49	167	(153)	195
Net financial expenses net of financial income	7,622	8,785	15,139	18,980

Financial income consists of interest income generated from interest rate swap agreements on mortgages and earned finance income generated from a lease reclassified as a finance lease triggered by the exercise of an option to purchase the property located at 18028, 114th Avenue NW, in Edmonton, Alberta.

Interest expense, net of financial income remained stable compared to the same period last year.

As at June 30, 2026, the weighted average mortgage interest rate was 4.44%, 8 basis points higher than the average rate as at June 30, 2025 which stood at 4.36%. The increase is primarily due to fixed-rate mortgages being refinanced at rates slightly higher.

The weighted average interest rate for fixed mortgage loans increased by 13 basis points to 4.31% (4.18% as at June 30, 2025). Interest rates on first-ranking mortgage loans ranged from 3.20% to 6.46% as at June 30, 2026, (3.10% to 6.80% as at June 30, 2025). The cumulative balance of the Trust's loans subject to a fixed interest rate is \$553.4 million.

The weighted average contractual interest rate for mortgages subject to variable interest rates was 5.53%, a decrease of 86 basis points compared to the same period in 2025 which was 6.39%. The cumulative balance of the Trust's loans subject to a variable rate is \$20.9 million. The weighted average contractual interest rate for mortgages subject to floating-for-fixed interest rate swap net of finance income was 5.09%, (5.07% floating rate), an increase of 23 basis points compared to the same period in 2025 which was 4.86%, (5.26% floating rate).

The cumulative balance of the Trust’s loans subject to a floating-for-fixed interest rate swap is \$89.3 million.

The weighted average term of mortgage loans in place as at June 30, 2026, was 2.15 years (2.5 years as at June 30, 2025).

Net financial expenses, net of financial income, described above, include non-monetary items. These non-monetary items are the accretion of effective interest on mortgage loans and on convertible debentures, the accretion of non-derivative liability component of convertible debentures and the fair value adjustment on derivative financial instruments and on Class B LP units.

Administration expenses

The following table summarizes the Trust’s administration expenses for the three-month and six-month periods ended June 30, 2026, and June 30, 2025:

Periods ended June 30 (in thousands of dollars)	Three-month		Six-month	
	2026	2025	2026	2025
	\$	\$	\$	\$
Corporate expenses	2,020	1,736	3,610	3,414
Expected credit losses	205	488	214	634
Unit-based compensation	284	360	393	554
Trust administration expenses	2,509	2,584	4,217	4,602

Fair value adjustment of investment properties

Under IAS 40, the Trust accounts for its investment properties at fair value and recognizes the gain or loss arising from a change in the fair value in profit or loss for the period in which it arises. Furthermore, upon a disposition the Trust will revalue the investment property at the disposition consideration.

On an annual basis, the Trust retains the services of independent external appraisers to evaluate the fair value of a significant portion of its portfolio. Pursuant to its policy, the Trust ensures that all properties are externally appraised on a three-year rotation basis. As at June 30, 2026, the Trust had not externally appraised any of its properties. To determine the value of the properties not independently appraised during a given year, the Trust receives quarterly market data regarding capitalization rates and discount rates reflecting real estate market conditions from independent external appraisers or independent experts. The capitalization rate reports provide a range of rates for various geographic regions where the Trust operates and for various types and qualities of properties within each said region. The Trust utilizes capitalization and discount rates within ranges provided by these external experts.

The following tables summarize the changes in fair value of investment properties by segment for the three-month and six-month periods ended June 30, 2026 and June 30, 2025.

Periods ended June 30 (in thousands of dollars)	Three-month		Six-month	
	2026	2025	2026	2025
	\$	\$	\$	\$
Industrial	-	700	-	700
Suburban office	-	-	-	-
Necessity-based retail	-	-	-	-
Total change in fair value	-	700	-	700

The following tables summarize the significant assumptions used in the modelling process for both internal and external appraisals for the periods ended June 30, 2026 and December 31, 2025:

As at June 30, 2026	Industrial	Suburban office	Necessity-based retail
Capitalization rate	5.50% - 7.50%	6.00% - 8.25%	5.75% - 7.50%
Terminal capitalization rate	5.75% - 8.00%	6.25% - 8.50%	6.00% - 7.75%
Discount rate	6.25% - 8.75%	6.75% - 9.00%	6.50% - 8.25%
Weighted average capitalization rate	6.23%	6.98%	7.00%
As at December 31, 2025			
Capitalization rate	5.50% - 7.50%	6.00% - 8.50%	5.75% - 7.75%
Terminal capitalization rate	5.75% - 8.00%	6.25% - 8.50%	6.00% - 8.00%
Discount rate	6.25% - 8.75%	6.75% - 9.00%	6.50% - 8.75%
Weighted average capitalization rate	6.18%	6.98%	7.03%

The weighted average capitalization rate for the entire portfolio was 6.70% as at June 30, 2026 (6.70% as at December 31, 2025), unchanged compared to December 31, 2025.

As at June 30, 2026, the Trust has estimated that if an increase / decrease of 0.25% in the capitalization rate were applied to the overall portfolio, this variation would affect the fair value of its investment properties respectively by a reduction of \$45.4 million or an increase of \$49.0 million. The change in the capitalization rates is an appropriate proxy of the changes for the discount and terminal capitalization rates.

Adjusted net income

Net income and comprehensive income fluctuate from one quarter to the next based on volatile non-monetary items. The fair value of derivative financial instruments and the fair value of investment properties fluctuate based on the stock market volatility of the Trust's units, the forward interest rate curve and the discount and capitalization rates of its real estate portfolio.

The following table summarizes the adjusted net income ⁽¹⁾ before these volatile non-monetary items and transaction costs for the three-month and six-month periods ended June 30, 2026, and June 30, 2025:

Periods ended June 30 (in thousands of dollars, except for per unit)	Three-month		Six-month	
	2026	2025	2026	2025
	\$	\$	\$	\$
Net income and comprehensive income	8,769	6,194	17,130	13,802
Transaction costs on acquisitions and dispositions of investment properties and early repayment fees	24	266	216	266
Fair value adjustment on investment properties	-	(700)	-	(700)
Fair value adjustment on derivative financial instruments	(1,349)	(176)	(2,526)	692
Fair value adjustment on Class B LP units	49	167	(153)	195
Adjusted net income ⁽¹⁾	7,493	5,751	14,667	14,255
Per unit	8.4¢	6.5¢	16.5¢	16.0¢

(1) This is a non-IFRS financial measure, refer to page 2 and 27.

Adjusted net income increased by \$1.7 million for the quarter compared to the same period last year. This increase is primarily attributable to (1) an NOI increase of \$1.8 million and (2) an increase of net financial expenses before fair value adjustments of \$0.1 million.

Adjusted net income increased by \$0.4 million for the cumulative six-month period compared to the same period last year.

Operating Results – Same-Property Portfolio

Same-property portfolio

The same-property portfolio includes all the properties owned by the Trust on June 30, 2025, and that are still owned by the Trust on June 30, 2026. Therefore, it excludes all the acquired ^{(2) (3)} and disposed ^{(2) (3)} properties during the years 2025 and 2026, straight-line rent and amortization of lease incentives.

The following table summarizes the results of the cash same-property NOI ⁽¹⁾ for the three-month and six-month periods ended June 30, 2026, and June 30, 2025:

Periods ended June 30 (in thousands of dollars)	Three-month			Six-month		
	2026	2025	Δ %	2026	2025	Δ %
	\$	\$		\$	\$	
Cash Net operating income (NOI) ⁽¹⁾	19,768	19,465	1.6%	37,941	39,702	(4.4)%
Cash NOI ⁽¹⁾ sourced from:						
Acquisitions	(824)	-		(921)	-	
Dispositions	(152)	(536)		(451)	(1,144)	
Corporation	(151)	(223)		(73)	(213)	
Cash Same-Property NOI ⁽¹⁾	18,641	18,706	(0.3)%	36,496	38,345	(4.8)%
Cash Same-Property NOI ⁽¹⁾ sourced from:						
Industrial	5,388	5,463	(1.4)%	10,834	11,202	(3.3)%
Suburban office	8,346	8,771	(4.8)%	16,128	18,228	(11.5)%
Necessity-based retail	4,907	4,472	9.7%	9,534	8,915	6.9%
Cash Same-Property NOI ⁽¹⁾	18,641	18,706	(0.3)%	36,496	38,345	(4.8)%

(1) This is a non-IFRS financial measure, refer to page 2 and 27.

Compared to the same quarter last year, the cash same-property net operating income (SPNOI) ⁽¹⁾ decreased by 0.3% and for the six-month period, cash same-property net operating income (SPNOI) ⁽¹⁾ decreased by 4.8%. Excluding the partial lease cancellation payment which positively affected NOI in the first quarter of 2025 of \$1.0 million, the Cash SPNOI would have decreased by 2.3% for the six-month period.

For the quarter, the Cash SPNOI for the industrial segment decreased by \$0.1 million or 1.4% compared to the same quarter last year. This decrease is primarily due to (1) a rent reduction granted to Lion Electric (\$0.2 million), and (2) a planned tenant departure at the end of the third quarter of 2025 not yet replaced occupying 24,014 square feet in Edmonton (\$0.2 million), partially offset by (3) a new lease concluded in 2025 in Edmonton positively impacting the current quarter (\$0.2 million); and (4) a new lease concluded in 2025 in Montréal (\$0.2 million).

For the six-month period, the industrial segment cash same-property NOI decreased by \$0.4 million or 3.3%.

For the quarter, the Cash SPNOI for the suburban office segment decreased by \$0.4 million or 4.8% compared to the same quarter last year. The decrease is driven by planned departures of tenants in Ottawa at the end of the third quarter of 2025 not yet fully replaced. For the six-month period, the suburban office segment decreased by \$2.1 million or 11.5%. Excluding the partial lease cancellation payment which positively affected NOI in the first quarter of 2025 of \$1.0 million, the Cash SPNOI for the suburban office segment would have decreased by 6.4%.

(1) This is a non-IFRS financial measure, refer to page 2 and 27.

(2) Refer to the Trust’s consolidated financial statements dated August 11, 2026, note 3, section a) for the acquired properties details.

(3) Refer to the audited consolidated financial statements and accompanying notes for the year ended December 31, 2025, for the acquisitions and dispositions of the year 2025.

Finally, for the quarter, the Cash SPNOI for necessity-based retail segment increased by \$0.4 million or 9.7% compared to the same quarter last year. The increase is due to the full-quarter contribution of a tenant in the city of Saint-Bruno de Montarville, whose lease began in March 2025, but was granted free rent until September 2025. For the six-month period, the necessity-based retail segment increased by \$0.6 million or 6.9%.

Distributions

Distributions and per unit

The following table summarizes the distributions for the three-month and six-month periods ended June 30, 2026, and June 30, 2025:

Periods ended June 30 (in thousands of dollars, except for per unit data)	Three-month		Six-month	
	2026	2025	2026	2025
	\$	\$	\$	\$
Distributions				
Cash distributions	6,634	6,619	13,256	12,654
Cash distributions – Class B LP units	53	52	105	104
Distributions reinvested under the distribution reinvestment plan	-	-	-	574
Total distributions to unitholders	6,687	6,671	13,361	13,332
Percentage of reinvested distributions ^{(1) (2)}	0.0%	0.0%	0.0%	4.3%
Per unit ⁽²⁾				
Distributions	7.5¢	7.5¢	15.0¢	15.0¢

(1) This is a non-IFRS financial measure. The percentage of reinvested distributions ratio is calculated by dividing the distributions reinvested under the distribution reinvestment plan by the total distributions to unitholders.

(2) Including Class B LP units.

For the quarter, the monthly distributions paid to unitholders totalled 2.5¢ per unit and for the quarter, totalled 7.5¢ per unit, unchanged from the same quarter of 2025. For the six-month period, the distributions totalled 15.0¢ per unit, unchanged from the same period last year.

Funds from Operations (FFO)⁽¹⁾

The following table provides a reconciliation of net income and comprehensive income established in accordance with IFRS and FFO⁽¹⁾ for the three-month and six-month periods ended June 30, 2026, and June 30, 2025:

Periods ended June 30 (in thousands of dollars, except for per unit)	Three-month		Six-month	
	2026	2025	2026	2025
	\$	\$	\$	\$
Net income and comprehensive income (IFRS)	8,769	6,194	17,130	13,802
Fair value adjustment on investment properties	-	(700)	-	(700)
Fair value adjustment on Class B LP units	49	167	(153)	195
Amortization of lease incentives	860	836	1,709	1,633
Fair value adjustment on derivative financial instruments	(1,349)	(176)	(2,526)	692
Leasing payroll expenses	532	525	1,061	991
Distributions - Class B LP units	53	52	105	104
Unit-based compensation (Unit price remeasurement)	(332)	201	(148)	262
FFO ⁽¹⁾	8,582	7,099	17,178	16,979
Transaction costs on disposition of investment properties and mortgage early repayment fees	24	266	216	266
FFO Adjusted ⁽¹⁾	8,606	7,365	17,394	17,245
FFO per unit ^{(1) (2) (3)}	9.6¢	8.0¢	19.3¢	19.1¢
FFO Adjusted per unit ^{(1) (2) (4)}	9.7¢	8.3¢	19.5¢	19.4¢
FFO payout ratio ⁽¹⁾	78.1%	94.0%	77.7%	78.5%
FFO Adjusted payout ratio ⁽¹⁾	77.3%	90.6%	76.9%	77.3%

(1) This is a non-IFRS financial measure, refer to page 2 and 27.
(2) Including Class B LP units.
(3) The FFO per unit ratio is calculated by dividing the FFO⁽¹⁾ by the Trust’s total weighted average number of units outstanding (including the Class B LP units).
(4) The FFO Adjusted per unit ratio is calculated by dividing the FFO Adjusted⁽¹⁾ by the Trust’s total weighted average number of units outstanding (including the Class B LP units).

For the quarter, FFO Adjusted⁽¹⁾ was 9.7¢ per unit, compared to 8.3¢ per unit for the same period in 2025, representing an increase of 1.4¢ per unit or 16.9%. For the six-month period, the FFO adjusted was 19.5¢ per unit compared to 19.4¢ per unit for the same period in 2025, representing an increase of 0.1¢ per unit or 0.5%. The increase is driven by the previously outlined increase in NOI.

(1) This is a non-IFRS financial measure, refer to page 2 and 27.

Adjusted Funds from Operations (AFFO)⁽¹⁾

The following table provides a reconciliation of FFO⁽¹⁾ and AFFO⁽¹⁾ for the three-month and six-month periods ended June 30, 2026, and June 30, 2025:

Periods ended June 30 (in thousands of dollars, except for per unit data)	Three-month		Six-month	
	2026	2025	2026	2025
	\$	\$	\$	\$
FFO ⁽¹⁾	8,582	7,099	17,178	16,979
Straight-line rental revenue adjustment	(16)	1,500	(470)	1,119
Accretion of effective interest	490	367	921	947
Amortization of other property and equipment	16	17	35	35
Unit-based compensation expenses	616	159	541	292
Provision for non-recoverable capital expenditures ⁽¹⁾	(638)	(610)	(1,277)	(1,298)
Provision for unrecovered rental fees ⁽¹⁾	(375)	(375)	(750)	(750)
AFFO ⁽¹⁾	8,675	8,157	16,178	17,324
Transaction costs on disposition of investment properties and mortgage early repayment fees	24	266	216	266
AFFO Adjusted ⁽¹⁾	8,699	8,423	16,394	17,590
AFFO per unit ^{(1) (2) (3)}	9.7¢	9.2¢	18.2¢	19.5¢
AFFO Adjusted per unit ^{(1) (2) (4)}	9.8¢	9.5¢	18.4¢	19.8¢
AFFO payout ratio ⁽¹⁾	77.3%	81.8%	82.4%	76.9%
AFFO Adjusted payout ratio ⁽¹⁾	76.5%	79.2%	81.5%	75.8%

(1) This is a non-IFRS financial measure, refer to page 2 and 27.
(2) Including Class B LP units.
(3) The AFFO per unit ratio is calculated by dividing the AFFO⁽¹⁾ by the Trust’s total weighted average number of units outstanding (including the Class B LP units).
(4) The AFFO Adjusted per unit ratio is calculated by dividing the AFFO Adjusted⁽¹⁾ by the Trust’s total weighted average number of units outstanding (including the Class B LP units).

For the quarter, the AFFO adjusted⁽¹⁾ per unit was 9.8¢ per unit compared to 9.5¢ per unit for the same period in 2025, representing an increase of 0.3¢ per unit or 3.2%. For the six-month period, the AFFO adjusted⁽¹⁾ per unit was 18.4¢ per unit compared to 19.8¢ per unit for the same period in 2025, representing a decrease of 1.4¢ per unit or 7.1%, compared to the same period in 2025. The six-month period decrease is explained by (1) the previously outlined \$1.8 million decrease in Cash NOI, partially mitigated by (2) a \$0.2 million decrease in administrative expenses and, (3) a \$0.5 million decrease of the net financial expenses before fair value adjustments.

In calculating AFFO⁽¹⁾, the Trust deducts a provision for non-recoverable capital expenditures⁽²⁾ to consider capital expenditures invested to maintain the condition of its properties and to preserve rental revenue. The provision for non-recoverable capital expenditures is calculated based on 2% of rental revenues. This provision is based on management’s assessment of industry practices and its investment forecasts for the coming years.

The Trust also deducts a provision for unrecoverable rental fees⁽²⁾ in the amount of approximately 25¢ per square foot of the leasable area of the Trust’s properties, on an annualized basis. Even though quarterly rental fee disbursements vary significantly from one quarter to another, management considers that this provision fairly represents, in the long term, the average disbursements not recovered directly in the rent that the Trust will receive. These disbursements consist of inducements paid or granted to its tenants when leases are signed that are generally amortized over the term of the lease and are subject to an equivalent increase in rent per square foot, of brokerage commissions and its leasing team payroll expenses.

(1) This is a non-IFRS financial measure, refer to page 2 and 27.
(2) This is a non-IFRS financial measure as defined in this page.

The following table compares the amount of the provision for non-recoverable capital investments to the amount of investment made during the last three years:

Periods ended June 30 and December 31 (in thousands of dollars)	June 30, 2026	June 30, 2025	December 31, 2025	December 31, 2024
	\$	\$	\$	\$
Provision for non-recoverable capital expenditures ⁽¹⁾	1,277	1,298	2,603	2,601
Non-recoverable capital expenditures	1,129	581	2,070	2,878

(1) This is a non-IFRS financial measure, refer to AFFO section for detailed explanations.

The Trust intends to achieve a balance between actual investment and the estimated provisions over the long term. Management may change the calculation of the provision, as required.

Cash Flows

The following table shows the Trust’s net distributions to unitholders compared to net cash flows from operating activities less interest paid for the six-month and twelve-month periods ended June 30, 2026, and June 30, 2025 and for the years 2025 and 2024:

Periods ended June 30 and 12-month periods ended December 31 (in thousands of dollars)	2026 (6 months)	2025 (6 months)	2025 (12 months)	2024 (12 months)
	\$	\$	\$	\$
Net cash flows from operating activities	30,211	34,150	70,604	66,004
Interest paid	(16,572)	(16,419)	(33,113)	(32,594)
Net cash flows from operating activities less interest paid	13,639	17,731	37,491	33,410
Net distributions to unitholders	13,256	12,654	25,894	22,638
Surplus of net cash flows from operating activities less interest paid compared to net distributions to unitholders	383	5,077	11,597	10,772

The following table summarizes the reconciliation of net cash flows from operating activities presented in the financial statements, AFFO ⁽¹⁾ and FFO ⁽¹⁾ for the three-month and six-month periods ended June 30, 2026, and June 30, 2025:

Periods ended June 30 (in thousands of dollars)	Three-month		Six-month	
	2026	2025	2026	2025
	\$	\$	\$	\$
Cash flows from operating activities	18,623	18,787	30,211	34,150
Leasing payroll expenses	532	525	1,061	991
Transaction costs on purchase and disposition of investment properties and early repayment fees	(24)	(266)	(216)	(266)
Adjustments for changes in other working capital items	(1,064)	(1,529)	3,941	1,539
Financial income	263	348	528	775
Interest expenses	(8,475)	(8,578)	(17,000)	(17,234)
Provision for non-recoverable capital expenditures ⁽²⁾	(638)	(610)	(1,277)	(1,298)
Provision for non-recovered rental fees ⁽²⁾	(375)	(375)	(750)	(750)
Accretion of non-derivative liability component of convertible debentures	(167)	(145)	(320)	(583)
AFFO ⁽¹⁾	8,675	8,157	16,178	17,324
Provision for non-recoverable capital expenditures ⁽²⁾	638	610	1,277	1,298
Provision for non-recovered rental fees ⁽²⁾	375	375	750	750
Straight-line rental revenue adjustment	16	(1,500)	470	(1,119)
Unit-based compensation expenses	(616)	(159)	(541)	(292)
Accretion of effective interest	(490)	(367)	(921)	(947)
Amortization of property and equipment	(16)	(17)	(35)	(35)
FFO ⁽¹⁾	8,582	7,099	17,178	16,979

(1) This is a non-IFRS financial measure, refer to page 2 and 27.

(2) This is a non-IFRS financial measure, refer to AFFO section for detailed explanations.

(1) This is a non-IFRS financial measure, refer to page 2 and 27.

Assets

Investment properties

The Trust has grown through the acquisitions of quality properties based on its selection criteria, while maintaining an appropriate allocation among three operating segments: industrial, suburban office, and necessity-based retail.

The real estate portfolio consists of direct interests in wholly owned investment properties.

The following table summarizes the changes in the fair value of investment properties for the three-month and six-month periods ended June 30, 2026, and June 30, 2025:

Periods ended June 30 (in thousands of dollars)	Three-month		Six-month	
	2026	2025	2026	2025
	\$	\$	\$	\$
Balance, beginning of period	1,239,849	1,235,460	1,217,957	1,233,282
Additions:				
Acquisitions	7,036	-	38,698	-
Dispositions	-	(6,100)	(11,700)	(6,100)
Construction on investment property	-	-	-	101
Capital expenditures	2,266	1,182	3,082	2,460
Leasing fees and capitalized lease incentives	2,788	1,876	4,297	3,091
Fair value adjustment on investment properties	-	700	-	700
Other non-monetary changes ⁽¹⁾	(844)	(2,336)	(1,239)	(2,752)
Balance, end of period	1,251,095	1,230,782	1,251,095	1,230,782

(1) The other non-monetary changes are composed of the lease incentives amortization and straight-line lease adjustments.

Improvements in investment properties

The Trust invests its capital to improve its properties to preserve the quality of their infrastructure and services provided to tenants. These investments include value-added expenditures required to upkeep properties, as well as property improvements and redevelopment projects intended to increase leasable area, occupancy rates, quality of space available for rent or fair value. Some capital expenditures are amortized and may be recovered from tenants.

The following table summarizes capital expenditures, incentives, and leasing fees, for the three-month and six-month periods ended June 30, 2026, and June 30, 2025:

Periods ended June 30 (in thousands of dollars)	Three-month		Six-month	
	2026	2025	2026	2025
	\$	\$	\$	\$
Recoverable capital expenditures	1,186	838	1,953	1,879
Non-recoverable capital expenditures	1,080	344	1,129	581
Total capital expenditures	2,266	1,182	3,082	2,460
Leasing fees and leasehold improvements	2,788	1,876	4,297	3,091
Construction on investment property	-	-	-	101
Total	5,054	3,058	7,379	5,652

Receivables

(in thousands of dollars)	June 30, 2026	December 31, 2025	June 30, 2025
	\$	\$	\$
Rent receivable	6,185	4,699	5,355
Allowance for expected credit losses	(1,301)	(1,683)	(1,316)
Net rent receivable	4,884	3,016	4,039
Unbilled recoveries	974	1,863	1,197
Other receivables	291	602	805
Receivables	6,149	5,481	6,041

Prepaid expenses, Deposits and Property and equipment

(in thousands of dollars)	June 30, 2026	December 31, 2025	June 30, 2025
	\$	\$	\$
Property and equipment	1,596	1,592	1,493
Accumulated depreciation	(1,387)	(1,356)	(1,320)
Net property and equipment	209	236	173
Prepaid expenses	8,530	1,128	7,113
Deposits	3,447	2,323	2,405
Other assets	12,186	3,687	9,691

Capital Resources

Long-term debt

The following table summarizes the balance of BTB's indebtedness on June 30, 2026, including mortgage loans and convertible debentures, based on the year of maturity and corresponding weighted average contractual interest rates:

As at June 30, 2026 (in thousands of dollars)	Balance of convertible debentures ⁽¹⁾	Balance of mortgages payable ⁽¹⁾	Weighted average contractual interest rate
	\$	\$	%
Year of maturity			
2026	-	142,954	4.68
2027	-	154,032	4.33
2028	-	93,679	4.45
2029	-	148,695	3.94
2030	40,250	40,487	6.00
2031 and thereafter	-	83,803	4.94
Total	40,250	663,652	4.60

(1) Gross amounts.

The Trust has \$143.0 million of mortgages that are maturing over the next six months. The Trust, as of the date of this report, (1) has refinanced \$22.6 million of mortgages, (2) has received commitment letters or letters of intent from financial institutions for the refinancing of \$21.1 million and is in the process of negotiating the remaining 2026 mortgages coming to maturity.

Weighted average contractual interest rate

As at June 30, 2026, the weighted average contractual interest rate of the Trust’s long-term debt stood at 4.60% (4.44% for mortgage loans and 7.25% for convertible debentures), representing an increase of 7 basis points compared to the same period last year which was 4.53% (4.36% for mortgage loans and 7.25% for convertible debentures).

Mortgage loans

The following table summarizes the changes in mortgage loans payable for the three-month and six-month periods ended June 30, 2026:

	Three-month	Six-month
Periods ended June 30, 2026 (in thousands of dollars)	\$	\$
Balance at beginning ⁽¹⁾	663,359	643,944
Mortgage loans contracted or assumed ⁽²⁾	5,042	48,899
Balance repaid at maturity or upon disposition ⁽³⁾	-	(20,026)
Monthly principal repayments ⁽⁴⁾	(4,749)	(9,165)
Balance as at June 30, 2026 ⁽¹⁾	663,652	663,652

(1) Before unamortized financing expenses and fair value assumption adjustments.
(2) This is a non-IFRS measure. Mortgage loans contracted or assumed are included in the Consolidated Statements of Cash Flows within the *Mortgage loans, net of financing expenses*.
(3) This is a non-IFRS measure. Balance repaid at maturity or upon disposition are included in the Consolidated Statements of Cash Flows within the following: *Repayment of mortgage loans* and *Net proceeds from disposition of investment properties*.
(4) This is a non-IFRS measure. Principal monthly repayments are included in the Consolidated Statements of Cash Flows within *Repayment of mortgage loans*.

The weighted average term of existing mortgage loans was 2.15 years as at June 30, 2026, compared to 2.5 years for the same period last year. The Trust attempts to spread the maturities of its mortgages over several years to mitigate the risk associated with mortgage renewals.

The following table summarizes future mortgage loan repayments for the next few years:

As at June 30, 2026 (in thousands of dollars)	Principal repayment	Balance at maturity	Total	% of total
	\$	\$	\$	
Maturity				
2026 (6 months)	8,756	134,200	142,956	21.5
2027	13,631	140,401	154,032	23.2
2028	9,579	84,100	93,679	14.2
2029	6,033	142,662	148,695	22.4
2030	3,744	36,743	40,487	6.1
2031 and thereafter	6,111	77,692	83,803	12.6
Total	47,854	615,798	663,652	100.0
Unamortized financing expenses and fair value assumption adjustments			(2,270)	
Balance as at June 30, 2026			661,382	

As at June 30, 2026, the Trust was in compliance with all the contractual mortgage covenants to which it is subject.

Convertible debentures

The following table summarizes the convertible debentures as at June 30, 2026:

(in thousands of dollars)	Series I ^{(1) (2)}
Par value	40,250 ⁽³⁾
Contractual interest rate	7.25%
Effective interest rate	8.54%
Date of issuance	January 2025
Per-unit conversion price	4.10
Date of interest payment	February 28 and August 31
Maturity date	February 2030
Balance as at June 30, 2026	35,842

(1) Redeemable by the Trust, under certain conditions, on or after February 28, 2028 and prior to February 28, 2029, at a redemption price equal to the principal amount plus accrued, unpaid interest, provided that the unit market price is at least 125% of the Series I conversion price and, on or after February 28, 2029, and prior to February 28, 2030, at a redemption price equal to their principal amount plus accrued and unpaid interest.
(2) The Trust may, at its option and under certain conditions, elect to satisfy its obligation to pay the principal amount of the Series I debentures by issuing tradable units freely to Series I debenture holders obtained by dividing the principal amount of the debentures by 95% of the current market price on the date of redemption or maturity.
(3) No conversion since the issuance of the Series I debentures.

Debt ratio

In accordance with its trust agreement, the Trust cannot contract a mortgage loan if, after having contracted the said loan, the total mortgage debt would exceed 75% of the fair value of the Trust's total assets. When establishing this calculation, the convertible debentures should not be considered in the calculation of total indebtedness. Moreover, under its trust indenture, in case of failure to abide by this condition, the Trust benefits from a 12-month additional period from the date of its knowledge to remedy the situation.

The following table summarizes the Trust's debt ratios as at June 30, 2026, December 31, 2025 and June 30, 2025:

(in thousands of dollars)	June 30, 2026	December 31, 2025	June 30, 2025
	\$	\$	\$
Cash and cash equivalents	(601)	(5,432)	(5,677)
Mortgage loans outstanding ⁽¹⁾	663,652	643,944	659,094
Convertible debentures ⁽¹⁾	37,428	37,108	36,816
Credit facilities	44,744	34,456	30,951
Total long-term debt less cash and cash equivalents ^{(2) (3)}	745,223	710,076	721,184
Total gross value of the assets of the Trust less cash and cash equivalents ^{(2) (4)}	1,282,766	1,245,284	1,263,906
Mortgage debt ratio (excluding convertible debentures and credit facilities) ^{(2) (5)}	51.7%	51.3%	51.7%
Debt ratio – convertible debentures ^{(2) (6)}	2.9%	3.0%	2.9%
Debt ratio – credit facilities ^{(2) (7)}	3.5%	2.8%	2.4%
Total debt ratio ⁽²⁾	58.1%	57.0%	57.1%

(1) Before unamortized financing expenses and fair value assumption adjustments.
(2) This is a non-IFRS financial measure, refer to page 2 and 27.
(3) Long-term debt less free cash flow is a non-IFRS financial measure, calculated as total of: (i) fixed rate mortgage loans payable; (ii) floating rate mortgage loans payable; (iii) Series I convertibles debentures capital adjusted with non-derivative component less conversion options exercised by holders; and (iv) credit facilities, less cash and cash equivalents. The most directly comparable IFRS measure to net debt is debt.
(4) Gross value of the assets of the Trust less cash and cash equivalent (“GVALC”) is a non-IFRS financial measure defined as the Trust total assets adding the cumulated amortization property and equipment and removing the cash and cash equivalent. The most directly comparable IFRS measure to GVALC is total assets.
(5) Mortgage debt ratio is calculated by dividing the mortgage loans outstanding by the GVALC.
(6) Debt ratio – convertible debentures is calculated by dividing the convertible debentures by the GVALC.
(7) Debt ratio – credit facilities is calculated by dividing the credit facilities by the GVALC.

The Trust seeks to finance its acquisitions with a maximum mortgage debt ratio of 65% since the cost of financing is lower than the capital cost of the Trust's equity. Liquidity refers to the Trust having credit availability under committed credit facilities and/or generating enough cash and cash equivalents to fund the ongoing operational commitments including maintenance capital and development capital expenditures, distributions to unitholders and planned growth in the business. The Trust maintains credit facilities to provide financial liquidity which can be drawn or repaid on short notice, reducing the need to hold liquid resources in cash and deposits.

Interest coverage ratio

The following table summarizes the interest coverage ratio for the three-month and six-month periods ended June 30, 2026, and June 30, 2025:

Periods ended June 30 (in thousands of dollars, except for the ratios)	Three-month		Six-month	
	2026	2025	2026	2025
	\$	\$	\$	\$
Adjusted EBITDA ⁽¹⁾	16,986	17,250	33,714	35,485
Interest expenses net of financial income ⁽²⁾	8,212	8,230	16,472	16,459
Interest coverage ratio ⁽³⁾	2.07	2.10	2.05	2.16

(1) This is a non-IFRS financial measure, refer to page 2 and 27.
(2) This is a non-IFRS financial measure. Interest expenses exclude early repayment fees, accretion of effective interest, distribution on Class B LP units, accretion of non-derivative liability component of convertible debentures and the fair value adjustment on derivative financial instruments and Class B LP units.
(3) This is a non-IFRS financial measure. Interest coverage ratio is calculated by dividing the Adjusted EBITDA ⁽¹⁾ by Interest expenses net of financial income (as previously defined).

Debt service coverage ratio

The following table summarizes the debt service coverage ratio for the three-month and six-month periods ended June 30, 2026, and June 30, 2025:

Periods ended June 30 (in thousands of dollars, except for the ratios)	Three-month		Six-month	
	2026	2025	2026	2025
	\$	\$	\$	\$
Adjusted EBITDA ⁽¹⁾	16,986	17,250	33,714	35,485
Interest expenses net of financial income ⁽²⁾	8,212	8,230	16,472	16,459
Principal repayments	4,749	5,558	9,165	10,432
Debt service requirements	12,961	13,788	25,637	26,891
Debt service coverage ratio ⁽³⁾	1.31	1.25	1.32	1.32

(1) This is a non-IFRS financial measure, refer to page 2 and 27.
(2) This is a non-IFRS financial measure. Interest expenses exclude early repayment fees, accretion of effective interest, distribution on Class B LP units, accretion of non-derivative liability component of convertible debentures and the fair value adjustment on derivative financial instruments and Class B LP units.
(3) This is a non-IFRS financial measure. Debt service coverage ratio is calculated by dividing the Adjusted EBITDA ⁽¹⁾ by Debt service requirements.

Class B LP units

The following table summarizes the Class B LP units for the three-month and six-month periods ended June 30, 2026:

Periods ended June 30, 2026 (in number of units)	Three-month		Six-month	
	Units	\$	Units	\$
Class B LP units outstanding, beginning of period	697,265	2,650	697,265	2,852
Fair value adjustment	-	49	-	(153)
Class B LP units outstanding, end of period	697,265	2,698	697,265	2,698

The Class B LP units are exchangeable at any time, at the option of the holder, for an equal number of units of the Trust trading on the TSX. They are entitled to receive the same distributions as declared on the Trust units. In accordance with IFRS, distributions paid on Class B LP units are recorded as financial expenses when declared. Distributions declared are adjusted in calculating FFO and AFFO.

Units outstanding

The following table summarizes the total number of units outstanding and the weighted number of units outstanding for the three-month and six-month periods ended June 30, 2026, and June 30, 2025:

Periods ended June 30 (in number of units)	Three-month		Six-month	
	2026	2025	2026	2025
Units outstanding, beginning of the period	88,300,223	88,229,140	88,268,679	88,024,109
Distribution reinvestment plan	-	-	-	177,541
Issued - employee unit purchase plan	586	2,220	32,130	29,710
Issued - restricted unit compensation plan	156,004	37,319	156,004	37,319
Units outstanding, end of the period	88,456,813	88,268,679	88,456,813	88,268,679
Weighted average number of units outstanding	88,378,518	88,248,910	88,352,687	88,146,394
Weighted average number of Class B LP units and units outstanding	89,075,783	88,946,175	89,049,952	88,843,659

On March 4, 2025, the Toronto Stock Exchange (TSX) approved the renewal of the normal course issuer bid (“NCIB”), permitting BTB to repurchase for cancellation up to 6,063,797 units from March 6, 2025, to March 5, 2026, representing approximately 7% of the Trust's issued and outstanding units at the time of the renewal. As of June 30, 2026, no units have been repurchased for cancellation.

On May 14, 2026, the Trust filed a prospectus supplement to its short form base shelf prospectus dated December 19, 2025, to establish an at-the-market equity program (the “ATM Program”), which was approved by the Toronto Stock Exchange (“TSX”) on the same date. The ATM program permits the Trust to issue and sell, from time to time and at the Trust's discretion, up to \$30.0 million of trust units from treasury to the public. The ATM Program will be effective until the earlier of: (i) the issuance and sale of an aggregate of \$30.0 million of trust units, which is the limit of the ATM Program; (ii) the receipt for the Base Shelf Prospectus ceasing to be effective in accordance with applicable securities laws which per the Trust's short form base shelf prospectus would be on January 19, 2027 ; and (iii) the termination of the Equity Distribution Agreement dated May 14, 2026 in accordance with its terms. As of June 30, 2026, no units have been issued.

Off-balance sheet arrangements and contractual commitments

The Trust does not have any other off-balance sheet arrangement or commitment that have or are likely to have an impact on its operating results or financial position, specifically its cash position and sources of financing.

Accounting Policies and Estimates

The preparation of consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. Estimates are based on historical experience and other assumptions that are considered reasonable under given circumstances. The result of the continual review of these estimates is the basis for exercising judgment on the carrying amounts of assets and liabilities and the reported amounts of revenues and expenses. Actual results may differ from these estimates. Critical judgments made by BTB in applying significant accounting policies, the most significant of which is the fair value of investment properties, are described in the annual consolidated financial statements as at and for the years ended December 31, 2025, and 2024.

The Trust used the income approach to determine fair value. Fair value is estimated by capitalizing the cash flow that a property can reasonably be expected to produce over its remaining economic life. The income approach is based on two methods: the overall capitalization rate method, whereby net operating income is capitalized at the requisite overall capitalization rate, or the discounted cash flow method, whereby cash flows are projected over the expected term of the investment plus a terminal value discounted using an appropriate discount rate.

Risks and Uncertainties

Numerous risks and uncertainties could cause BTB's actual results to differ materially from those expressed, implied or projected in the forward-looking statements, including those described in the “Risk Factors” section of BTB's 2026 Annual Information Form for the year ended December 31, 2025, and those described in the “Risk Factors” section of BTB's Prospectus Supplement filed on December 19, 2025 on www.sedarplus.ca which is hereby incorporated by reference.

Disclosure Controls and Procedures and Internal Control Over Financial Reporting

The President and Chief Executive Officer and the Vice-President and Chief Financial Officer of BTB are responsible for establishing and maintaining disclosure controls and procedures (“DC&P”) and internal control over financial reporting (“ICFR”), as those terms are defined in Canadian Securities Administrators Multilateral Instrument 52-109.

Evaluations are performed regularly to assess the effectiveness of DC&P, including this MD&A and the consolidated financial statements. Based on these evaluations, the President and Chief Executive Officer and the Vice-President and Chief Financial Officer concluded that the DC&P were effective as at December 31, 2025.

During the second quarter of 2026, management made no changes to internal control over financial reporting that materially affected, or are likely to materially affect, internal control over financial reporting.

Appendix 1 – Definitions

Class B LP Units

Class B LP units means the Class B LP limited partnership units of BTB LP, which are exchangeable for units, on a one for one basis.

Rental revenue

Rental revenue includes all amounts earned from tenants related to lease agreements, including basic rent and additional rent from operating expense recoveries. It also includes other service charges for parking and storage, lease termination revenues and straight-line rent adjustments.

Some of the Trust's leases include clauses providing for the recovery of rental revenue based on amounts that increase every few years. These increases are negotiated when the leases are signed. Under IFRS, these increases must be recognized on a straight-line basis over the terms of the leases.

Operating expenses

Operating expenses are expenses directly related to real estate operations and are generally charged back to tenants as provided for in the contractual terms of the leases. Operating expenses include property taxes and public utilities, costs related to indoor and outdoor maintenance, heating, ventilation and air conditioning, elevators, insurance, janitorial services and management and operating fees. The amount of operating expenses that the Trust can recover from its tenants depends on the occupancy rate of the properties and the nature of the existing leases containing clauses regarding the recovery of expenses. Most of the Trust's leases are net rental leases under which tenants are required to pay their share of the properties' operating expenses. The Trust pays particular attention to compliance with existing leases and the recovery of these operating expenses.

Net operating income (NOI)

NOI is used in the real estate industry to measure operational performance. The Trust defines it as rental revenue from properties, less the combined operating expenses of investment properties. This definition may differ from that of other issuers and accordingly, the Trust's NOI may not be comparable to the NOI of other issuers.

Financial expenses

Financial expenses arise from the following loans and financing:

- Mortgage loans payable contracted or assumed totalling approximately \$663.7 million as at June 30, 2026, compared to \$659.1 million as at June 30, 2025.
- Series I convertible debentures for a total par value of \$40.3 million as at June 30, 2026.
- Credit facilities used as needed.
- Financing costs on mortgages, convertible debentures and other loans netted against the related debt and amortized on an effective interest basis over the expected life of the debt.

Administration expenses

Administration expenses include corporate costs such as payroll expenses and professional fees associated with executive and administrative staff of the Trust, the compensation plan for trustees, legal and auditing services, expenses related to listed fund status, insurance costs, office expenses and expected credit losses and related legal fees. Administration expenses include amortization of the head office building and property and equipment, as well as unit-based compensation, a non-monetary item that affects the volatility of administrative expenses from quarter to quarter.

Fair value adjustment on investment properties

Under IAS 40, the Trust accounts for its investment properties at fair value and recognizes the gain or loss arising from a change in the fair value in profit or loss for the quarters in which it arises.

The fair value of investment properties is determined using the discounted cash flow method, the capitalized net operating income (NOI) method or the comparable method, which are generally accepted valuation methods.

Management receives quarterly capitalization rate and discount rate data from external chartered valuers and independent experts. The capitalization rate reports provide a range of rates for various geographic regions and for various types and qualities of properties within each region. The Trust utilizes capitalization and discount rates within ranges provided by external valuers. To the extent that the externally provided capitalization rate ranges change from one reporting quarter to the next or should another rate within the provided ranges be more appropriate than the rate previously used, the fair value of the investment properties would increase or decrease accordingly.

Same-property portfolio

The same-property portfolio includes all the properties owned by the Trust as at January 1, 2025 and still owned as at June 30, 2026, but does not include the financial impacts from dispositions, acquisitions and developments completed in 2025 and 2026, as well as the results of subsequently sold properties.

Cash net operating income (NOI) from the same-property portfolio

Cash net operating income (NOI) from the same-property portfolio provides an indication of the profitability of existing portfolio operations and the Trust’s ability to increase its revenues and reduce its costs, excluding non-cash items. It is defined as rental revenue from properties from the same-property portfolio, less operating expenses of the same portfolio and less lease incentive amortization and straight-line lease adjustment.

Appendix 2 – Non-IFRS Financial Measures – Cash NOI Operating Segment And Quarterly Reconciliation

Cash net operating income (Cash NOI) ⁽¹⁾

The following table provides a reconciliation of cash NOI ⁽¹⁾ with NOI for the three-month and six-month periods ended June 30, 2026, and June 30, 2025:

	Industrial	Suburban office	Necessity-based retail	Total
	\$	\$	\$	\$
Three-month period ended June 30, 2026				
Net operating income (NOI)	5,921	8,146	4,857	18,924
Lease incentive amortization	206	518	136	860
Straight-line lease adjustment	(131)	200	(85)	(16)
Cash net operating income (Cash NOI) ⁽¹⁾	5,996	8,864	4,908	19,768
Three-month period ended June 30, 2025				
Net operating income (NOI)	3,659	8,709	4,761	17,129
Lease incentive amortization	163	910	(237)	836

Notes to Condensed Consolidated Interim Financial Statements

For the six-months ended June 30, 2026 and 2025
(Unaudited - in thousands of CAD dollars, except unit and per unit amounts)

1. Reporting Entity

BTB Real Estate Investment Trust (“BTB”) is an unincorporated open-ended real estate investment trust formed and governed under the Civil code of Quebec pursuant to a trust agreement and is domiciled in Canada. The address of BTB’s registered office is 1411 Crescent Street, Suite 300, Montreal, Quebec, Canada, H3G 2B2. The condensed consolidated interim financial statements of BTB for the three-month and six-month periods ended June 30, 2026 and 2025 comprise BTB and its wholly-owned subsidiaries (together referred to as the “Trust”) and the Trust’s interest in joint operations.

2. Basis of Preparation

(a) Statement of compliance

The unaudited condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting (“IAS 34”) as issued by the International Accounting Standards Board (“IASB”). They do not include all of the information required for full annual consolidated financial statements and should be read in conjunction with the Trust’s consolidated financial statements for the year ended December 31, 2025.

The accounting policies applied by the Trust in these unaudited condensed interim financial statements are the same as those applied by the Trust in its consolidated financial statements for the year ended December 31, 2025.

These unaudited condensed consolidated interim financial statements were approved by the Board of Trustees on August 11, 2026.

(b) Functional and presentation currency

These unaudited condensed consolidated financial statements are presented in Canadian dollars, which is BTB’s functional currency. All financial information has been rounded to the nearest thousand, except per unit amounts.

(c) Use of estimates and judgments

The preparation of consolidated financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the unaudited condensed consolidated financial statements and reported amounts of revenues and expenses during the reporting period. Estimates and assumptions are continuously evaluated and are based on management’s experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. Actual results may differ from these estimates, and the differences may be material.

3. Investment Properties

	Six-month period ended June 30,	Year ended December 31,
	2026	2025
	\$	\$
Balance beginning of period	1,217,957	1,233,282
Adjustments to right-of-use assets	-	295
Acquisitions of investment properties (note 3(a))	38,698	-
Dispositions of investment properties (note 3(b))	(11,700)	(19,715)
Construction on investment property	-	101
Capital expenditures	3,082	4,867
Capitalized leasing fees	1,024	2,345
Capitalized lease incentives	3,273	4,882
Lease incentives amortization	(1,709)	(3,339)
Straight-line lease adjustment	470	(111)
Net changes in fair value of investment properties	-	(4,650)
Balance end of period	1,251,095	1,217,957

On an annual basis, the Trust retains the services of independent external appraisers to evaluate the fair value of a significant portion of its portfolio. In addition, as part of acquisitions, financing, or refinancing transactions, or at the request of lenders, other properties are also independently appraised during the year. Management may also select properties based on its assessment of circumstances that in its view would require an independent external appraisal. These appraisers have appropriate professional qualifications and use recognized valuation techniques, comprising the discounted cash flow, the direct capitalization and comparable methods.

At June 30, 2026, no independent external appraisals were obtained for investment properties (December 31, 2025 - appraisals were obtained for investment properties having a total fair value of \$702,785).

The fair value of the remaining investment properties is determined by management using internally generated valuations based on the discounted cash flow method.

In determining the fair value of investment properties, the Trust has adjusted cash flow assumptions for its estimate of near-term disruptions to cash flows to reflect collections, vacancy and assumptions on new leasing. The Trust undertook a process to assess the appropriateness of the rates considering changes to property level cash flows and any risk premium inherent in such cash flow changes. These considerations are reflected in the fair value adjustments of investment properties.

The fair value of investment properties is based on Level 3 inputs. There have been no transfers during the period between levels. The significant inputs used to determine the fair value of the Trust's investment properties are as follows:

	Industrial	Suburban office	Necessity-based retail
As at June 30, 2026			
Capitalization rate	5.50% - 7.50%	6.00% - 8.25%	5.75% - 7.50%
Terminal capitalization rate	5.75% - 8.00%	6.25% - 8.50%	6.00% - 7.75%
Discount rate	6.25% - 8.75%	6.75% - 9.00%	6.50% - 8.25%
Weighted average capitalization rate	6.23%	6.98%	7.00%
As at December 31, 2025			
Capitalization rate	5.50% - 7.50%	6.00% - 8.50%	5.75% - 7.75%
Terminal capitalization rate	5.75% - 8.00%	6.25% - 8.50%	6.00% - 8.00%
Discount rate	6.25% - 8.75%	6.75% - 9.00%	6.50% - 8.75%
Weighted average capitalization rate	6.18%	6.98%	7.03%

The following table provides a sensitivity analysis of the fair value of investment properties for changes in the weighted average capitalization rate as at June 30, 2026, which is representative of the sensitivity to changes in the discount rate and terminal capitalization rate as at June 30, 2026.

Capitalization rate sensitivity	Fair Value	Change in fair value
Increase (decrease)	\$	\$
(0.50)%	1,353,153	102,058
(0.25)%	1,300,102	49,007
Base rate	1,251,095	-
0.25%	1,205,682	(45,413)
0.50%	1,163,478	(87,617)

(a) Acquisitions

The fair value of the assets and liabilities recognized in the consolidated statement of financial position on the date of the acquisition during the six-month period ended June 30, 2026, were as follows:

Fair value recognized on acquisition						
Acquisition date	Property type	Location	Interest acquired	Investment properties, including acquisition costs	Mortgage loan assumed	Net consideration
			%	\$	\$	\$
March 2026	Industrial	Edmonton, AB	100	31,662	-	31,662
April 2026	Office	Gatineau, QC	50	7,036	4,804	2,232
Total				38,698	4,804	33,894

(b) Dispositions

The fair value of the assets and liabilities derecognized in the consolidated statement of financial position on the date of the disposition were as follows:

Disposal date	Property type	Location	Gross proceeds	Balance of sale	Mortgage reimbursement	Disposition expenses	Net proceeds
				\$	\$	\$	\$
March 2026	Retail	Québec, QC	11,700	-	(9,651)	(216)	1,833
Total			11,700	-	(9,651)	(216)	1,833

(c) Net changes in fair value of investment properties and disposition expenses

	Three-month periods ended June 30,		Six-month periods ended June 30,	
	2026	2025	2026	2025
	\$	\$	\$	\$
Net changes in fair value of investment properties (loss)/gain	-	700	-	700
Disposition expenses	(24)	(266)	(216)	(266)
	(24)	434	(216)	434

The disposition expenses include mainly commissions and debt prepayment penalties on mortgage loans related to the disposed properties.

The following table summarizes the changes in fair value of investment properties by segment for the three-month and six-month periods ended June 30, 2026, and June 30, 2025.

Periods ended June 30 (in thousands of dollars)	Quarter		Cumulative (6 months)	
	2026	2025	2026	2025
	\$	\$	\$	\$
Industrial	-	700	-	700
Suburban office	-	-	-	-
Necessity-based retail	-	-	-	-
Total change in fair value	-	700	-	700

4. Receivables

	As at June 30,	As at December 31,
	2026	2025
	\$	\$
Rents receivable	6,185	4,699
Allowance for expected credit losses	(1,301)	(1,683)
Net rents receivable	4,884	3,016
Unbilled recoveries	974	1,863
Other receivables	291	602
Total	6,149	5,481

Credit risk arises from the possibility that tenants may experience financial difficulty and be unable to fulfill their lease commitments. The Trust mitigates this risk by varying its tenant mix, staggering its lease terms and avoiding dependence on a single tenant for a significant portion of the Trust's operating revenues. Management conducts due diligence on new tenants and if deemed necessary credit assessments for certain new tenants. The Trust analyzes its trade receivables on a regular basis and establishes an allowance for expected credit losses that represents its estimate of lifetime expected credit losses to be incurred in respect of its trade receivables. In assessing the adequacy of the allowance for expected credit losses on tenant receivables, management has considered the likelihood of collection of current receivables.

The Trust's assessment of expected credit losses is inherently subjective due to the forward-looking nature of the assessments. As a result, the value of the expected credit loss is subject to a degree of uncertainty and is made on the basis of assumptions.

Balance of sale

The balance of sale consists of a loan receivable due July 11, 2027, bearing interest at 5% annually for the term. The balance of sale as at June 30, 2026 is \$1,000 (December 31, 2025 - \$1,000).

5. Mortgage Loans Payable

Mortgage loans payable are secured by immovable hypothecs on investment properties having a fair value of approximately \$1,207,698 as at June 30, 2026 (December 31, 2025 - \$1,178,560).

	As at June 30,	As at December 31,
	2026	2025
	\$	\$
Fixed rate mortgage loans payable	553,449	538,918
Floating rate mortgage loans payable	110,203	105,026
Unamortized financing expenses	(2,270)	(2,494)
Mortgage loans payable	661,382	641,450
Short-term portion	142,956 ⁽¹⁾	214,892
Weighted average interest rate	4.44%	4.36%
Weighted average term to maturity (years)	2.15	2.33
Range of annual rates	3.20% - 6.46%	3.10% - 6.80%

(1) For the six-month period remaining

As at June 30, 2026, the mortgage loan scheduled repayments are as follows:

	Scheduled repayments	Principal maturity	Total
	\$	\$	\$
2026 ⁽¹⁾	8,756	134,200	142,956
2027	13,631	140,401	154,032
2028	9,579	84,100	93,679
2029	6,033	142,662	148,695
2030	3,744	36,743	40,487
Thereafter	6,111	77,692	83,803
	47,854	615,798	663,652
Unamortized financing expenses and fair value assumption adjustments			(2,270)
			661,382

(1) For the six-month period remaining

The Trust may enter into floating-for-fixed interest rate swap agreements on floating interest rate mortgages to hedge the variability in cash flows attributed to fluctuating interest rates. The Trust does not apply hedge accounting to such cash flow hedging relationships (see Note 9). The following table presents relevant information on interest rate swap agreements:

Transaction date	Original principal amount	Effective fixed interest rate	Settlement basis	Maturity date	Outstanding amount	
					As at June 30, 2026	As at December 31, 2025
	\$	%			\$	\$
June 2016	13,000	3.46	Quarterly	June 2026	-	9,473
November 2017	23,075	3.99	Monthly	December 2027	17,585	17,962
May 2024	16,860	6.13	Monthly	April 2031	16,251	16,410
June 2024	25,400	6.23	Monthly	June 2029	24,480	24,725
August 2024	23,132	3.98	Monthly	November 2027	20,597	21,032
September 2024	11,000	4.70	Monthly	September 2029	10,391	10,570
Total	112,467				89,304	100,172

6. Convertible Debentures

As at June 30, 2026 and 2025, the Trust had the following subordinated, unsecured, convertible debenture outstanding.

Interest rates								
	Capital	Non-derivative liability component at issuance	Financing expenses at issuance	Coupon	Effective	Unit conversion price	Interest payments	Maturity
				%	%	\$		
Series I	40,250	3,676	2,077	7.25	8.54	4.10	Semi-annual	February 2030
Series I								
\$								
As at June 30, 2026								
Non-derivative liability component upon issuance								36,574
Accretion of non-derivative liability component								854
								37,428
Conversion options exercised by holders								-
								37,428
Unamortized financing expenses								(1,586)
Non-derivative liability component								35,842
Conversion and redemption options liability component at fair value								1,601

Series I

On January 23, 2025, the Trust issued Series I unsecured, subordinated, convertible debentures bearing 7.25% interest payable semi-annually and maturing on February 28, 2030, in the amount of \$40,250. The debentures are convertible at the holder’s option at any time before February 28, 2030, at a conversion price of \$4.10 per unit.

The Series I debentures will not be redeemable before February 28, 2028, except in the case of a change in control. On or after February 28, 2028 and prior to February 28, 2029, under certain conditions, the debentures may be redeemed by the Trust at a redemption price equal to the principal amount plus accrued and unpaid interest, provided that the volume-weighted average trading price of the Units on the Toronto Stock Exchange for the 20 consecutive trading days ending on the fifth trading day preceding the date on which notice of redemption is given is at least 125% of the Conversion Price.

On or after February 28, 2029, and prior to February 28, 2030, under certain conditions, the debentures will be redeemable by the Trust, in whole or in part at any time and for a redemption price equal to the principal amount thereof plus accrued and unpaid interest. The Trust may, under certain conditions, elect to satisfy its obligation to pay the principal amount of the debentures that are to be redeemed or that have matured by issuing a number of units obtained by dividing the principal amount of the debentures by 95% of the current market price on the date of redemption or maturity.

As of June 30, 2026, no conversion options have been exercised by holders of debentures.

7. Bank Loans

The Trust has access to three credit facilities. The first is a revolving credit facility in the amount of \$50,000 with an accordion option of up to an additional \$10,000. This revolving credit facility bears interest at a rate of 1% above the prime rate or 2.25% above the Term CORRA Rate or Daily Compounded CORRA Rate. At June 30, 2026, \$39,651 was due under the revolving credit facility (December 31, 2025, \$31,856).

The revolving credit facility is secured by an immoveable first rank hypothec on two properties having a fair value of \$39,391, by an immoveable second rank hypothec on two properties having a fair value of \$60,666 and by negative pledge of a selection of borrowing base properties having a fair value of \$354,780.

The second facility is a revolving line of credit in the amount of \$7,500. This line of credit bears interest at a rate of 1% above the prime rate. At June 30, 2026, \$4,150 was due under this line of credit (December 31, 2025 – \$2,600). The line of credit is secured by an immoveable second rank hypothec on four properties having a fair value of \$90,860.

The third facility is a revolving line of credit, unsecured in the amount of \$2,000. This line of credit bears interest at a rate of 1% above the prime rate. At June 30, 2026, \$943 was due under the operating line of credit (December 31, 2025 – \$0).

8. Class B LP Units

	Six-month period ended June 30, 2026		Year ended December 31, 2025	
	Units	\$	Units	\$
Units outstanding, beginning of period	697,265	2,852	697,265	2,343
Fair value adjustment	-	(153)	-	509
Units outstanding, end of period	697,265	2,699	697,265	2,852

The Class B LP Units are exchangeable into Trust units on a one-for-one basis at any time at the option of the holder.

The Class B LP Units are entitled to distribution equal to distribution declared on Trust units, on a one-to-one basis. Distributions on Class B LP Units are recognized in the statement of comprehensive income when declared.

	Three-month periods ended June 30		Six-month periods ended June 30,	
	2026	2025	2026	2025
	\$	\$	\$	\$
Distribution to Class B LP unitholders	53	52	105	104
Distribution per Class B LP unit	0.075	0.075	0.150	0.150

9. Fair Value Measurement

The following table show the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. They do not include the fair value of cash and cash equivalents, receivables, trade and other payables and distribution payable to unitholders, which approximated their carrying amount as at June 30, 2026, because of their short-term maturity or because they bear interest at current market rates.

As at June 30, 2026	Carrying amount	Fair value		
		Level 1	Level 2	Level 3
	\$	\$	\$	\$
Measured at fair value				
Conversion and redemption options of convertible debentures (note 6)	1,601	-	-	1,601
Interest rate swap liability	21	-	21	-
Class B LP Units (note 8)	2,699	2,699	-	-
For which fair values are disclosed				
Mortgage loans payable (note 5)	663,652	-	659,945	-
Convertible debentures, including their conversion and redemption features (note 6)	37,443	43,824	-	-
Bank loans (note 7)	44,744	-	44,744	-

The fair value of mortgage loans payable was calculated by discounting cash flows from future payments of principal and interest using the period end market rates for various loans with similar risk and credit profiles. The period end market rates have been estimated by reference to published mortgage rates by major financial institutions for similar maturities.

The carrying amount of the bank loans approximates their fair value due to their short-term maturity.

The fair value of convertible debentures, including their conversion and redemption features, was determined with reference to the last quoted trading price preceding the period end.

The fair value of the Class B LP Units is determined with reference to the market price of the Trust units as at period end.

The fair values of derivative financial instruments, which comprise the conversion and redemption options of convertible debentures and interest rate swaps, are based respectively on the partial differential equation method and the discounted future cash flows method. The assumptions used in the partial differential equation method are estimated by reference to the market price of the Trust units and its volatility and take into account the credit risk of the financial instrument. The assumptions used in the discounted future cash flows method are estimated by reference to the Canadian Overnight Repo Rate Average (“CORRA”) forward rates.

Such fair value estimates are not necessarily indicative of the amounts the Trust might pay or receive in actual market transactions. Potential transaction costs have also not been considered in estimating fair value.

The following table provide a reconciliation of Level 3 fair value measurements on the consolidated statements of financial position:

Conversion and redemption options of convertible debentures (Assets) / Liabilities	
	\$
Six-months period ended June 30, 2026	
Balance beginning of period	3,377
Change for the period recognized in profit or loss under net adjustment to fair value of derivative financial instruments	(1,776)
Balance end of period	1,601

The following table provides a sensitivity analysis for the volatility applied in fair value measurement of the conversion and redemption options of convertible debentures at June 30, 2026:

	Conversion and redemption options of convertible debentures	Volatility
	\$	%
Volatility sensitivity		
Increase (decrease)		
(0.50)%	1,499	16.03
June 30, 2026	1,601	16.53
0.50%	1,703	17.03

As shown in the sensitivity analysis above, the fair value of the conversion and redemption options of convertible debentures is impacted by a change in the volatility used in the valuation model. Generally, an increase in the volatility, other things being equal, will result in an increase in fair value of the conversion and redemption options of convertible debentures and vice-versa.

10. Unit-based Compensation

(a) Deferred unit compensation plan for trustees and certain executive officers

The Trust offers a deferred unit compensation plan for its trustees and certain executive officers. Under this plan, the trustees and certain executive officers may elect to receive as compensation either cash, deferred units, or a combination of both.

The following table presents relevant information on changes in the number of deferred units:

For the six-month periods ended June 30,	2026	2025
	Deferred units	Deferred units
Outstanding, beginning of period	290,806	213,792
Trustees’ compensation	28,633	29,747
Distributions paid in units	11,556	9,990
Outstanding, end of period	330,995	253,529

As at June 30, 2026, the liability related to the plan was \$1,281 (December 31, 2025 - \$1,190). The related figures recorded in the statement of comprehensive income amounted to an expense of \$103 and \$91 for the three and six-month periods ended June 30, 2026 (for the three and six-month periods ended June 30, 2025 – expense of \$121 and \$200).

(b) Employee unit purchase plan

The Trust offers an optional employee unit purchase plan to all its employees. Under this plan, the employees may contribute, each year, pursuant to a maximum of 7% to 10% of their base salary depending on their position occupied within the Trust. For each two units purchased by an employee, the Trust issues one unit from treasury.

As at June 30, 2026, the liability related to the plan was \$0 (December 31, 2025 - \$123). The related expense recorded in the statement of comprehensive income amounted to \$0 and \$9 for the three and six-month periods ended June 30, 2026 (for the three and six-month periods ended June 30, 2025 - expense of \$7 and \$21). The 32,130 units related to 2025 purchases were issued in March 2026 (29,710 units related to 2024 purchases).

(c) Restricted unit compensation plan

The Trust offers a restricted unit compensation plan for all executive officers and key employees. Under this plan, the executive officers and key employees are eligible to receive restricted units.

The following table presents relevant information on changes in the restricted units:

Six-month periods ended June 30,	2026	2025
	Restricted units	Restricted units
Outstanding, beginning of period	504,037	301,249
Granted	266,693	257,284
Cancelled	(47,363)	(8,181)
Settled	(156,004)	(38,890)
Outstanding, end of period	567,363	511,462

As at June 30, 2026, the liability related to the plan was \$977 (December 31, 2025 - \$1,289). The related expense recorded in the statement of comprehensive income amounted to \$182 and \$324 for the three and six-month periods ended June 30, 2026 (for the three and six-month periods ended June 30, 2025 – expense of \$181 and \$284).

(d) Cash settled share-based retirement compensation plan

As at June 30, 2026, the long-term obligation related to the plan was \$811 (December 31, 2025 - \$842). The related revenue recorded in the statement of comprehensive income amounted to \$1 and \$31 for the three and six-month periods ended June 30, 2026 (for the three and six-month periods ended June 30, 2025 – expense of \$51 and \$49).

11. Trust Units Issued and Outstanding

BTB is authorized to issue an unlimited number of trust units. Each trust unit represents a single vote at any meeting of unitholders and entitles the unitholder to receive a pro rata share of all distributions. The unitholders have the right to require BTB to redeem their trust units on demand. Upon receipt of the redemption notice, all rights to and under the trust units tendered for redemption are surrendered and the holder thereof is entitled to receive a price per trust unit (“Redemption Price”), as determined by a market formula. The Redemption Price is to be paid in accordance with the conditions provided for in the Declaration of Trust. BTB trust units are considered liability instruments under IFRS because the trust units are redeemable at the option of the holder, however, they are presented as equity in accordance with IAS 32.

Trust units issued and outstanding are as follows:

Six-month period ended June 30,	2026	
	Units	\$
Trust units outstanding, beginning of period	88,268,679	405,709
Issue pursuant to the employee unit purchase plan (note 10 (b))	32,130	133
Issue pursuant to the restricted unit compensation plan (note 10 (c))	156,004	591
Trust units outstanding, end of period	88,456,813	406,433

(a) Distribution reinvestment plan

BTB offers a distribution reinvestment plan for its trust unitholders. Participation in the plan is optional and under the terms of the plan, the unitholders can elect to have the cash distributions reinvested in additional trust units. The trust units are issued from BTB’s treasury at a price based on the volume-weighted average of the trading prices on the Toronto Stock Exchange for the last five trading days before the distribution date, less a 3% discount. The distribution reinvestment plan was suspended on February 24, 2025.

(b) Distributions

	Three-month periods ended June 30,		Six-month periods ended June 30,	
	2026	2025	2026	2025
	\$	\$	\$	\$
Distribution to unitholders	6,634	6,620	13,256	13,234
Distribution per Trust unit	0.075	0.075	0.150	0.150

(c) Normal course issuer bid (“NCIB”)

As of June 30, 2026, no units have been repurchased for cancellation.

(d) At-the-market equity program (“ATM program”)

On May 14, 2026, the Trust filed a prospectus supplement to its short form base shelf prospectus dated December 19, 2025, to establish an at-the-market equity program (the “ATM Program”), which was approved by the Toronto Stock Exchange (“TSX”) on the same date. The ATM program permits the Trust to issue and sell, from time to time and at the Trust’s discretion, up to \$30.0 million of trust units from treasury to the public. The ATM Program will be effective until the earlier of: (i) the issuance and sale of an aggregate of \$30 million of trust units, which is the limit of the ATM Program; (ii) the receipt for the Base Shelf Prospectus ceasing to be effective in accordance with applicable securities laws which per the Trust’s short form base shelf prospectus which would be on January 19, 2027; and (iii) the termination of the Equity Distribution Agreement dated May 14, 2026 in accordance with its terms. As of June 30, 2026, no units have been issued.

12. Rental Revenues

	Three-month periods ended June 30,		Six-month periods ended June 30,	
	2026	2025	2026	2025
	\$	\$	\$	\$
Base rent and other lease generated revenues	20,142	20,012	39,560	40,195
Lease cancellation fees	2	-	2	981
Property tax and insurance recoveries	6,525	6,835	13,070	13,630
	26,669	26,847	52,632	54,806
Operating expenses recoveries and other revenues	6,049	6,002	12,440	12,870
Lease incentive amortization	(860)	(836)	(1,709)	(1,633)
Straight-line lease adjustment	16	(1,500)	470	(1,119)
	31,874	30,513	63,833	64,924

13. Net Financial Expenses

	Three-month periods ended June 30,		Six-month periods ended June 30,	
	2026	2025	2026	2025
	\$	\$	\$	\$
Interest on mortgage loans payable	7,109	7,289	14,303	14,590
Interest on convertible debentures	729	728	1,456	1,482
Interest on bank loans	516	439	1,002	914
Interest on lease liabilities	111	109	223	217
Other interest expense	10	13	16	31
Accretion of non-derivative liability component of convertible debentures	167	145	320	583
Accretion of effective interest on mortgage loans payable and convertible debentures	490	367	921	947
Distributions - Class B LP Units	53	52	105	104
Fair value adjustment - Class B LP Units	49	167	(153)	195
Net adjustment to fair value of derivative financial instruments	(1,349)	(176)	(2,526)	692
	7,885	9,133	15,667	19,755

14. Expenses by Nature

	Three-month periods ended June 30,		Six-month periods ended June 30,	
	2026	2025	2026	2025
	\$	\$	\$	\$
Depreciation	16	17	35	35
Employee compensation and benefits expense	2,808	2,654	5,631	5,394

15. Earnings per Unit

BTB’s trust units being puttable financial instruments presented as equity in accordance with IAS 32, the Trust is not required to report a profit or loss per trust unit figure on its consolidated statements of comprehensive income. However, for disclosure purposes only, the Trust has determined basic earnings per unit using the same basis that would apply in accordance with IAS 33, Earnings per Share.

Net earnings per unit are calculated based on the weighted average number of trust units outstanding as follows:

	Three-month periods ended June 30,		Six-month periods ended June 30,	
	2026	2025	2026	2025
	\$	\$	\$	\$
Net income	8,769	6,194	17,130	13,802
Weighted average number of trust units outstanding – basic ⁽¹⁾	89,075,783	88,946,175	89,049,952	88,843,659
Earnings per unit – basic	0.10	0.07	0.19	0.16

(1) Class B LP Units included

16. Liquidity Risk Management

Liquidity risk is the risk that the Trust will not be able to meet its financial obligations as they come due. Liquidity risk is managed by:

- maximizing cash flows from operations;
- adopting an investment property acquisition and improvement program that takes into account available liquidity;
- using credit facilities;
- staggering mortgage loan maturities;
- maximizing the value of investment properties, thus increasing mortgage financing on renewal of loans; and
- issuing debt securities or BTB’s units on the financial markets.

Management believes that the Trust will be able to obtain the financing required to make the payments coming due in the next year. However, there is a risk that changes affecting market conditions and access to financing may invalidate this assumption.

Some mortgage loans include subjective and restrictive covenant clauses under which the Trust must comply with financial conditions and ratios. As at June 30, 2026, the Trust was in compliance with all the covenants to which it was subject.

17. Operating Segments

For investment properties, discrete financial information is provided to the Chief Executive Officer and Chief Financial Officer on an aggregated investment property basis. The information provided is net rentals (including gross rent and property expenses) and fair value of investment properties. The individual investment properties are aggregated into segments with similar economic characteristics. The Chief Executive Officer and Chief Financial Officer consider that this is best achieved by aggregating into necessity-based retail, suburban office and industrial.

Consequently, the Trust is considered to have three operating segments, as follows:

- Industrial
- Suburban office
- Necessity-based retail

	Industrial	Suburban office	Necessity-based retail	Total
	\$	\$	\$	\$
Three-month period ended June 30, 2026				
Investment properties	474,746	513,842	262,507	1,251,095
Rental revenue from properties	8,605	15,441	7,828	31,874
Net operating income	5,921	8,146	4,857	18,924
Three-month period ended June 30, 2025				
Investment properties	447,689	514,087	269,006	1,230,782
Rental revenue from properties	6,151	16,287	8,075	30,513
Net operating income	3,659	8,709	4,761	17,129

	Industrial	Suburban office	Necessity-based retail	Total
	\$	\$	\$	\$
Six-month period ended June 30, 2026				
Rental revenue from properties	16,802	31,040	15,991	63,833
Net operating income	11,404	15,683	9,615	36,702
Six-month period ended June 30, 2025				
Rental revenue from properties	14,543	34,298	16,083	64,924
Net operating income	9,529	18,059	9,362	36,950

18. Commitments and Contingencies

Litigation

The Trust is involved in litigation and claims which arise from time to time in the normal course of business. These litigation and claims are generally covered by insurance. In the opinion of management, any liability that may arise from such contingencies will not have a significant adverse effect on the Trust's consolidated financial statements.

19. Subsequent Events

On August 4, 2026, the Trust completed the sale of two office properties located at 505 Des Forges Street & 1500 Royale Street, in Trois-Rivières, Quebec, for a total consideration of \$20 million, excluding transaction fees and adjustments.
